~~(1)~~*(a)* ~~The~~ *the* former prosecution resulted in an acquittal. There is an acquittal whenever the prosecution results in a finding of not guilty by the trier of fact or in a determination that there is insufficient evidence to warrant a conviction. A finding of guilty of a lesser included offense ~~than the offense charged which~~ *that* is subsequently set aside is an acquittal of the greater ~~inclusive~~ offense that was charged.

~~(2)~~*(b)* ~~The~~ *the* former prosecution ~~was terminated, after a complaint had been filed on a misdemeanor charge or after an information had been filed or an indictment found on a felony charge, by a final order of judgment for the defendant which~~ *resulted in a conviction that* has not been set aside, reversed, or vacated*;* ~~and which necessarily required a determination inconsistent with a fact or a legal proposition that must be established for conviction of the offense.~~

~~(4) The former prosecution was improperly terminated. Except as provided in this subsection (4), there is an improper termination of a prosecution whenever the termination is~~

(c) after a charge had been filed, the prosecution was terminated by a final order or judgment for the defendant that has not been set aside, reversed, or vacated; or

(d) the former prosecution was terminated for reasons not amounting to an acquittal and takes place*:*

(i) in a jury trial, after the first witness is sworn but before *a* verdict~~,~~ *is returned; or*

(ii) in a nonjury trial, after the first witness is sworn but before a judgment as to guilt or innocence is reached.

(a) ~~The~~ *the* defendant consents to the termination or waives his right to object to the termination~~.~~*; or*

(b) ~~The~~ *the* trial court~~, in the exercise of its discretion,~~ finds that the termination is necessary because:

(i) it is physically impossible to proceed with the trial in conformity with law;

(ii) there is a legal defect in the proceedings ~~which~~ *that* would make any judgment entered upon a verdict reversible as a matter of law;

(iii) prejudicial conduct ~~in or outside the courtroom~~ makes it impossible to proceed with the trial without manifest injustice to either the defendant or the state;

(iv) the jury is unable to agree upon a verdict; or

(v) false statements of a juror on voir dire prevent a fair trial."

Section 122. Section 46-11-504, MCA, is amended to read:

"**46-11-504. Former prosecution in another jurisdiction ~~— when a bar~~.** When conduct constitutes an offense within the concurrent jurisdiction of this state and of the United States or another state or of two courts of separate, overlapping, or concurrent jurisdiction in this state, a prosecution in any ~~such~~ other jurisdiction is a bar to a subsequent prosecution in this state under the ~~following~~ *same* circumstances *barring further prosecution in this state if*:

(2) ~~The~~ *the* former prosecution was terminated, after the ~~complaint~~ *charge* had been filed ~~on a misdemeanor charge or after the information had been filed or the indictment found on a felony charge~~, by an acquittal or by a final order or judgment for the defendant ~~which~~ *that* has not been set

aside, reversed, or vacated~~;~~ and the acquittal, final order, or judgment necessarily required a determination inconsistent with a fact ~~which~~ *that* must be established for conviction of the offense for which the defendant is subsequently prosecuted."

Section 123. Section 46-11-505, MCA, is amended to read:

"**46-11-505.** ~~**When former**~~ ***Former*** **prosecution not a bar.** A prosecution is not a bar ~~within the meaning of 46-11-503 and 46-11-504 under any one or more of the following circumstances~~ *if*:

(1) ~~The~~ *the* former prosecution was before a court ~~which~~ *that* lacked jurisdiction over the defendant or the offense~~.~~*; or*

(2) ~~The former prosecution was procured by the defendant without the knowledge of the proper prosecuting officer or with the purpose of avoiding the sentence which might otherwise be imposed.~~

~~(3) The~~ *the* former prosecution resulted in a judgment of conviction ~~which~~ *that* was held invalid in a postconviction hearing."

Section 124. **Pretrial proceedings — exclusion of public and sealing of records.** (1) Except as provided in this section, pretrial proceedings and records of those proceedings are open to the public. If, at the pretrial proceedings, testimony or evidence is presented that is likely to threaten the fairness of a trial, the presiding officer shall advise those present of the danger and shall seek the voluntary cooperation of the news media in delaying dissemination of potentially prejudicial information until the impaneling of the jury or until an earlier time consistent with the administration of justice.

(2) The defendant may move that all or part of the proceeding be closed to the public, or with the consent of the defendant, the judge may take action on the judge's own motion.

(3) The judge may close a preliminary hearing, bail hearing, or any other pretrial proceeding, including a motion to suppress, and may seal the record only if:

(a) the dissemination of information from the pretrial proceeding and its record would create a clear and present danger to the fairness of the trial; and

(b) the prejudicial effect of the information on trial fairness cannot be avoided by any reasonable alternative means.

(4) Whenever all or part of any pretrial proceeding is held in chambers or otherwise closed to the public under this section, a complete record must be kept and made available to the public following the completion of the trial or earlier if consistent with trial fairness.

(5) When the judge determines that all or part of a document filed in support of a charge or warrant would present a clear and present danger to the defendant's right to a fair trial, the document or portion of the document

must be sealed until the trial is completed unless the document or portion of the document must be used for trial fairness.

(6) An affidavit filed in support of a motion for leave to file a charge or warrant must be sealed unless the judge determines that disclosure of the information in the affidavit is required to protect the health, safety, or welfare of the public.

Section 125. **Misdemeanor offenses.** In all cases in which the defendant is charged with a misdemeanor offense, the defendant may appear by counsel only, although the court may require the personal attendance of the defendant at any time.

Section 126. **Felony offenses.** (1) Except as otherwise provided in Title 46, the defendant in all cases in which a felony is charged must be present at the initial appearance, arraignment, entry of plea, preliminary examination, trial, and sentencing or when otherwise required by the court.

(2) The defendant may be present at all other proceedings.

(3) The presence of the defendant is not required before the supreme court.

Section 127. **Absence of defendant from trial.** (1) In a misdemeanor case, if the defendant fails to appear in person, either at the time set for the trial or at any time during the course of the trial and if the defendant's counsel is authorized to act on the defendant's behalf, the court shall proceed with the trial unless good cause for continuance exists.

(2) If the defendant's counsel is not authorized to act on the defendant's behalf as provided in subsection (1) or if the defendant is not represented by counsel, the court, in its discretion, may do one or more of the following:

(a) order a continuance;

(b) order bail forfeited;

(c) issue a bench warrant; or

(d) proceed with the trial after finding that the defendant had knowledge of the trial date and is voluntarily absent.

(3) After the trial of a felony offense has commenced in the defendant's presence, the absence of the defendant during the trial may not prevent the trial from continuing up to and including the return of a verdict if the defendant:

(a) has been removed from the courtroom for disruptive behavior after receiving a warning that removal will result if the defendant persists in conduct that is so disruptive that the trial cannot be carried on with the defendant in the courtroom; or

(b) is voluntarily absent and the offense is not one that is punishable by death.

(4) Nothing in this section limits the right of the court to order the defendant to be personally present at the trial for purposes of identification unless defense counsel stipulates to the issue of identity.

Section 128. **Absence of defendant on receiving verdict or at sentencing.** (1) In all misdemeanor cases, the verdict may be returned and the sentence imposed without the defendant being present.

(2) In all felony cases, the defendant shall appear in person when the verdict is returned or the sentence is imposed unless, after the exercise of due diligence to procure the defendant's presence, the court finds that it is in the interest of justice that the verdict be returned and the sentence be pronounced in the defendant's absence.

Section 129. **Pretrial diversion.** (1) The prosecutor and a defendant who has counsel or who has voluntarily waived counsel may agree to the deferral of a prosecution for a specified period of time based on one or more of the following conditions:

(a) that the defendant may not commit any offense;

(b) that the defendant may not engage in specified activities, conduct, and associations bearing a relationship to the conduct upon which the charge against the defendant is based;

(c) that the defendant shall participate in a supervised rehabilitation program, which may include treatment, counseling, training, or education;

(d) that the defendant shall make restitution in a specified manner for harm or loss caused by the offense; or

(e) any other reasonable conditions.

(2) The agreement must be in writing, must be signed by the parties, and must state that the defendant waives the right to speedy trial for the period of deferral. The agreement may include stipulations concerning the admissibility of evidence, specified testimony, or dispositions if the deferral of the prosecution is terminated and there is a trial on the charge.

(3) The prosecution must be deferred for the period specified in the agreement unless there has been a violation of its terms.

(4) The agreement must be terminated and the prosecution automatically dismissed with prejudice upon expiration and compliance with the terms of the agreement.

"**46-12-102. (3) ~~(a) A plea bargain agreement is an agreement between a defendant and a prosecutor that in exchange for a particular plea the prosecutor will recommend to the court a particular sentence. A judge may not participate in the making of, and is not bound by, a plea bargain agreement. ~~(b) Before a judge accepts a plea of guilty, he must advise the defendant:~~

~~(i) of all the provisions of subsection (3)(a);~~

~~(ii) of the punishment as set forth by statute for the crime charged;~~

(3) If the court accepts a plea agreement, the court shall inform the defendant that it will embody in the judgment and sentence the disposition provided for in the plea agreement.

(4) If the court rejects the plea agreement, the court shall, on the record, inform the parties of this fact and advise the defendant that the court is not bound by the plea agreement, afford the defendant an opportunity to withdraw the plea, and advise the defendant that if the defendant persists in the guilty plea, the disposition of the case may be less favorable to the defendant than that contemplated by the plea agreement.

(2) A defendant who is unwilling to admit to any element of the offense that would provide a factual basis for a plea of guilty may, with the consent of the court, enter a plea of guilty to the offense if the defendant considers the plea to be in the defendant's best interest and if a factual basis exists for the plea.

Otherwise, except on good cause shown, he shall not introduce in his case in chief expert testimony in support of that defense.~~

~~(2)~~ When the defendant is found not guilty of the charged offense or offenses or any lesser included offense for the reason that due to a mental disease or defect ~~he~~ *the defendant* ~~could~~ *did* not have a particular state of mind that is an essential element of the offense charged, the verdict and the judgment ~~shall so~~ *must* state *that reason.*"

Section 158. Section 46-14-401, MCA, is amended to read:

"**46-14-401. It is admissible on the issue of ~~his~~ *the person's* mental condition, whether or not it would otherwise be considered a privileged communication, ~~unless it constitutes an admission of guilt of the crime~~ *only when and after the defendant presents evidence that due to a mental disease or defect the defendant did not have a particular state of mind that is an element of the offense* charged. ~~In a hearing held~~

~~under 46-14-311, the court may hear and consider any such statement even if it constitutes an admission of guilt.~~"

Section 159. Section 46-14-221, MCA, is amended to read:

"**46-14-221. Determination of fitness to proceed — effect of finding of unfitness — expenses.** (1) The issue of the defendant's fitness to proceed may be raised by *the court,* the defendant or ~~his~~ *the defendant's* counsel, or by the ~~county attorney~~ *prosecutor.* When the issue is raised, it ~~shall~~ *must* be determined by the court. If neither the ~~county attorney~~ *prosecutor* nor counsel for the defendant contests the finding of the report filed under 46-14-203, the court may make the determination on the basis of the report. If the finding is contested, the court shall hold a hearing on the issue. If the report is received in evidence upon the hearing, the parties have the right to ~~summon~~ *subpoena* and cross-examine the psychiatrists or licensed clinical psychologists who joined in the report and to offer evidence upon the issue.

(2) If the court determines that the defendant lacks fitness to proceed, the proceeding against ~~him shall~~ *the defendant must* be suspended, except as provided in subsection (4) ~~of this section~~, and the court shall commit ~~him~~ *the defendant* to the custody of the director of the department of institutions to be placed in an appropriate institution of the department of institutions for so long as the unfitness endures. The committing court shall, within 90 days of commitment, review the defendant's fitness to proceed. If the court finds that ~~he~~ *the defendant* is still unfit to proceed and that it does not appear that ~~he~~ *the defendant* will become fit to proceed within the reasonably foreseeable future, the proceeding against ~~him shall~~ *the defendant must* be dismissed, except as provided in subsection (4) ~~of this section~~, and the ~~county attorney~~ *prosecutor* shall petition the court in the manner provided in chapter 20 or 21 of Title 53, whichever is appropriate, to determine the disposition of the defendant pursuant to those provisions.

(3) If the court determines that the defendant lacks fitness to proceed because ~~he~~ *the defendant* is developmentally disabled as provided in 53-20-102(4), the proceeding against ~~him shall~~ *the defendant must* be dismissed and the ~~county attorney~~ *prosecutor* shall petition the court in the manner provided in chapter 20 of Title 53.

(4) The fact that the defendant is unfit to proceed does not preclude any legal objection to the prosecution ~~which~~ *that* is susceptible to fair determination prior to trial and without the personal participation of the defendant.

(5) The expenses of sending the defendant to the custody of the director of the department of institutions to be placed in an appropriate institution of the ~~state~~ department of institutions, of keeping ~~him~~ *the defendant* there, and of bringing ~~him~~ *the defendant* back are chargeable to the state and payable according to procedures established under 3-5-902(1)."

Section 160. Section 46-14-222, MCA, is amended to read:

"**46-14-222. Proceedings if fitness regained.** When the court, on its own motion or upon the application of the director of the department of institutions, the ~~county attorney~~ *prosecution*, or the defendant or ~~his~~ *the defendant's* legal representative, determines, after a hearing if a hearing is requested, that the defendant has regained fitness to proceed, the proceeding ~~shall~~ *must* be resumed. If, however, the court is of the view that so much time has elapsed since the commitment of the defendant that it would be unjust to resume the criminal proceedings, the court may dismiss the charge and may order the defendant to be discharged or, subject to the law governing the civil commitment of persons suffering from serious mental illness, order the defendant committed to an appropriate institution of the department of institutions."

Section 161. Section 46-14-301, MCA, is amended to read:

"**46-14-301. Commitment upon finding of not guilty by reason of lack of mental state — hearing to determine release or discharge.** (1) When a defendant is found not guilty for the reason that due to a mental disease or defect ~~he~~ *the defendant* could not have a particular state of mind that is an essential element of the offense charged, the court shall order a predisposition investigation in accordance with 46-18-112 and 46-18-113, which must include an investigation of the present mental condition of the defendant. If the trial was by jury, the court shall hold a hearing to determine the appropriate disposition of the defendant. If the trial was by the court, the court may hold a hearing to obtain any additional testimony it considers necessary to determine the appropriate disposition of the defendant. In either case, the testimony and evidence presented at the trial ~~shall~~ *must* be considered by the court in making its determination.

(2) The court, upon finding that the defendant may not be discharged or released without danger to others, shall order the defendant committed to the custody of the superintendent of the Montana state hospital to be placed in an appropriate institution for custody, care, and treatment.

(3) A person committed to the custody of the superintendent shall have a hearing within 180 days of ~~his~~ confinement to determine ~~his~~ *the person's* present mental condition and whether ~~he~~ *the person* may be discharged or released without danger to others. The hearing ~~shall~~ *must* be conducted by the court ~~which~~ *that* ordered the commitment unless that court transfers jurisdiction to the third judicial district. The court shall cause notice of the hearing to be served upon the person, ~~his~~ *the person's* counsel, and the ~~prosecuting attorney~~ *prosecutor*. ~~Such a~~ *The* hearing ~~shall be deemed~~ *is* a civil proceeding, and the burden ~~shall be~~ *is* upon the defendant to prove by a preponderance of the evidence that ~~he~~ *the defendant* may be safely released.

(4) According to the determination of the court upon the hearing, the defendant ~~shall~~ *must* be discharged or released on ~~such~~ conditions ~~as~~ the court determines to be necessary or ~~shall~~ *must* be committed to the custody of the superintendent of the Montana state hospital to be placed in an appropriate institution for custody, care, and treatment."

Section 162. Section 46-14-302, MCA, is amended to read:

"**46-14-302. Discharge or release upon motion of superintendent.** (1) If the superintendent of the Montana state hospital believes that a person committed to ~~his~~ *the superintendent's* custody under 46-14-301 may be discharged or released on condition without danger to ~~himself~~ *the person* or others, ~~he~~ *the superintendent* shall make application for the discharge or release of the person in a report to the court by which the person was committed and shall send a copy of the application and report to the ~~county attorney~~ *prosecutor* of the county from which the defendant was committed.

(2) The court shall then appoint at least two persons who are *either* qualified psychiatrists or licensed clinical psychologists to examine the person and to report their opinion as to ~~his~~ *the person's* mental condition within 60 days or a longer period ~~which~~ *that* the court determines to be necessary for the purpose. To facilitate the examinations and the proceedings ~~thereon~~ *on the examinations,* the court may have the person confined in any institution located near the place where the court sits ~~which~~ *that* may ~~hereafter~~ be designated by the superintendent of the Montana state hospital as suitable for the temporary detention of irresponsible persons.

(3) If the court is satisfied by the report filed under subsection (1) ~~of this section~~ and the testimony of the reporting ~~psychiatrists~~ *psychiatrist* or licensed clinical ~~psychologists~~ *psychologist* ~~which the court considers necessary~~ that the committed person may be discharged or released on condition without danger to ~~himself~~ *the person* or others, the court shall order ~~his~~ *the person's* discharge or ~~his~~ release on conditions ~~which~~ *that* the court determines to be necessary.

(4) If the court is not satisfied, it shall promptly order a hearing to determine whether the person may safely be discharged or released. A hearing is considered a civil proceeding, and the burden is upon the committed person to prove by a preponderance of the evidence that ~~he~~ *the person* may safely be discharged or released. According to the determination of the court upon the hearing, the committed person ~~shall~~ *must* then be discharged or released on conditions ~~which~~ *that* the court determines to be necessary or ~~shall~~ *must* be recommitted to the custody of the superintendent of the Montana state hospital, subject to discharge or release only in accordance with the procedures ~~prescribed~~ *provided* in this section and 46-14-303."

Section 163. Section 46-14-303, MCA, is amended to read:

"**46-14-303. Application for discharge or release by committed person.** A committed person may make application for ~~his~~ discharge or release to the court by which ~~he~~ *the person* was committed, and the procedure to be followed upon the application is the same as that prescribed ~~above~~ *in 46-14-302* in the case of an application by the superintendent of the Montana state hospital. However, an application by a committed person need not be considered until ~~he~~ *the person* has been confined for a period of not less than 6 months from the date of the order of commitment, and if the determination of the court is adverse to the application, the person ~~shall~~ *may* not be permitted to file a further application until 1 year has elapsed from the date of any preceding hearing on an application for ~~his~~ *the person's* release or discharge."

Section 164. Section 46-14-304, MCA, is amended to read:

"**46-14-304. Recommitment after conditional release.** If within 5 years after the conditional release of a committed person the court determines after hearing evidence that the conditions of release have not been fulfilled and that for the safety of the person or for the safety of others ~~his~~ *the person's* conditional release should be revoked, the court shall immediately order ~~him~~ *the person* to be recommitted to the *custody of the* superintendent of the Montana state hospital, subject to discharge or release only in accordance with the procedures ~~prescribed~~ *provided* in 46-14-302 and 46-14-303."

Section 165. Section 46-14-311, MCA, is amended to read:

"**46-14-311. Consideration of mental disease or defect in sentencing.** Whenever a defendant is convicted on a verdict or a plea of guilty and ~~he~~ claims that at the time of the commission of the offense of which ~~he was~~ convicted ~~he~~ *the defendant* was suffering from a mental disease or defect ~~which~~ *that* rendered ~~him~~ *the defendant* unable to appreciate the criminality of ~~his conduct~~ *the defendant's behavior* or to conform ~~his conduct~~ *the defendant's behavior* to the requirements of law, the sentencing court shall consider any relevant evidence presented at the trial and shall require ~~such~~ additional evidence as it considers necessary for the determination of the issue, including examination of the defendant and a report ~~thereof~~ *of the examination* as provided in 46-14-202 and 46-14-203."

Section 166. Section 46-14-312, MCA, is amended to read:

"**46-14-312. Sentence to be imposed.** (1) If the court finds that the defendant at the time of the commission of the offense of which ~~he~~ *the defendant* was convicted did not suffer from a mental disease or defect as described in 46-14-311, ~~it~~ *the court* shall sentence ~~him~~ *the defendant* as provided in Title 46, chapter 18.

(2) If the court finds that the defendant at the time of the commission of the offense suffered from a mental disease or defect as described in 46-14-311, any mandatory minimum sentence prescribed by law for the offense need not apply and the court shall sentence ~~him~~ *the defendant* to be committed to the custody of the director of the department of institutions to be placed in an appropriate institution for custody, care, and treatment for a definite period of time not to exceed the maximum term of imprisonment that could be imposed under subsection (1). The authority of the court with regard to sentencing is the same as authorized in Title 46, chapter 18, ~~provided~~ *if* the treatment of the individual and the protection of the public are provided for.

(3) Either the director or a defendant whose sentence has been imposed under subsection (2) may petition the sentencing court for review of the sentence if the professional person certifies that:

(a) the defendant no longer suffers from a mental disease or defect;

(b) the defendant's mental disease or defect no longer renders him unable to appreciate the criminality of his conduct or to conform his conduct to the requirements of law; or

(c) the defendant suffers from a mental disease or defect that makes him a danger to himself or others, but either there is no treatment available for his mental disease or defect or he refuses to cooperate with treatment.

(4) The sentencing court may make any order not inconsistent with its original sentencing authority except that the length of confinement or supervision must be equal to that of the original sentence. The professional person shall review the defendant's status each year."

Section 167. Section 46-14-313, MCA, is amended to read:

"**46-14-313. Discharge of defendant from supervision.** At the expiration of the period of commitment or period of treatment specified by the court under 46-14-312~~(2)~~, the defendant must be discharged from custody and further supervision, subject only to the law regarding the civil commitment of persons suffering from serious mental illness."

(2) Failure of a party to raise defenses or objections or to make requests that must be made prior to trial, at the time set by the court, constitutes a waiver of the defense, objection, or request.

(3) The court, for cause shown, may grant relief from any waiver provided by this section. Lack of jurisdiction or the failure of a charging document to state an offense is a nonwaivable defect and must be noticed by the court at any time during the pendency of a proceeding.

(4) Unless the court provides otherwise, all pretrial motions must be in writing and must be supported by a statement of the relevant facts upon which the motion is being made. The motion ~~shall~~ *must* state with particularity the grounds ~~therefor~~ *for the motion* and the order or relief sought."

"**46-13-104.** ~~**Time of hearing motion**~~ ***Ruling on motions.*** *(1)* A motion *made* before trial ~~raising defenses or objections shall~~ *must* be determined before trial unless the court, *for good cause,* orders ~~that~~ it ~~be~~ deferred for determination at the trial of the general issue *or until after the verdict, but a determination may not be deferred if a party's right to appeal is adversely affected.*

(2) Except where mandated by Title 46, the court has discretion to conduct a hearing on the merits of a motion.

(3) The court's final determination of any pretrial motion must state, either in writing or on the record, the court's findings of fact and conclusions of law."

be scheduled for briefing and further hearing as the court considers necessary.

Section 171. Section 46-18-503, MCA, is amended to read:

"**46-18-503.** ~~**Procedural requirements if sentence to be imposed**~~ ***Notice by prosecutor seeking persistent felony offender status.*** (1) ~~If~~ *Except for good cause shown, if* the ~~state~~ *prosecution* seeks treatment of the accused as a persistent felony offender ~~under 46-18-502~~, notice of that fact must be given ~~in writing to the accused or his attorney before the entry of a plea of guilty by the accused or before the case is called for trial upon a plea of not guilty~~ *at or before the omnibus hearing pursuant to 46-13-101.*

(2) The ~~county attorney must state the case~~ *prosecutor may make an opening statement* and *shall* offer evidence in support of the prosecution. The defendant may make ~~his~~ *an* opening statement prior to the ~~state's~~ *prosecutor's* offer of evidence or *at the close of the prosecution's case but prior to the defendant's* ~~may state his defense and then~~ offer *of* evidence ~~in support thereof after the state rests~~.

(3) The ~~parties~~ *prosecutor and the defendant* may, ~~then~~ respectively, offer rebutting testimony only. ~~unless~~ *However,* the court, for good cause, ~~permits them~~ *may permit either party* to offer evidence upon ~~their~~ *the* original case *at any time before the close of evidence.*

~~(b) The instructions shall be settled by the court without the presence of the jury. At the settlement counsel for the parties or the defendant, if he is without counsel, shall be allowed reasonable opportunity to examine the instructions requested and proposed to be given by the court and to present and argue to the court objections to the adoption or rejection of any instruction offered by counsel or proposed to be given to the jury by the court. On such settlement of instructions, the respective counsel or the parties shall specify and state the particular ground on which an instruction is objected to. ~~(c) The court shall pass upon the objections to the instructions and shall either give each instruction as requested or proposed, positively refuse to do so, or give the instruction with modification. The court shall mark or endorse upon each instruction in such a manner that it shall distinctly appear what instructions were given in whole or in part and, in like manner, those refused or modified and, if modified, wherein and how modified. ~~(5) When the instructions have been passed upon and settled by the court and before the arguments to the jury have begun, the court shall charge the jury in writing, giving in such charge only such instructions as have been passed upon and settled. In charging the jury, the court shall give them all matters of law which it thinks necessary for the jury's information in rendering a verdict.~~

~~(6) When the jury has been charged, unless the case is submitted to the jury on either side or on both sides without argument, the county attorney must commence and may conclude the argument. If several defendants having several defenses appear by different counsel, the court must determine their relative order in evidence and argument. Counsel, in arguing the case to the judge or jury, may argue and comment upon the law of the case as given in the instructions of the court, as well as upon the evidence of the case.~~ *Prior to final arguments, the court shall inform the parties as to the instructions that will be given and read them to the jury.*

(5) A written copy of the instructions, both general and special, must be delivered to the jury for its consideration during deliberations following the final arguments."

Section 221. **Sentencing hearing.** Before imposing sentence or making any other disposition upon acceptance of a plea or upon a verdict or finding of guilty, the court shall conduct a sentencing hearing, without unreasonable delay, as follows:

(1) The court shall afford the parties an opportunity to be heard on any matter relevant to the disposition, including the applicability of sentencing enhancement provisions, mandatory minimum sentences, persistent felony offender status, or an exception to these matters.

(2) If there is a possibility of imposing the death penalty, the court shall hold a hearing as provided by 46-18-301.

(3) Except as provided in [sections 125 through 129], the court shall address the defendant personally to ascertain whether the defendant wishes to make a statement and to present any information in mitigation of punishment or reason why the defendant should not be sentenced. If the defendant wishes to make a statement, the court shall afford the defendant a reasonable opportunity to do so.

(4) The court shall impose sentence or make any other disposition authorized by law.

"**46-18-203. Revocation of suspended or deferred sentence.** (1) ~~A judge, magistrate, or justice of the peace who has suspended the execution of a sentence or deferred the imposition of a sentence of imprisonment under 46-18-201 or his successor is authorized in his discretion to revoke the suspension or impose sentence and order the person committed. He may also, in his discretion, order the prisoner placed under the jurisdiction of the department of institutions as provided by law or retain such jurisdiction with his court.~~ *Upon the filing of a petition for revocation, accompanied by an affidavit showing probable cause that the defendant has violated any* *condition of a sentence or any condition of a deferred imposition of sentence, the court may issue an order for a hearing on revocation. The order must require the defendant to appear at a specified time and place for the hearing and be served by delivering a copy of the petition and order to the defendant personally. The court may also issue an arrest warrant directing any peace officer or a probation officer to arrest the defendant and bring the defendant before the court.*

(2) ~~A~~ *The* petition ~~seeking~~ *for a* revocation ~~of a suspended sentence or imposition of a sentence previously deferred~~ must be filed with the sentencing court during the period of suspension or deferral. Expiration of the period of suspension or deferral after the petition is filed does not deprive the court of *its* jurisdiction to rule on the petition.

(3) ~~Prior to the revocation of an order suspending or deferring the imposition of sentence, the person affected shall be given a hearing.~~ *The provisions pertaining to bail, as set forth in [sections 72, 73, 76, 77], and Title 46, chapter 9, are applicable to persons arrested pursuant to this section.*

(a) the defendant admits the allegations and waives the right to a hearing; or

(b) the relief to be granted is favorable to the defendant, and the prosecutor, after having been given notice of the proposed relief and a reasonable opportunity to object, has not objected. An extension of the term of probation is not favorable to the defendant for the purposes of this subsection (b).

(6) At the hearing, the prosecution shall prove, by a preponderance of the evidence, that there has been a violation of the terms and conditions of the suspended or deferred sentence. However, when a failure to pay restitution is the basis for the petition, the defendant may excuse the violation by showing sufficient evidence that the failure to pay restitution was not attributable to a failure on the defendant's part to make a good faith effort to obtain sufficient means to make the restitution payments as ordered.

(7) If the court finds that the defendant has violated the terms and conditions of the suspended or deferred sentence, the court may:

(a) continue the suspended or deferred sentence without a change in conditions;

(b) continue the suspended sentence with modified or additional terms and conditions;

(c) revoke the suspension of sentence and require the defendant to serve either the sentence imposed or any lesser sentence; or

(d) if the sentence was deferred, impose any sentence that might have been originally imposed.

(8) If the court finds that the prosecution has not proved, by a preponderance of the evidence, that there has been a violation of the terms and conditions of the suspended or deferred sentence, the petition must be dismissed and the defendant, if in custody, immediately released."

Section 225. Section 46-21-101, MCA, is amended to read:

"**46-21-101. ~~Circumstances in which~~ *When* validity of sentence may be challenged.** *(1)* A person adjudged guilty of an offense in a court of record who has no adequate remedy of appeal and who claims that *a* sentence was imposed in violation of the constitution or the laws of this state or the constitution of the United States, that the court was without jurisdiction to impose the sentence, that a suspended or deferred sentence was improperly revoked, or that the sentence was in excess of the maximum authorized by law or is otherwise subject to collateral attack upon any ground of alleged error available under a writ of habeas corpus, writ of coram nobis, or other common law or statutory remedy may petition the court ~~which~~ *that* imposed the sentence or the supreme court to vacate, set aside, or correct the sentence or revocation order.

(2) If the sentence was imposed by a justice's, municipal, or city court, the petition must be filed with the district court in the county where the lower court is located.

(3) If the person is in custody, the person may elect to file the petition directly with the supreme court."

Section 229. Section 46-21-105, MCA, is amended to read:

"**46-21-105. ~~What~~ *Waiver of* grounds for relief ~~waived if not raised~~.** *(1)* All grounds for relief claimed by a petitioner under ~~this chapter~~ *46-21-101* must be raised in ~~his~~ *the* original or amended petition. ~~Any~~ *Those* grounds *for relief* not ~~so~~ raised are waived unless the court on hearing a subsequent petition finds grounds for relief ~~asserted therein which~~ *that* could not reasonably have been raised in the original or amended petition.

Following its review of the responsive pleading, the court may dismiss the petition as a matter of law for failure to state a claim for relief or it may grant a prompt hearing ~~thereon~~ *on the petition,* determine the issue, and make findings of fact and conclusions with respect ~~thereto~~ *to the petition.*

(2) If a hearing is required or the interests of justice require, the court shall appoint counsel for a petitioner who qualifies for the appointment of counsel under Title 46, chapter 8, part 1.

(3) The court, for good cause, may grant leave to either party to use the discovery procedures available in criminal or civil proceedings. Discovery

procedures may be used only to the extent and in the manner the court has ordered or to which the parties have agreed.

(2) (a) Except as provided in subsection (2)(b), if the commission, in a hearing under 49-2-505, finds that a person, institution, entity, or agency against whom a complaint was filed under this part has engaged in a discriminatory practice in violation of 49-2-305, the commission may, in addition to the remedies and injunctive and other equitable relief provided by 49-2-506, to vindicate the public interest, assess a civil penalty:

(i) in an amount not exceeding $10,000 if the respondent has not been found to have committed any prior discriminatory housing practice in violation of 49-2-305;

(ii) in an amount not exceeding $25,000 if the respondent has been found to have committed one other discriminatory housing practice in violation of 49-2-305 during the 5-year period ending on the date of the filing of the complaint; and

The person making the election shall give notice to the commission and to all other complainants and respondents to whom the complaint relates. Within 30 days after the election is made, the commission shall commence a civil action in an appropriate district court on behalf of the aggrieved person if the commission staff has made a finding that the allegations of the complaint are supported by substantial evidence. If the commission staff has made a finding that the allegations of the complaint are not supported by substantial evidence, the complainant may commence a civil action in an appropriate district court in accordance with subsection (5). The computation of the 2-year period does not include any time during which an administrative proceeding under this title was pending with respect to a complaint alleging a violation of 49-2-305. The tolling of the time limit for commencing a civil action does not apply to actions arising from breach of a conciliation agreement.

(b) An aggrieved person may commence a civil action under this subsection for a violation of 49-2-305 whether or not a complaint has been filed under 49-2-501 and without regard to the status of a complaint filed with the commission except as provided in subsection (5)(d). If the commission has obtained a conciliation agreement with the consent of the aggrieved person, an action may not be filed under this subsection by the aggrieved person regarding the alleged violation of 49-2-305 that forms the basis for the complaint except for the purpose of enforcing the terms of the agreement.

(c) The commission may not continue administrative proceedings on a complaint after the beginning of a trial of a civil action commenced by the aggrieved party under this subsection (5) seeking relief with respect to the same alleged violation of 49-2-305.

(d) An aggrieved person may not commence a civil action under this subsection (5) with respect to an alleged violation of 49-2-305 if the commission has commenced a hearing on the record under 49-2-505 regarding the same complaint.

(i) appoint an attorney for the applicant; or

(ii) authorize the commencement or continuation of a civil action without the payment of fees, costs, or security if, in the opinion of the court, the applicant is financially unable to bear the costs of the civil action.

(f) Upon timely application, the commission may intervene in a civil action brought under this subsection (5) if the commission certifies that the case is of general public importance. Upon intervention, the commission may obtain the same relief that would be available to the commission under subsection (7).

(6) If the court finds that a person, institution, entity, or agency against whom a complaint was filed under this section has engaged in a discriminatory practice in violation of 49-2-305, the court may, in addition to the other remedies and injunctive and other equitable relief provided under 49-2-506, award punitive damages. The court may also award attorney fees to the prevailing party.

(7) (a) Whenever the commission has reasonable cause to believe that a person or group of persons is engaged in a pattern or practice in violation of 49-2-305 or that a group of persons has been discriminated against in violation of 49-2-305 and the denial raises an issue of general public importance, the commission may commence a civil action in an appropriate district court. The commission may also commence a civil action in any appropriate district court for relief regarding breach of a conciliation agreement in a case regarding an alleged violation of 49-2-305 if the commission is a party to the agreement.

(b) The commission may file a civil action under this subsection (7) within 18 months after the alleged breach of the conciliation agreement or unlawful discriminatory practice occurred or was discovered.

(c) In a civil action under this subsection (7), the court may, in addition to the remedies provided under 49-2-506, assess a civil penalty against the respondent:

(i) in an amount not exceeding $50,000 for a first violation; and

(d) Upon timely application, a person may intervene in a civil action under this subsection (7) that involves an alleged violation of 49-2-305 with respect to which the intervenor is an aggrieved person.

(8) Civil penalties under this section must be paid to the state treasurer to be deposited in an account in the state special revenue fund to be used by the commission for housing discrimination enforcement.

(e) commit the defendant to a correctional institution, with or without a fine as provided by law for the offense;

(f) impose any combination of subsections (1)(b) through (1)(e).

(3) If any restrictions or conditions imposed under subsection (1)(a) or (1)(b) are violated, the court shall consider any elapsed time and either expressly allow part or all of it as a credit against the sentence or reject all or part as a credit and state its reasons in the order. Credit, however, must be allowed for jail time already served.

(4) Except as provided in *45-9-202 and* 46-18-222, the imposition or execution of the first 2 years of a sentence of imprisonment imposed under the following sections may not be deferred or suspended: 45-5-103, 45-5-202(3) relating to aggravated assault, 45-5-302(2), 45-5-303(2), 45-5-401(2), 45-5-503(2) and (3), 45-9-101(2), (3), and (5)(d), 45-9-102(3), and 45-9-103(2).

(5) Except as provided in 46-18-222, the imposition or execution of the first 10 years of a sentence of imprisonment imposed under 45-5-102 may not be deferred or suspended.

(6) Except as provided in 46-18-222, imposition of sentence in a felony case may not be deferred in the case of a defendant who has been convicted of a felony on a prior occasion, whether or not the sentence was imposed, imposition of the sentence was deferred, or execution of the sentence was suspended.

or suspended. Section 46-18-222 does not apply to the first 30 days of such imprisonment.

(8) In imposing a sentence on a defendant convicted of a sexual offense as defined in 46-23-502, the court may not waive the registration requirement provided in 46-18-254, 46-18-255, and Title 46, chapter 23, part 5.

(9) A person convicted of a sexual offense, as defined in 46-23-502, and sentenced to imprisonment in the state prison shall enroll in the educational phase of the prison's sexual offender program."

Section 6. **Codification instruction.** [Sections 2 through 4] are intended to be codified as an integral part of Title 45, chapter 9, part 2, and the provisions of Title 45, chapter 9, part 2, apply to [sections 2 through 4].

Section 7. **Two-thirds vote required.** Because [section 3] limits governmental liability, Article II, section 18, of the Montana constitution requires a vote of two-thirds of the members of each house for passage.

Section 8. **Coordination instruction.** If Senate Bill No. 473 is not passed and approved, then [section 3 of this act] is amended as follows:

(1) the bracketed language in subsection (1) is amended to read "subsection (2)"; and

CHAPTER NO. 805

[SB 266]

AN ACT REVISING THE MONTANA WATER USE LAWS; DEFINING THE TERM "GROUND WATER"; CLARIFYING OBJECTIONS; MAKING PERMISSIVE AND AUTHORIZING FEES FOR THE SUBMISSION OF DEPARTMENT RECORDS OF WATER RIGHTS TO A COUNTY CLERK AND RECORDER; REQUIRING THE VERIFICATION OF COMPLETIONS OF PERMITS AND CHANGE APPROVALS; AMENDING SECTIONS 85-2-102, 85-2-113, 85-2-236, 85-2-306, 85-2-308, 85-2-312, 85-2-315, 85-2-317, 85-2-402, 85-2-424, AND 85-2-501, MCA; AND PROVIDING AN EFFECTIVE DATE AND AN APPLICABILITY DATE.

There shall be no fees for any action taken by the department at the request of the water judge or for the issuance of certificates of existing rights.

(2) The board may adopt rules necessary to implement and carry out the purposes and provisions of this chapter. These rules may include but are not limited to rules to:

(a) govern the issuance and terms of interim permits authorizing an applicant for a regular permit under this chapter to begin appropriating water immediately, pending final approval or denial by the department of the application for a regular permit;

(b) require the owner or operator of appropriation facilities to install and maintain suitable controlling and measuring devices, except that the board may not require a meter on a water well outside of a controlled ground water area or proposed controlled ground water area unless the maximum appropriation of the well is in excess of ~~100 gallons a minute~~ *the limitation contained in 85-2-306(1)*;

(c) require the owner or operator of appropriation facilities to report to the department the readings of measuring devices at reasonable intervals and to file reports on appropriations; and

(d) regulate the construction, use, and sealing of wells to prevent the waste, contamination, or pollution of ground water.

(3) The board shall adopt rules providing for and governing temporary emergency appropriations, without prior application for a permit, necessary to protect lives or property."

Section 3. Section 85-2-236, MCA, is amended to read:

"**85-2-236. Certificate of water right.** ~~(1)~~ When a final decree is entered, the water judge shall send a copy to the department. Except as provided in 85-2-306, the department shall on the basis of the final decree issue a certificate of water right to each person decreed an existing right. The original of the certificate shall be sent to the person to whom the right is decreed. The department shall keep a copy of the certificate in its office in Helena.

~~(2) The department shall provide to the county clerk and recorder of the county wherein the point of diversion or place of use is located quarterly reports and an annual summary report of all certificates of water right issued by the department within the county.~~"

Section 4. Section 85-2-306, MCA, is amended to read:

"**85-2-306. Exceptions to permit requirements.** (1) Ground water may be appropriated only by a person who has a possessory interest in the property where the water is to be put to beneficial use and exclusive property rights in the ground water development works or, if another person has rights in the ground water development works, the written consent of the person with those property rights. Outside the boundaries of a controlled ground water area, a permit is not required before appropriating ground water by means of a well or developed spring with a maximum appropriation of ~~less than 100~~ *35* gallons per minute *or less, not to exceed*

10 acre feet per year, except that a combined appropriation from the same source from two or more wells or developed springs exceeding this limitation requires a permit. Within 60 days of completion of the well or developed spring and appropriation of the ground water for beneficial use, the appropriator shall file a notice of completion with the department on a form provided by the department at its offices and at the offices of the county clerk and recorders. Upon receipt of the notice, the department shall review the notice and may, before issuing a certificate of water right, return a defective notice for correction or completion, together with the reasons for returning it. A notice does not lose priority of filing because of defects if the notice is corrected, completed, and refiled with the department within 30 days or within a further time as the department may allow, not to exceed 6 months. If a notice is not corrected and completed within the time allowed, the priority date of appropriation shall be the date of refiling a correct and complete notice with the department. A certificate of water right may not be issued until a correct and complete notice has been filed with the department. The original of the certificate shall be sent to the appropriator. The department shall keep a copy of the certificate in its office in Helena. The date of filing of the notice of completion is the date of priority of the right.

(2) An appropriator of ground water by means of a well or developed spring first put to beneficial use between January 1, 1962, and July 1, 1973, who did not file a notice of completion, as required by laws in force prior to April 14, 1981, with the county clerk and recorder shall file a notice of completion, as provided in subsection (1) of this section, with the department to perfect the water right. The filing of a claim of existing water right pursuant to 85-2-221 is sufficient notice of completion under this subsection. The priority date of the appropriation shall be the date of the filing of a notice as provided in subsection (1) of this section or the date of the filing of the claim of existing water right. An appropriation under this subsection is an existing right, and a permit is not required; however, the department shall acknowledge the receipt of a correct and complete filing of a notice of completion, except that for an appropriation of ~~less than 100~~ *35* gallons per minute *or less, not to exceed 10 acre feet per year,* the department shall issue a certificate of water right. If a certificate is issued under this section, a certificate need not be issued under the adjudication proceedings provided for in 85-2-236.

(3) A permit is not required before constructing an impoundment or pit and appropriating water for use by livestock if the maximum capacity of the impoundment or pit is less than 15 acre-feet and the appropriation is less than 30 acre-feet per year and is from a source other than a perennial flowing stream and the impoundment or pit is to be constructed on and will be accessible to a parcel of land that is owned or under the control of the applicant and that is 40 acres or larger. As used in this subsection, a perennial flowing stream means a stream which historically has flowed continuously at all seasons of the year, during dry as well as wet years. However, within 60 days after constructing the impoundment or pit, the appropriator shall apply for a permit as prescribed by this part. Upon receipt of a correct and complete application for a stockwater provisional

permit, the department shall then automatically issue a provisional permit. If the department determines after a hearing that the rights of other appropriators have been or will be adversely affected, it may revoke the permit or require the permittee to modify the impoundment or pit and may then make the permit subject to such terms, conditions, restrictions, or limitations it considers necessary to protect the rights of other appropriators.

(4) A person may also appropriate water without applying for or prior to receiving a permit under rules adopted by the board under 85-2-113."

Section 5. Section 85-2-308, MCA, is amended to read:

"85-2-308. **Objections.** (1) *(a)* An objection to an application *for a permit* must be filed by the date specified by the department under 85-2-307(2).

~~(2)~~*(b)* The objection *to an application for a permit* must state the name and address of the objector and facts tending to show that ~~there are no unappropriated waters in the proposed source, that the proposed means of appropriation are inadequate, that the property, water rights, or interests of the objector would be adversely affected by the proposed appropriation, that the proposed use of water is not a beneficial use, or that the proposed use will interfere unreasonably with other planned uses or developments for which a permit has been issued or for which water has been reserved~~ *one or more of the criteria in 85-2-311 are not met.*

(2) For an application for a change in appropriation rights, the objection must state the name and address of the objector and facts tending to show that one or more of the criteria in 85-2-402 are not met.

(3) A person has standing to file an objection under this section if the property, water rights, or interests of the objector would be adversely affected by the proposed appropriation.

(4) For an application for a reservation of water, the objection must state the name and address of the objector and facts tending to show that one or more of the criteria in 85-2-316 are not met."

Section 6. Section 85-2-312, MCA, is amended to read:

"85-2-312. **Terms of permit.** (1) The department may issue a permit for less than the amount of water requested, but in no case may it issue a permit for more water than is requested or than can be beneficially used without waste for the purpose stated in the application. The department may require modification of plans and specifications for the appropriation or related diversion or construction. The department may issue a permit subject to terms, conditions, restrictions, and limitations it considers necessary to satisfy the criteria listed in 85-2-311, and it may issue temporary or seasonal permits. A permit shall be issued subject to existing rights and any final determination of those rights made under this chapter.

(2) The department shall specify in the permit or in any authorized extension of time provided in subsection (3), the time limits for commencement of the appropriation works, completion of construction, and actual application of the water to the proposed beneficial use. In fixing those time limits, the department shall consider the cost and magnitude of the project, the engineering and physical features to be encountered, and, on projects designed for gradual development and gradually increased use of water, the time reasonably necessary for that gradual development and increased use. The department shall issue the permit or authorized extension of time subject to the terms, conditions, restrictions, and limitations it considers necessary to ensure that the work on the appropriation is commenced, conducted, and completed and that the water is actually applied in a timely manner to the beneficial use specified in the permit.

(3) The department may, upon a showing of good cause, extend time limits specified in the permit for commencement of the appropriation works, completion of construction, and actual application of the water to the proposed beneficial use. All requests for extensions of time must be by affidavit and must be filed with the department prior to the expiration of the time limit specified in the permit or any previously authorized extension of time. The department may issue an order temporarily extending the time limit specified in the permit for 120 days or until the department has completed its action under this section, whichever is greater. Upon receipt of a proper request for extension of time, the department shall prepare a notice containing the facts pertinent to the request for extension of time and shall publish the notice in a newspaper of general circulation in the area of the source. The department may serve notice by first-class mail upon any public agency or other person the department determines may be interested in or affected by the request for extension of time. The department shall hold a hearing on the request for extension of time on its own motion or if requested by an interested party. The department may grant the extension of time in the absence of a hearing if no requests for a hearing are received and the extension of time is granted as requested, or the department may grant the extension of time in a modified form by following the process established in 85-2-310(2). Subsequent extensions of time may be made in the same manner.

(4) The original of the permit shall be sent to the permittee, and a copy shall be kept in the office of the department in Helena.

~~(5) The department shall provide to the county clerk and recorder of the county wherein the point of diversion or place of use is located quarterly reports and an annual summary report of all water right permits, certificates, and change approvals issued by the department within the county.~~"

Section 7. Section 85-2-315, MCA, is amended to read:

"**85-2-315. Certificate of water right.** ~~(1)~~ Upon actual application of water to the proposed beneficial use within the time allowed, the permittee shall notify the department that the appropriation has been properly completed. *The notification must contain a certified statement by a person with experience in the design, construction, or operation of appropriation* *works that the appropriation has been properly completed in substantial accordance with the terms and conditions of the permit.* The department may then inspect the appropriation, and if it determines that the appropriation has been completed in substantial accordance with the permit, it shall issue the permittee a certificate of water right. The original of the certificate shall be sent to the permittee, and a duplicate shall be kept in the office of the department in Helena.

~~(2) The department shall provide to the county clerk and recorder of the county wherein the point of diversion or place of use is located quarterly reports and an annual summary report of all certificates of water right issued by the department within the county.~~"

Section 8. Section 85-2-317, MCA, is amended to read:

"85-2-317. **Limitation on appropriation of ground water.** (1) After ~~May 7, 1979, no application for a permit to appropriate ground water in excess of 3,000 acre feet per year may be granted, except pursuant to an act of the legislature permitting the specific appropriation~~ *[the effective date of this act], the department may not approve a permit to appropriate ground water in excess of 3,000 acre feet per year unless:*

(a) the applicant proves and the department finds that the applicable criteria in 85-2-311 are met; and

(b) the department then petitions the legislature and the legislature affirms the decision of the department after one or more public hearings.

(2) Subsection (1) applies to any permit to appropriate ground water for which application has been made but which has not been granted as of May 7, 1979.

(3) This section does not apply to appropriations by municipalities for municipal use or to appropriations for public water supplies as defined in 75-6-102 or to appropriations for the irrigation of cropland owned and operated by the applicant.

(4) Any person, association, corporation, or other entity that applies for a permit to appropriate ground water, singularly or collectively, for the purpose of circumventing this section is punishable by a fine not exceeding $5,000."

Section 9. Section 85-2-402, MCA, is amended to read:

"85-2-402. *(Temporary)* **Changes in appropriation rights.** (1) An appropriator may not make a change in an appropriation right except as permitted under this section and with the approval of the department or, if applicable, of the legislature.

(2) Except as provided in subsections (3) through (5), the department shall approve a change in appropriation right if the appropriator proves by substantial credible evidence that the following criteria are met:

(a) The proposed use will not adversely affect the water rights of other persons or other planned uses or developments for which a permit has been issued or for which water has been reserved.

(b) Except for a lease authorization pursuant to 85-2-436 that does not require appropriation works, the proposed means of diversion, construction, and operation of the appropriation works are adequate.

(c) The proposed use of water is a beneficial use.

(d) The applicant has a possessory interest, or the written consent of the person with the possessory interest, in the property where the water is to be put to beneficial use.

(3) The department may not approve a change in purpose of use or place of use of an appropriation of 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water unless the appropriator proves by substantial credible evidence that:

(a) the criteria in subsection (2) are met;

(b) the proposed change is a reasonable use. A finding of reasonable use must be based on a consideration of:

(i) the existing demands on the state water supply, as well as projected demands for water for future beneficial purposes, including municipal water supplies, irrigation systems, and minimum streamflows for the protection of existing water rights and aquatic life;

(ii) the benefits to the applicant and the state;

(iii) the effects on the quantity and quality of water for existing uses in the source of supply;

(iv) the availability and feasibility of using low-quality water for the purpose for which application has been made;

(v) the effects on private property rights by any creation of or contribution to saline seep; and

(vi) the probable significant adverse environmental impacts of the proposed use of water as determined by the department pursuant to Title 75, chapter 1, or Title 75, chapter 20.

(4) The department may not approve a change in purpose of use or place of use for a diversion that results in 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water being consumed unless:

(a) the applicant proves by clear and convincing evidence and the department finds that the criteria in subsections (2) and (3) are met; and

(b) the department then petitions the legislature and the legislature affirms the decision of the department after one or more public hearings.

(5) (a) The state of Montana has long recognized the importance of conserving its public waters and the necessity to maintain adequate water supplies for the state's water requirements, including requirements for reserved water rights held by the United States for federal reserved lands and in trust for the various Indian tribes within the state's boundaries. Although the state of Montana also recognizes that, under appropriate conditions, the out-of-state transportation and use of its public waters are not in conflict with the public welfare of its citizens or the conservation of its waters, the following criteria must be met before out-of-state use may occur:

(b) The department and, if applicable, the legislature may not approve a change in appropriation right for the withdrawal and transportation of appropriated water for use outside the state unless the appropriator proves by clear and convincing evidence and, if applicable, the legislature approves after one or more public hearings that:

(i) depending on the volume of water diverted or consumed, the applicable criteria and procedures of subsection (2) or (3) are met;

(ii) the proposed out-of-state use of water is not contrary to water conservation in Montana; and

(iii) the proposed out-of-state use of water is not otherwise detrimental to the public welfare of the citizens of Montana.

(c) In determining whether the appropriator has proved by clear and convincing evidence that the requirements of subsections (5)(b)(ii) and (5)(b)(iii) will be met, the department and, if applicable, the legislature shall consider the following factors:

(i) whether there are present or projected water shortages within the state of Montana;

(ii) whether the water that is the subject of the proposed change in appropriation might feasibly be transported to alleviate water shortages within the state of Montana;

(iii) the supply and sources of water available to the applicant in the state where the applicant intends to use the water; and

(iv) the demands placed on the applicant's supply in the state where the applicant intends to use the water.

(d) When applying for a change in appropriation right to withdraw and transport water for use outside the state, the applicant shall submit to and comply with the laws of the state of Montana governing the appropriation and use of water.

(6) For any application for a change in appropriation right involving 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water, the department shall give notice of the proposed change in accordance with 85-2-307 and shall hold one or more hearings in accordance with 85-2-309 prior to its approval or denial of the proposed change. The

department shall provide notice and may hold one or more hearings upon any other proposed change if it determines that a change might adversely affect the rights of other persons.

(7) The department or the legislature, if applicable, may approve a change subject to terms, conditions, restrictions, and limitations as it considers necessary to satisfy the criteria of this section, including limitations on the time for completion of the change. The department may extend time limits specified in the change approval under the applicable criteria and procedures of 85-2-312(3).

(8) Upon actual application of water to the proposed beneficial use within the time allowed, the appropriator shall notify the department that the appropriation has been properly completed. The notification must contain a certified statement by a person with experience in the design, construction, or operation of appropriation works that the appropriation has been properly completed in substantial accordance with the terms and conditions of the change approval.

~~(8)~~*(9)* If a change is not completed as approved by the department or legislature or if the terms, conditions, restrictions, and limitations of the change approval are not complied with, the department may, after notice and opportunity for hearing, require the appropriator to show cause why the change approval should not be modified or revoked. If the appropriator fails to show sufficient cause, the department may modify or revoke the change approval.

~~(9)~~*(10)* The original of a change approval issued by the department must be sent to the applicant, and a duplicate must be kept in the office of the department in Helena.

~~(10)~~*(11)* A person holding an issued permit or change approval that has not been perfected may change the place of diversion, place of use, purpose of use, or place of storage by filing an application for change pursuant to this section.

~~(11)~~*(12)* A change in appropriation right contrary to the provisions of this section is invalid. An officer, agent, agency, or employee of the state may not knowingly permit, aid, or assist in any manner an unauthorized change in appropriation right. A person or corporation may not, directly or indirectly, personally or through an agent, officer, or employee, attempt to change an appropriation right except in accordance with this section. *(Terminates June 30, 1993—sec. 11, Ch. 658, L. 1989.)*

85-2-402. *(Effective July 1, 1993)* **Changes in appropriation rights.** (1) An appropriator may not make a change in an appropriation right except as permitted under this section and with the approval of the department or, if applicable, of the legislature.

(2) Except as provided in subsections (3) through (5), the department shall approve a change in appropriation right if the appropriator proves by substantial credible evidence that the following criteria are met:

(3) The department may not approve a change in purpose of use or place of use of an appropriation of 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water unless the appropriator proves by substantial credible evidence that:

(a) the criteria in subsection (2) are met;

(b) the proposed change is a reasonable use. A finding of reasonable use must be based on a consideration of:

(iv) the availability and feasibility of using low-quality water for the purpose for which application has been made;

(v) the effects on private property rights by any creation of or contribution to saline seep; and

(vi) the probable significant adverse environmental impacts of the proposed use of water as determined by the department pursuant to Title 75, chapter 1, or Title 75, chapter 20.

(ii) the proposed out-of-state use of water is not contrary to water conservation in Montana; and

(iii) the proposed out-of-state use of water is not otherwise detrimental to the public welfare of the citizens of Montana.

(c) In determining whether the appropriator has proved by clear and convincing evidence that the requirements of subsections (5)(b)(ii) and (5)(b)(iii) will be met, the department and, if applicable, the legislature shall consider the following factors:

(i) whether there are present or projected water shortages within the state of Montana;

(i) all benefits paid under the municipal police officers' retirement system that are specified as exempt from taxation by 19-9-1005;

(j) gain required to be recognized by a liquidating corporation under 15-31-113(1)(a)(ii);

(k) all tips covered by section 3402(k) of the Internal Revenue Code of 1954, as amended and applicable on January 1, 1983, received by persons for services rendered by them to patrons of premises licensed to provide food, beverage, or lodging;

(l) all benefits received under the workers' compensation laws;

(m) all health insurance premiums paid by an employer for an employee if attributed as income to the employee under federal law;

(n) all benefits paid under an optional retirement program that are specified as exempt from taxation by 19-21-212; and

(o) all money received because of a settlement agreement or judgment in a lawsuit brought against a manufacturer or distributor of "agent orange" for damages resulting from exposure to "agent orange".

~~(3) In the case of a shareholder of a corporation with respect to which the election provided for under subchapter S. of the Internal Revenue Code of 1954, as amended, is in effect but with respect to which the election provided for under 15-31-202, as amended, is not in effect, adjusted gross income does not include any part of the corporation's undistributed taxable income, net operating loss, capital gains or other gains, profits, or losses required to be included in the shareholder's federal income tax adjusted gross income by reason of the election under subchapter S. However, the shareholder's adjusted gross income shall include actual distributions from the corporation to the extent they would be treated as taxable dividends if the subchapter S. election were not in effect.~~

~~(4)~~*(3)* A shareholder of a DISC that is exempt from the corporation license tax under 15-31-102(1)(l) shall include in his adjusted gross income the earnings and profits of the DISC in the same manner as provided by federal law (section 995, Internal Revenue Code) for all periods for which the DISC election is effective.

~~(5)~~*(4)* A taxpayer who, in determining federal adjusted gross income, has reduced his business deductions by an amount for wages and salaries for which a federal tax credit was elected under section 44B of the Internal Revenue Code of 1954 or as that section may be labeled or amended is allowed to deduct the amount of the wages and salaries paid regardless of the credit taken. The deduction must be made in the year the wages and salaries were used to compute the credit. In the case of a partnership or small business corporation, the deduction must be made to determine the amount of income or loss of the partnership or small business corporation.

~~(6)~~*(5)* Married taxpayers filing a joint federal return who must include part of their social security benefits or part of their tier 1 railroad retirement benefits in federal adjusted gross income may split the federal base used in calculation of federal taxable social security benefits or federal taxable tier 1 railroad retirement benefits when they file separate Montana income tax returns. The federal base must be split equally on the Montana return.

~~(7)~~*(6)* A taxpayer receiving retirement disability benefits who has not attained age 65 by the end of the taxable year and who has retired as permanently and totally disabled may exclude from adjusted gross income up to $100 per week received as wages or payments in lieu of wages for a period during which the employee is absent from work due to the disability. If the adjusted gross income before this exclusion and before application of the two-earner married couple deduction exceeds $15,000, the excess reduces the exclusion by an equal amount. This limitation affects the amount of exclusion, but not the taxpayer's eligibility for the exclusion. If eligible, married individuals shall apply the exclusion separately, but the limitation for income exceeding $15,000 is determined with respect to the spouses on their combined adjusted gross income. For the purpose of this subsection, permanently and totally disabled means unable to engage in any substantial gainful activity by reason of any medically determined physical or mental impairment lasting or expected to last at least 12 months.

~~(8)~~*(7)* A person receiving benefits described in subsections (2)(d) through (2)(f), (2)(h), or (2)(i) may not exclude benefits described in subsection (2)(c) from adjusted gross income unless the benefits received under subsections (2)(d) through (2)(f), (2)(h), or (2)(i) are less than $3,600, in which case the person may combine benefits to exclude up to a total of $3,600 from adjusted gross income. *(Subsection (2)(k) terminates on occurrence of contingency—sec. 3, Ch. 634, L. 1983.)*"

The application must contain the information required by 90-8-204 and such other information as the board requires.

(2) (a) The total amount of tax credits authorized for a single qualified company may not exceed $1,500,000. In the event the capitalization of the company is later increased, the company may apply for authorization of additional tax credits within the foregoing limitation.

(b) The total credits authorized for all companies may not exceed a total of $1 million prior to June 30, 1985. The total credits authorized for all companies between July 1, 1985, and June 30, 1987, may not exceed $1 million plus any portion of the $1 million available for authorization before June 30, 1985, that is allocated to qualified companies. The total credits authorized for all companies between July 1, 1987, and June 30, 1989, may not exceed $3 million plus any portion of the credits available for authorization before June 30, 1987, that is allocated to qualified companies. The total credits authorized for all companies between July 1, 1989, and June 30, 1991, may not exceed $3 million plus any portion of the credits available for authorization before June 30, 1989, that is allocated to qualified companies.

(4) Investors in a qualified Montana capital company are entitled to the tax credits provided for in subsection (5). Funds invested in a certified company prior to designation as a qualified Montana capital company may, at the discretion of the investor, be placed in an escrow account in a Montana financial institution pending designation of the company as a qualified Montana capital company.

(5) Subject to the provisions of subsections (2) and (8), an individual, small business corporation, partnership, trust, decedent's estate, or corporate taxpayer that makes a capital investment in a qualified Montana capital company is entitled to a tax credit equal to 50% of the investment, up to a maximum credit of $150,000 per taxpayer. The credit may be taken against the tax liability imposed on the investor pursuant to Title 15, chapter 30, 31, or 35. If the amount of the tax credit exceeds the taxpayer's tax liability for the taxable year, the amount of the credit which exceeds the tax liability may be carried back or carried forward in the following manner:

(a) If the sum of the amount of credit for the current taxable year plus the amount of credit, if any, carried forward from a previous taxable year exceeds the taxpayer's tax liability for the current taxable year, the excess must be carried back as a credit to the 3 preceding taxable years and, if the full credit remains unused, carried forward as a credit to the 15 succeeding taxable years.

(b) The amount of unused credit must be used to offset the entire tax liability of each of the 18 taxable years, beginning with the earliest and commencing to the next succeeding year until the credit is exhausted.

(7) The tax credit provided for in this section is available only to those taxpayers who invest in a qualified Montana capital company within 4 years of July 1, 1987.

(8) An individual, small business corporation, partnership, or corporate taxpayer who obtains the tax credit allowed under subsection (5) may

All present employees will be exempt from this requirement but are encouraged to further their education at the earliest opportunity.

(2) Each probation and parole officer must, through a source approved by his employer, obtain 16 hours a year of training in subjects relating to the powers and duties of probation officers. *In addition, each probation and parole officer must receive training in accordance with standards adopted by the board of crime control, as provided in 44-4-301. CHAPTER NO. 811

[SB 445]

AN ACT PROVIDING MONTANA TAXPAYERS WITH A SIMPLE, INEXPENSIVE, AND EFFECTIVE TAX REVIEW PROCESS FOR TAXES ADMINISTERED BY THE DEPARTMENT OF REVENUE EXCEPT PROPERTY, INHERITANCE, AND ESTATE TAXES BUT INCLUDING REVISED ASSESSMENTS OF CENTRALLY ASSESSED PROPERTY TAXES; PROVIDING AUTHORITY TO ENTER INTO CLOSING AGREEMENTS; AMENDING SECTIONS 15-1-403, 15-1-406, 15-1-705, 15-8-601, 15-23-104, 15-25-114, 15-30-148, 15-30-149, 15-31-503, 15-31-532, 15-31-701, 15-35-112, 15-36-105, 15-36-113, 15-37-110, 15-37-114, 15-37-210, 15-38-110, 15-51-109, 15-53-105, 15-55-106, 15-58-110, 15-59-112, 15-59-212, 15-65-115, 69-1-225, AND 69-1-226, MCA; REPEALING SECTION 15-55-107, MCA; AND PROVIDING EFFECTIVE DATES AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Uniform tax review procedure — notice — appeal.** (1) The department shall provide a uniform tax review procedure for all taxpayers, except as provided in subsection (1)(a).

(a) The tax review procedure described in this section applies to all taxes administered by the department except inheritance taxes, estate taxes, and property taxes. The procedure applies to any revised assessment of centrally assessed property taxed pursuant to chapter 23.

(b) The term "taxpayers", as used in this section, includes all persons determined by the department to have a potential tax liability.

(2) (a) If the department determines that a request for a refund should be denied in whole or part, it shall notify the taxpayer of the determination. If the department determines that a person has failed to pay a sufficient tax, interest, or penalty, it shall provide the taxpayer with notice. The notice stops the running of any applicable statute of limitations regarding the assessment of the tax.

(b) A notice under this section must clearly state:

(i) the reasons for the department's determination that a refund is not due or that tax plus interest and penalty, if any, is due;

(ii) the taxpayer's right to a review by the department and his right to appeal after a final department decision;

(iii) failure to notify the department within 30 days will result in a forfeiture of the taxpayer's right to contest the department's determination under this section or to file an appeal with the state tax appeal board;

(iv) that the taxpayer has 30 days to either notify the department in writing that he does not agree with an assessment or pay the amount assessed;

(v) that a warrant for distraint placing a lien on the taxpayer's property may be issued unless he notifies the department that he disagrees with an assessment or pays within 30 days; and

(vi) that the notice stops the running of the statute of limitations regarding the assessment of the tax.

(3) (a) A taxpayer shall notify the department, in writing, that he objects to the determination within 30 days from the date the notice is mailed. The notification by the taxpayer is not required to specify the reasons for the disagreement or be in any particular form. If the taxpayer does not notify the department within 30 days:

(i) an assessment becomes final and the assessed tax, plus any interest and penalty, must be paid;

(ii) the taxpayer waives any further right to review under this section or to appeal to the state tax appeal board; and

(iii) a warrant for distraint may be issued without further opportunity to be heard on the assessment.

(b) A taxpayer who notifies the department pursuant to subsection (3)(a) that he disagrees with a tax assessment shall present his objections, the reasons for his objections, and any other information to the administrator of the division that administers the tax or to his designee within 60 days after the notice referred to in subsection (3)(a) is mailed. The reasons for objections may be provided in writing, by telephone, or, if requested by the taxpayer, at an informal conference. An informal conference is not subject to the Montana Administrative Procedure Act.

(c) Within 60 days after the taxpayer has presented his objections, as provided in subsection (3)(b), the administrator or his designee shall issue a written decision addressing the taxpayer's objections and describing the reasons for the determination. The administrator's decision must also clearly set forth the taxpayer's review rights. The administrator's decision must be provided to the taxpayer and the director of revenue.

(4) (a) A taxpayer shall notify the department in writing that he objects to the administrator's decision within 30 days from the date that the decision is mailed, or he may appeal to the state tax appeal board as provided in subsection (6). If an objection is not made within 30 days, the administrator's decision and any assessment become final. By failing to object, the taxpayer waives any further right to review or appeal and a

warrant for distraint may be issued without further opportunity to be heard on the assessment.

(b) Except as provided in subsection (6), a taxpayer who objects to the administrator's decision pursuant to subsection (4)(a) shall present his objections, his reasons for the objections, and any other information to the director of revenue or his designee within 60 days after the notice referred to in subsection (4)(a) is mailed. The director or his designee may consider written information, hold a telephone conference, or conduct an informal conference, none of which are subject to the Montana Administrative Procedure Act.

(c) Within 60 days after the taxpayer has presented his objections, the director or his designee shall issue a written decision addressing the objections and describing the reasons for the decision. The director's decision is the final decision and assessment of the department.

(5) The taxpayer shall pay the assessment within 30 days after being mailed a copy of the final decision and assessment unless an appeal is filed with the state tax appeal board. If an appeal with the board is filed within 30 days after the final decision is mailed, payment is not due until final resolution by the board or, if further appeals are filed, by the appropriate court. However, any interest required by law shall continue to accrue.

(6) (a) A taxpayer who validly objects to the administrator's decision may elect to file an appeal with the state tax appeal board. The appeal must be filed within 30 days after mailing an objection to the administrator's decision. If an appeal is filed, the administrator's decision is the final decision of the department.

(b) If the director notifies the board within 30 days after an appeal is filed that he has not had an opportunity to review the administrator's decision and he believes a review may be helpful in resolving the controversy, the board shall stay the appeal for a time the board considers reasonable not to exceed 90 days except by the mutual consent of both parties. The taxpayer shall provide his objections and reasons for his objections to the director so that the director or his designee may review the controversy and issue a decision within the period of the stay granted by the board. If the taxpayer is dissatisfied with the director's decision, the stay must be lifted and the appeal resumed.

(7) The time limits in this section must be applied and interpreted as provided in Rule 6 of the Montana Rules of Civil Procedure, including additional time for mailing. Any time limit may be extended by mutual consent of the department and the taxpayer. The department shall consent to all reasonable requests for extension of deadlines.

(8) (a) The director of revenue or his designee is authorized to enter into an agreement with any taxpayer relating to the taxpayer's liability with respect to a tax administered by the department for any taxable period.

(b) An agreement under the provisions of subsection (8)(a) is final and conclusive, and, except upon a showing of fraud, malfeasance, or misrepresentation of a material fact:

(i) the agreement may not be reopened as to matters agreed upon or be modified by any officer, employee, or agent of this state; and

(ii) in any suit, action, or proceeding under the agreement or any determination, assessment, collection, payment, abatement, refund, or credit made in accordance with the agreement, the agreement may not be annulled, modified, set aside, or disregarded.

Section 2. Section 15-1-403, MCA, is amended to read:

"**15-1-403. Assessment for taxation — increase over statement of owner.** (1) Whenever any person has delivered to the department of revenue or its agent a sworn statement of his *locally assessed* property subject to taxation as now provided by law and giving the estimated value of such property and the department or its agent shall increase such estimated value or add other property to such assessment list, the agent shall, at least 10 days prior to the meeting of the county tax appeal board, give to such person written notice of such change, which notice shall be substantially in the following form:

(Date) ....

Mr. ......:

A change has been made in your assessment list as follows:

(Set out and describe specifically changes made in list.)

(2) Such person may then appear before the county tax appeal board and contest the same. If the assessment of any such person has been added to or changed, either by the department or by the county tax appeal board, and such person has not been notified thereof and given an opportunity to contest the same before the county tax appeal board, the tax on such increased value or added property shall, upon such facts being established, be adjudged by the state tax appeal board to be void, and such facts and all questions relating thereto, when said tax has been paid under protest, may be heard and determined in the action provided for in 15-1-402."

Section 3. Section 15-1-406, MCA, is amended to read:

"**15-1-406. Alternative remedy — declaratory judgment.** (1) An aggrieved taxpayer may, in lieu of proceeding under 15-1-402 *or [section 1]*, bring a declaratory judgment action in the district court seeking a declaration that a tax levied by the state or one of its subdivisions was illegally or unlawfully imposed or exceeded the taxing authority of the entity imposing the tax.

(2) The action must be brought within 90 days of the imposition of the tax. The court shall consolidate all actions brought under subsection (1) which challenge the same tax levy. The decision of the court shall apply to all similarly situated taxpayers except those taxpayers who are excluded under 15-1-407.

(3) The taxes that are being challenged under this section must be paid when due as a condition of continuing the action."

Section 4. Section 15-1-705, MCA, is amended to read:

"**15-1-705. ~~Hearing~~ *Review.*** (1) Except as provided in 15-1-707, a taxpayer has the right ~~to request a hearing on~~ *a review of* the ~~matter of~~ tax liability *pursuant to [section 1]* prior to execution on a filed warrant for distraint.

(2) The department must provide notice of the right to ~~hearing~~ *review* to the taxpayer. ~~A request for a hearing must be made in writing within 30 days of the date of the notice.~~ This notice may be given prior to the notice referred to in 15-1-702. ~~(3) The hearing is subject to the contested case provisions of the Montana Administrative Procedure Act. Before a decision may be appealed to the district court, an appeal must first be taken to the state tax appeal board. A request for a hearing must be in writing in order to postpone execution on a warrant.~~"

Section 5. Section 15-8-601, MCA, is amended to read:

"**15-8-601. Assessment revision — conference for review.** (1) Whenever the department of revenue discovers that any taxable property of any person has in any year escaped assessment, been erroneously assessed, or been omitted from taxation, the department may assess the same provided the property is under the ownership or control of the same person who owned or controlled it at the time it escaped assessment, was erroneously assessed, or was omitted from taxation. All such revised assessments must be made within 10 years after the end of the calendar year in which the original assessment was or should have been made.

(2) Whenever the department or its agent proposes to increase the valuation of locally assessed property above the value reported by the taxpayer under 15-8-301, the action of the department is subject to the notice and conference provisions of this section. *Revised assessments of centrally assessed property are subject to review pursuant to [section 1].*

(3) (a) Notice of revised assessment pursuant to this section shall be made by the department or its agent by postpaid letter addressed to the person interested within 10 days after the revised assessment has been

made. ~~The~~ *If the property is locally assessed, the* notice shall include opportunity for a conference on the matter, at the request of the person interested, not less than 15 or more than 30 days after notice is given.

(b) An assessment revision review conference is not a contested case as defined in the Montana Administrative Procedure Act. The department shall keep minutes in writing of each assessment review conference, which are public records.

(c) Following an assessment review conference or expiration of opportunity therefor, the department shall order such assessment as it considers proper. Any party to the conference aggrieved by the action of the department ~~may appeal directly to the state tax appeal board within 30 days or, if the property is locally assessed,~~ may appeal to the county tax appeal board at its next meeting.

(4) The department must record in a book to be kept for that purpose all changes, corrections, and orders made by it and must direct its agent to enter upon the assessment book all changes and corrections made by it.

(5) Immediately upon receipt of a revised assessment, the county official possessing the assessment roll book shall enter the revised assessment. If the revised assessment corrects an original assessment, the previous entry shall be canceled upon order of the department."

Section 6. Section 15-23-104, MCA, is amended to read:

"**15-23-104. Failure to file — estimate by department — penalty.** If any person fails to file a report or return within the time established in 15-23-103 or by such later date as the department may approve, the department shall estimate the value of the property to have been reported on the basis of the best available information. In estimating the value of the net proceeds of mines, the department shall proceed under 15-23-506, and in estimating the value of the gross proceeds of coal mines, the department shall proceed under 15-35-107. In estimating the value of all other property subject to assessment under parts 2 through 4 of this chapter, the department shall proceed under 15-1-303. Each month or part of a month a report is delinquent, the department shall impose and collect a $25 penalty, the total not to exceed $200, and shall deposit such penalty to the credit of the general fund. The department will also inform its agents in the counties of the delinquency, and the agents shall assess a penalty of 1% of the tax due for each month or part of a month the report is delinquent."

(2) (a) A credit or refund under the provisions of this section may be allowed only if, prior to the expiration of the period provided by 15-30-145 and by 15-30-146 during which the department may determine tax liability, the taxpayer files a claim or the department determines there has been an overpayment.

WHEREAS, the adjudication of Northern Cheyenne water rights under state law has been suspended while negotiations have proceeded to conclude a compact resolving all reserved water rights claims of the Northern Cheyenne Tribe;

WHEREAS, the Northern Cheyenne Tribe and the United States agree that the Tribal Water Right described in this Compact shall be in satisfaction of the Tribe's reserved water rights claims and any claims to water rights made on behalf of the Tribe by the United States;

WHEREAS, it is in the best interest of all parties that the reserved water rights claims of the Northern Cheyenne Tribe be settled through a Water Rights Compact;

WHEREAS, the parties agree that settlement of the reserved water rights claims of the Northern Cheyenne Tribe is dependent on the repair and enlargement of the Tongue River Reservoir;

NOW THEREFORE, the parties agree as follows:

Article II

Tribal Water Right

A. Quantification of Water Right.

The water rights of the Northern Cheyenne Tribe are as follows:

1. Existing Non-Agricultural Uses.
   Tribal and individual Indian stockwater, domestic and municipal water uses on the Reservation and in existence as of the ratification date are hereby recognized and protected as part of the Tribal Water Right, and are in addition to the water rights set forth in Sections A.2., A.3., and A.4. of this Article. All such existing uses shall be governed by the terms of this Compact.

2. Tongue River.
   Subject to the terms of this Compact, the Tribal Water Right in the Tongue River basin consists of the right to divert or use or to permit the diversion or use of up to 32,500 acre-feet per year, from a combination of direct flow, storage, and exchange water. Tribal and individual Indian irrigation uses in existence on the Reservation in the Tongue River basin as of the ratification date are recognized and protected, and shall be counted as a use of the 32,500 acre-feet per year right described in Section A.2. of this Article.

a. Direct Flow Right. The Tribe has a right to divert or use or permit the diversion or use of up to 12,500 acre-feet of water per year from direct flow of the Tongue River and its tributaries with a priority date of October 1, 1881; provided, that:

   i. The Tribe's annual depletion of its direct flow water right in the Tongue River and its tributaries shall not exceed 75 percent of the amount diverted, or 9,375 acre-feet per year; and

   ii. The Tribe's direct flow water right in the Tongue River and its tributaries may not be used in a manner that adversely affects:

      A. Miles City Decree water rights, or

      B. Water rights from off-Reservation tributaries of the Tongue River, which are finally decreed in any general adjudication of the Tongue River, or are recognized under state law until such final adjudication, and which have a priority date of June 30, 1973 or earlier and are based on the use of an irrigation system in place and not abandoned as of June 30, 1973.

b. Storage and Exchange Water. The Tribe has a right to divert or deplete, or permit the diversion or depletion of, up to 20,000 acre-feet per year from a combination of water stored in the Tongue River Reservoir and exchange water. The availability of the 20,000 acre-feet per year depends, as provided in the Tongue River Water Model, upon the annual schedule utilized by the Tribe for diversions of Tongue River direct flows. Except as provided in paragraph A.2.c.ii. of this Article, any reduction in Tongue River Reservoir stored water resulting from Tribal diversions of Tongue River direct flows shall not affect State contract rights, as defined in this Compact, but shall be satisfied exclusively from the right described in this paragraph. Tribal use of stored water from the Tongue River Reservoir shall be measured at the Reservoir.

c. Shortages.

   i. The Tribal Water Right in the Tongue River basin shall be subject to shortages due to natural low flows that are consistent with the period of record used in the Tongue River Water Model in diversion amounts not to exceed 50% in any one year and 100% cumulative in any ten-year period.

   ii. Decreases in the amount of water stored in the Tongue River Reservoir that are caused by: (i) sedimentation;

(ii) Reservoir inflows lower than those assumed in the Tongue River Water Model; (iii) normal and expected maintenance of the Tongue River Dam and associated structures; or (iv) normal and expected deterioration of the Tongue River Dam and associated structures shall not be considered a failure of the Tongue River Dam as that term is utilized in paragraph A.2.f. of this Article. All such decreases in water availability shall be shared pro rata among all users of stored water including the Tribe.

d. Excess Water. The Tribe shall, as part of the Tribal Water Right, have the first right to use excess water, as defined in this Compact; provided, that total use of the Tongue River Tribal Water Right shall not exceed 32,500 acre-feet per year diverted from direct flow, storage, and exchange water. Tribal nonuse of excess water in any one year shall not affect the right of the Tribe to use excess water in any subsequent year.

e. Contract Water. Nothing in this Compact shall affect the water, and any rights therein, secured to the Tribe by Water Purchase Contract No. 232 for 7,500 acre-feet per year, dated March 15, 1938, between the Tongue River Water Users Association, the Water Conservation Board of the State of Montana and the United States, through the Secretary of the Interior. Any water entitlement pursuant to the Contract shall be in addition to and not a part of the 32,500 acre-feet per year Tribal Water Right set forth above.

f. Failure of Tongue River Dam. In the event of a failure of the Tongue River Dam which causes a substantial diminution of the Tribe's storage right set forth in paragraph A.2.b. of this Article, and notwithstanding the provisions of Article V.A. of this Compact, any party may within 180 days of said failure request the others to renegotiate this Compact. The parties shall have three years from the date of the request to reach a new agreement, during which time all of the provisions in this Compact shall remain in full force and effect. If no party requests renegotiation, or if a new agreement is not reached within three years of the request, the provisions of paragraph A.2.a.ii. of this Article concerning the subordination of the Tongue River direct flow Tribal Water Right to other specified water rights, shall become null and void; provided, that all other provisions of this Compact shall remain in full force and effect. The Tribe shall not be entitled to void or terminate this Compact, or to assert that the State is in breach of the Compact, for a failure of the Tongue River Dam; provided, that any and all other rights of the Tribe arising from such event shall not be affected by this paragraph.

3. Rosebud Creek.

a. Water Right. The Tribe has a right to divert or use or to permit the diversion or use from Rosebud Creek and its tributaries, for agricultural purposes only, of 1,800 acre-feet of water per year, or enough water to irrigate 600 acres of land per year, whichever is less, with a priority date of October 1, 1881. Tribal and individual Indian irrigation uses in existence as of the ratification date on-Reservation in the Rosebud Creek basin are recognized and protected, and shall be considered a use of the 1,800 acre-feet per year right described in this paragraph.

b. Implementation. The Tribe agrees that in the period between May 1, 1991 and July 1, 1993, the Tribe, or persons authorized by it, will develop no more than 200 acres of land in addition to irrigation uses in existence as of May 1, 1991, through irrigation methods involving pumping of alluvial groundwater, except that the Tribe, or persons authorized by it, may develop up to the full 600 acres of land, or any portion thereof, by any other method. During this period, the Tribe and the State agree to share any hydrologic data available for use in connection with any test which the State undertakes to evaluate impacts, if any, of development of on-Reservation lands on off-Reservation lands. After July 1, 1993, the Tribe, or persons authorized by it, may develop the full 600 acres of land by any irrigation method.

c. Additional Water Right. In addition to the water right described in paragraph A.3.a. of this Article, the Tribe has a right to divert or use or permit the diversion or use from Rosebud Creek and its tributaries, for any purpose, of up to 19,530 acre-feet of water per year, or enough water to irrigate 6,510 acres of land per year, whichever is less, with a priority date of October 1, 1881. The Tribe may not exercise the water right set forth in this paragraph in a manner that adversely affects a water right finally decreed in any general adjudication of the Rosebud Creek basin or, until such final decree is issued, a water right recognized under state law, which 1) has a priority date of June 30, 1973 or earlier, and 2) is based on the use of an irrigation system in place and not abandoned as of June 30, 1973; provided, that the state law water rights protected in this paragraph shall not exceed:

i. North of the Reservation, 8,100 acre-feet of water per year or enough water to irrigate 2,700 acres of land per year, whichever is less; and

ii. South of the Reservation, 540 acre-feet of water per year or enough water to irrigate 180 acres of land per year, whichever is less.

d. Dams and Impoundments. The Tribe shall not construct, within the Rosebud Creek basin, any dams or impoundments to store water naturally arising in Rosebud Creek and its tributaries; provided, that the Tribe may construct stockwater impoundments pursuant to paragraph A.5. of this Article, and, subject to other applicable provisions of this Compact, may construct dams or impoundments within the Rosebud Creek basin to store water from sources outside the basin, including non-alluvial groundwater.

e. Moratorium on Permits. The Montana Department of Natural Resources and Conservation shall order a moratorium on the issuance of permits in the Rosebud Creek basin concurrent with the ratification date of this Compact. The moratorium shall not apply to applications for permits by persons who have entered into deferral agreements with the Tribe for Rosebud Creek basin water as provided in Section G. of this Article. The Department may order the moratorium lifted if it determines that water is available over and above the amount necessary to fulfill the Tribal Water Right described in paragraph A.3.a. and Section A.3.c. of this Article. The Tribe may challenge the Department's determination to lift the moratorium under the procedure set forth in Article IV of this Compact.

4. Groundwater.

a. Alluvial Groundwater. The Tribe has a right to withdraw and use, or permit the withdrawal and use of, alluvial groundwater in lieu of surface water diversions of the Tongue River and Rosebud Creek Tribal Water Right, subject to the same terms and conditions of this Compact that apply to such surface water diversions. Alluvial water withdrawn from wells or manifolded well systems with a capacity of 100 gallons per minute or less shall not be deducted from the Tribal Water Right. For wells or manifolded well systems with a capacity of withdrawing greater than 100 gallons per minute of alluvial water, the entire amount withdrawn shall be deducted from the Tribal Water Right.

b. Non-alluvial Groundwater. Except where a Tribal right to non-alluvial groundwater is established pursuant to Article VII.B. of this Compact, Tribal use or authorization of use of non-alluvial groundwater shall, at the election of the Tribe, comply with state law in effect at the time of the use or with the alluvial groundwater provisions of paragraph A.4.a. of this Article.

5. Stockwater Impoundments. The Tribe may construct, or permit the construction of, stockwater impoundments on the Reservation, where the capacity of the impoundment is less than 15 acre-feet and the impoundment is constructed on a source other than a perennial flowing stream. The amount of water so impounded shall not be deducted from the Tribal Water Right.

6. Subirrigation. The Tribe shall be entitled to take advantage of any natural subirrigation occurring on the Reservation. Where otherwise consistent with state law, persons outside the Reservation shall also be entitled to take advantage of natural subirrigation.

7. Big Horn Reservoir (Yellowtail) Storage.

    a. Tribal Allocation. As a part of the Tribal Water Right, the Secretary of the Interior shall allocate 30,000 acre-feet per year of stored water in Big Horn Reservoir, Yellowtail Unit, Lower Bighorn Division, Pick-Sloan Missouri Program, Montana, measured at the dam, for use or disposition by the Tribe for any beneficial purpose, either on or off the Reservation, pursuant to the terms of this Compact. This allocation is subject to the prior reserved water rights, if any, of any Indian tribe, or of persons claiming water through that tribe, to that water. Any use or disposition of water from Big Horn Reservoir off the Reservation by the Tribe is subject to the specific provisions relating to such use or disposition in any act of Congress ratifying this Compact.

    b. Payment for Tribal Allocation. The Tribe shall not be required to make payments to the United States for any portion of the Tribal Water Right stored in Yellowtail Reservoir unless and until the water is used or sold by the Tribe in which case the Tribe shall make annual payments to the United States as hereinafter provided.

        i. Use or Sale for Municipal and Industrial (M&I) Purposes. For each acre-foot of stored water used or sold for M&I purposes, the Tribe shall pay annually to the United States an amount to cover the proportionate share of the annual operation, maintenance and replacement (OM&R) costs, and the proportionate share of the capital costs with appropriate interest for the Yellowtail Unit allocable to the Tribe's stored water. Upon full payment of the capital costs allocable to the Tribe's stored water supply, the annual payments shall include only a proportionate share of the annual OM&R costs. Such annual payments shall be reviewed and adjusted, as appropriate, to reflect the actual capital and OM&R costs for the Yellowtail Unit.

ii. Agricultural, Domestic, Livestock, and Other Uses. For each acre-foot of stored water used or sold for other than M&I purposes, the Tribe shall pay annually to the United States an amount to cover the OM&R cost for the Yellowtail Unit allocable to the Tribe's stored water, which amount shall be reviewed and adjusted, as appropriate, to reflect the actual OM&R costs for the Yellowtail Unit. The Bureau of Indian Affairs shall transfer sufficient funds on a nonreimbursable basis to the Bureau of Reclamation to cover allocable OM&R costs under this paragraph.

c. Rates and Revenues. Except for payments required to be made to the United States as set forth above, the Tribe shall set such rates as it deems proper for its use or sale of stored water and shall retain all revenues from its use or sale of said stored water; provided, that the United States reserves the right to use any and all water stored in Yellowtail Reservoir for hydropower generation.

d. Agreement. Following ratification of this Compact, and upon development of a demand for the water under Section A.7. of this Article, the United States and the Tribe shall enter into an appropriate agreement, if required, setting forth the terms and conditions under which water will be made available to the Tribe, and for the collection and disposition of revenues in connection therewith.

B. Persons Entitled to Use the Tribal Water Right.
The Tribal Water Right may be used by the Tribe, or persons authorized to use water by the Tribe pursuant to Article III; provided, that:

1. Such use is in accordance with the terms of this Compact;

2. That the Tribe shall give preference to Tribal members to use the Tribal Water Right; and

3. Such water right may be transferred from one Tribal member to another Tribal member for agricultural purposes only upon the transfer of land on the Reservation from one Tribal member to another Tribal member.

C. Place of Use of the Tribal Water Right.
Pursuant to a Tribal water code adopted as prescribed in Article III of this Compact, and subject to all other provisions of this Compact, the Tribe shall have the right to use or permit use of the Tribal Water Right with any point of diversion or any place of use on or off the Reservation; provided, that any use of the Tribal Water Right off the Reservation shall not be deemed to convert the Tribal Water Right to a state water right, and subsequent nonuse of the Tribal Water Right

off the Reservation shall not constitute a relinquishment, forfeiture, or abandonment of the Right.

D. Purposes of the Tribal Water Right.

Except as provided in paragraph A.3.a. of this Article, the Tribe may authorize use of the Tribal Water Right on the Reservation for any purpose without regard to whether such use is beneficial as defined by state law. Off the Reservation, any use of the Tribal Water Right shall comply with Article III.B.

E. Conditions Upon Uses of the Tribal Water Right.

The Tribe shall adopt appropriate regulations to ensure that use of the Tribal Water Right is not wasteful and does not degrade water quality.

F. Transfer of Tribal Water Right.

The Tribe shall not transfer water naturally arising in Rosebud Creek or its tributaries for use off the Reservation. The Tribe may transfer any other part of the Tribal Water Right for use on or off the Reservation pursuant to the terms of this Compact. This paragraph shall not affect the right of the Tribe to enter into a deferral agreement regarding Rosebud Creek water pursuant to Section G. of this Article.

G. Deferral Agreements.

After the ratification date, the Tribe may enter into an agreement with any person who is exercising or proposing to exercise a right under state law to use surface water off the Reservation, which agreement protects the person's right from any exercise of the Tribal Water Right; provided, that:

1. Before use of such water, the person shall have complied with all applicable state laws concerning the acquisition of a water right;
2. Subsequent to acquisition of the state water right, regulation of its use shall be subject to state law;
3. The amount of water subject to the agreement shall be deducted from the amount of water available for depletion by the Tribe in the basin from which the water is being diverted; and
4. The agreement shall not permanently alienate the Tribal Water Right or any part thereof.

H. Effect of Non-Use of Tribal Water Right.

Non-use of any part of the Tribal Water Right shall not constitute a relinquishment, forfeiture or abandonment of the Right.

I. Tribal Water Right to be Held in Trust.

The Tribal Water Right shall be held in trust by the United States for the benefit of the Tribe.

Article III

Administration of Water Rights

A. Tribal Administration.

1. Except as otherwise provided in this Compact, the use of the Tribal Water Right shall be administered by the Tribe, and the Tribe has the final and exclusive jurisdiction to resolve all disputes between users of the Tribal Water Right. Administration and enforcement of the Tribal Water Right shall be pursuant to a water code, which shall be developed and adopted by the Tribe and submitted for approval to the Secretary of the Interior within one year after ratification of this Compact. Pending the adoption and approval of the Tribal water code, the administration and enforcement of the Tribal Water Right shall be by the Secretary of the Interior.

2. Within six months after the Tribal water code takes effect, the Tribe shall provide the State with notice of each use of the Tribal Water Right, including uses in existence as of the ratification date of this Compact and those established since that time, which shall show:

   a. The person authorized to make the diversion;

   b. The amount of water authorized to be diverted annually;

   c. The amount of water authorized for annual consumption;

   d. The point of diversion;

   e. The period of use;

   f. The place of use;

   g. The uses for which the water may be diverted; and

   h. The relative priority of the use as against other uses of the Tribal Water Right.

3. The Tribe shall thereafter notify the State within sixty days after the end of each quarter year of all new uses of surface and groundwater authorized by the Tribe during the preceding quarter year and of all new uses of the Tribal Water Right actually commenced during that quarter year. The notice shall be in the same format as that prescribed in Section A.2. of this Article.

4. The Tribe shall provide the State with not less than 180-days written notice prior to the start of construction of any project to divert any portion of the Tribal Water Right from the Big Horn River or the Big Horn Reservoir for use on the Reservation, or from the Tongue River or the Tongue River Reservoir for use on the Reservation in the Rosebud Creek basin. The notice shall

describe: any diversion, conveyance and storage facilities; the amounts of water to be diverted and consumed; and the purpose, place, and period of the proposed use. Diversion or use of water from such project may be made only after all permits, certificates, variances or other authorizations described in paragraph B.3. of this Article have been obtained. With respect to any such project or diversion, the State or any affected person may seek such remedies as may be available under federal, state, or tribal law, and nothing in this Compact shall be construed to affect the rights of any party under such law.

B. Off-Reservation Uses of the Tribal Water Right.

1. Off-Reservation Uses. Any use of the Tribal Water Right involving a point of diversion or place of use located off the Reservation shall be considered an off-Reservation use; provided, that releases or diversions from Big Horn Reservoir or Tongue River Reservoir for use on the Reservation shall not be considered off-Reservation uses.

2. Subsequent Federal or State Law. All off-Reservation uses of the Tribal Water Right shall comply with the requirements set forth in Section B. of this Article until such time as the statutory or common law of the United States or the State of Montana establishes that off-Reservation uses of Indian water rights may occur without regard to state law.

3. Diversion Facilities. With respect to diversion or transportation facilities located off the Reservation, the Tribe or persons using the Tribal Water Right shall apply for all permits, certificates, variances and other authorizations required by state laws regulating, conditioning or permitting the siting, construction, operation, alteration or use of any equipment, device, facility or associated facility proposed to use or transport water. A diversion or use of water in the exercise of the Tribal Water Right may be made only after all permits, certificates, variances or other authorizations applied for pursuant to this paragraph have been obtained.

4. Off-Reservation Uses in Tongue and Rosebud Basins.

   a. The Tribe shall provide the State with not less than 180-days advance written notice of any off-Reservation use, transfer, or change of use of the Tribal Water Right:

      i. Within the Tongue River basin, or

      ii. Utilizing Tongue River water off-Reservation in the Rosebud Creek basin.

   b. The notice shall include sufficient documentation to demonstrate that:

i. The proposed use of water is a beneficial use as defined by Montana law in effect at that time;

ii. The proposed means of diversion, and the construction and operation of the diversion works are adequate;

iii. The proposed use, transfer, or change of use will not adversely affect, except with the consent of the owner of such right:

A. Any water right arising under the laws of the United States, or

B. Any right to the use of water established pursuant to the laws of the State; except that, if the portion of the Tribal Water Right that is the subject of the proposed off-Reservation use, transfer or change of use is the storage and exchange right set forth in Article II.A.2.b. of this Compact, the Tribe need only demonstrate that Miles City Decree rights will not be adversely affected by such use, transfer, or change of use.

iv. The proposed use, transfer, or change of use does not cause any unreasonable significant adverse environmental impact; and

v. Proposed uses, transfers, or changes in use in excess of 4,000 acre-feet per year and 5.5 cubic feet per second of water will not:

A. Substantially impair the quality of water for existing uses in the source of water from which the diversion is made;

B. Be made where low quality water which can economically be used is legally and physically available to the Tribe for the proposed use;

C. Create or substantially contribute to saline seep; or

D. Substantially injure fish or wildlife populations in the source of water from which the diversion is made.

c. A proposed use, transfer or change of use of the Tribal Water Right pursuant to Section B.4. of this Article may be challenged:

i. Within 30 days after the expiration of the notice period provided in Section B.4.a. of this Article;

ii. In a court of competent jurisdiction; and

iii. By the State or by a person whose rights are adversely affected by the proposed use, transfer, or change of use.

In any such case, the Tribe shall have the burden of proving by a preponderance of the evidence that it has satisfied the requirements of Section B.4.b. of this Article. A Tribal notice that conforms to the requirements of Section B.4.b. of this Article shall be prima facie evidence of its contents.

5. Off-Reservation Uses Outside Tongue and Rosebud Basins. Except as provided in Section B.4. of this Article, no person may initiate an off-Reservation use, transfer, or change of use of the Tribal Water Right without first applying for and receiving authorization for the use, transfer, or change of use pursuant to Montana law in effect at the time of the application.

C. State Administration.

1. The State shall administer all rights to the use of surface water and groundwater within the Reservation which are not a part of the Tribal Water Right. The State shall have the final and exclusive jurisdiction to resolve all disputes between users of rights established under state law.

2. Within one year after ratification of this Compact, the State shall notify the Tribe of all existing uses of surface and groundwater for which a permit has been issued by the State in the Tongue River or Rosebud Creek basins. The notice shall state:

   a. The person authorized to make the diversion;

   b. The amount of water authorized to be diverted annually;

   c. The amount of water authorized for annual consumption;

   d. The point of diversion;

   e. The period of use;

   f. The place of use;

   g. The uses for which the water may be diverted; and

   h. The priority date of the use.

3. The State shall notify the Tribe within sixty days after the end of each quarter year of all new uses of surface and groundwater for which a permit has been issued by the State in the Tongue River or Rosebud Creek basins during the preceding quarter year and of all new uses of water actually commenced pursuant to the laws of the State during that quarter year on each of these sources. The notice shall be in the same format as that prescribed in Section C.2. of this Article.

D. Operation of Tongue River Reservoir.

1. To provide for Tongue River Reservoir operation procedures that are consistent with the purposes of this Compact, a reservoir operation plan shall be developed by a five-member advisory committee. The committee shall have representatives from the State of Montana, the Tongue River Water Users Association, the Northern Cheyenne Tribe, the United States, and a fifth member to be selected by the other four. The advisory committee shall annually agree upon a reservoir operation schedule setting forth proposed uses of storage and direct flow for the year. The Department of Natural Resources and Conservation or its successor shall thereupon be responsible, consistent with the terms of this Compact and other applicable law, for the daily operation of the Reservoir and for implementation of the reservoir operation plan.

2. The reservoir operation plan shall provide for the operation of the project for fish and wildlife purposes depending on the availability of water on an annual basis. This provision shall not create an operational preference for fish and wildlife purposes relative to other project purposes.

3. The Secretary of the Interior shall pay annually to the State an amount to cover the proportionate share of the annual operation, maintenance and replacement (OM&R) costs for the Tongue River Dam allocable to the Tribe's stored water in the Reservoir.

Article IV

Northern Cheyenne-Montana Compact Board

A. Establishment of Board.
There is hereby established the Northern Cheyenne-Montana Compact Board. The Board shall consist of three members: one member appointed by the Governor of the State of Montana; one member appointed by the Northern Cheyenne Tribal Council; and one member selected by the other two members. All members shall be appointed within six months of the ratification date of this Compact and within thirty days of the date any vacancy occurs. Each member shall serve a five-year term and shall be eligible for reappointment. The initial term of each member shall be staggered with one member serving a five-year term, one a four-year term, and one a three-year term. The initial term of each member shall be chosen by lot. Expenses of the members appointed by the State and the Tribe shall be borne by the entity appointing the member. The expenses of the third member and all other expenses shall be borne equally by the Tribe and the State, subject to the availability of funds.

B. Membership.
Should the two appointed members fail to agree on the selection of a third member within sixty days of the ratification date of this Compact

or within thirty days after any vacancy occurs, the following procedure shall be utilized:

1. Within five days each member shall nominate three persons to serve as a member of the Board;

2. Within fifteen days thereafter each member shall reject two of the persons nominated by the other member;

3. The chief judge of the United States District Court for the District of Montana shall select the third member of the Board from the remaining two nominees. If the chief judge declines for any reason to select the third member, the chief justice of the Montana Supreme Court shall make the selection from the remaining two nominees.

C. Quorum and Vote Required.
Two members of the Board shall constitute a quorum if reasonable notice has been provided in advance to the absent member. All Board decisions shall be by a majority of the Board, shall be in writing and, together with any dissenting opinions, shall be served on all parties in the proceeding before the Board, and on the parties to this Compact.

D. Jurisdiction of the Board.
The Northern Cheyenne-Montana Compact Board shall have jurisdiction to resolve controversies over the right to the use of water between users of the Tribal Water Right on the one hand and users of state water rights on the other hand. Such controversies shall include, but shall not be limited to, disputes as to the meaning of this Compact, and disputes concerning the operation of the Tongue River Reservoir as it affects the Tribal Water Right.

E. Powers and Duties.
The Board shall hold hearings upon notice in proceedings before it and shall have the power to administer oaths, take evidence and issue subpoenas to compel attendance of witnesses or production of documents or other evidence. The Tribe, the State, and the United States shall enforce the Board's subpoenas in the same manner as prescribed by the laws of the Tribe, the State, or the United States for enforcing a subpoena issued by its courts in a civil action. The parties to the controversy may present evidence and cross examine any witnesses. The Board shall determine the controversy based on the evidence, and grant any appropriate relief, except money damages. All decisions of the Board shall be by majority and in writing. The Board shall adopt necessary rules and regulations to carry out its responsibilities within six months after its first meeting. All records of the Board shall be open to public inspection except for privileged information.

F. Review and Enforcement of Board Decisions.

1. Decisions by the Board shall be effective immediately, unless stayed for a period of time prescribed by the Board. Any party before the Board may appeal any final decision by the Board to

a court of competent jurisdiction within thirty days of such decision. The notice of appeal shall be filed with the Board and served personally or by registered mail upon the Tribe, the State, the United States and all parties to the proceeding before the Board, and all such persons shall thereafter have the right to participate in the appeal.

2. In any appeal, the Board's decision shall be presumed to be valid, and may be vacated by the court only on one of the following grounds:

   a. The decision is not supported by substantial evidence;

   b. The decision was procured by corruption, fraud or undue means;

   c. There was evident partiality or corruption by the Board or by any member;

   d. The Board was guilty of misconduct in refusing to hear the dispute, or in refusing to hear evidence pertinent and material to the controversy, or any other clear misbehavior by which the rights of any party have been substantially prejudiced;

   e. The Board exceeded its authority under the terms of this Compact; or

   f. The decision is contrary to law.

3. Unless an appeal is timely filed as provided in paragraph F.1. of this Article, any decision of the Board shall be confirmed or enforced by any court of competent jurisdiction on petition of the Board, the Tribe, the State, the United States, or any party before the Board in the proceeding in which the decision was made.

4. A court of competent jurisdiction in which a timely appeal is filed pursuant to paragraph F.1. of this Article, or in which a petition to confirm or enforce is filed pursuant to paragraph F.3. of this Article, may order such temporary or permanent relief as it considers just and proper.

5. Any appeal may be taken from any decision of the court in which a timely appeal is filed pursuant to paragraph F.1. of this Article, or in which a petition to confirm or enforce is filed pursuant to paragraph F.3. of this Article, in the manner and to the same extent as from orders or judgments of the court in a civil action.

6. In any appeal or petition to confirm or enforce the Board's decision, the Board shall file with the court the record of the proceedings before the Board.

G. Waiver of Immunity.

The Tribe, the United States and the State hereby waive their respective immunities from suit, including any defense the State shall have under the Eleventh Amendment of the Constitution of the United States, in order to permit the resolution of disputes under this Compact by the Northern Cheyenne-Montana Compact Board, and the appeal or judicial enforcement of Board decisions as provided herein, except that such waivers of sovereign immunity by the Tribe, the United States, or the State shall not extend to any action for money damages including costs and attorneys' fees.

Article V

Finality and Effectiveness of Compact

A. Ratification and Effectiveness of Compact.

1. Upon ratification by the Northern Cheyenne Tribal Council and the Legislature of the State of Montana, the terms of this Compact may not be altered, voided, or modified in any respect without the consent of the parties; provided, that except as set forth in Section A.2. of this Article, this Compact shall not become effective until ratification by the United States Congress and the completion date occurs, notwithstanding the provisions of Section 85-2-702(2), MCA. If the completion date does not occur on or before December 31, 1997, or any later date agreed to in writing by the parties, this Compact, including all provisions that become effective on the ratification date, shall become null and void without further action by any party. Notwithstanding the provisions of Section 85-2-702(3), MCA, this Compact shall not be included in any preliminary decree or final decree in any State water court proceeding unless and until this Compact becomes effective as set forth in this Article.

2. As between the State and the Tribe, all of the provisions of this Compact shall become effective upon the ratification date except insofar as they:

   a. Quantify or provide for the administration of the Tongue River Tribal Water Right;

   b. Provide for the management or operation of the Tongue River Reservoir; or

   c. Require Congressional authorization.

   All of the provisions that do not become effective upon the ratification date shall become effective on the completion date, unless Congress provides otherwise.

B. Incorporation Into Decrees and Disposition of Federal Suits.
Within sixty days after the completion date, the parties shall petition for incorporation of this Compact into a decree in any appropriate State court proceeding commenced in accordance with 43 U.S.C. §666. Upon the issuance of a final decree by the State water court, or its

successor, and the completion of any direct appeals therefrom, or upon the expiration of the time for filing any such appeal, the United States, the Tribe, and the State shall within thirty days execute and file joint motions pursuant to Rule 41(a), Fed. R. Civ. P., to dismiss the Tribe's claims, and any claims made by the United States as trustee for the Tribe, in Northern Cheyenne Tribe of the Northern Cheyenne Reservation v. Adsit, et al., No. 75-6-BLG (D. Mont.); United States v. Big Horn Low Line Canal Company, et al., No. 75-34-BLG (D. Mont.); and United States v. Tongue River Water Users Association, et al., No. 75-20-BLG (D. Mont.), (hereinafter collectively referred to as "the federal suits"), with prejudice. This Compact shall be filed as a consent decree in the federal suits only if, prior to the dismissal of the federal suits as provided in this Article, it is finally determined in a judgment binding upon the State of Montana that the State courts lack jurisdiction over, or that the State court proceedings are inadequate to adjudicate, some or all of the water rights asserted in the federal suits.

Article VI

General Provisions

A. Nothing in this Compact shall be so construed or interpreted:

1. To establish the nature, extent, or manner of administration of water rights of any Indian reservation or other federal reservation other than the Northern Cheyenne Reservation;

2. To preclude the acquisition or exercise of a right to the use of water by the Tribe or any individual Indian outside the Reservation by purchase of such right or by acquisition of land, or by application to the State;

3. To preclude the acquisition or exercise of an appropriative right to the use of water under state law by the Tribe or any individual Indian within the Reservation:

   a. By purchase of such right or by purchase of land; provided, that water rights acquired by such purchase after the ratification date of this Compact shall be in addition to and shall become part of the Tribal Water Right and shall be governed by this Compact; or

   b. By application to the State. Except for applications for non-alluvial groundwater pursuant to Article II.A.4.b., and applications for storage appropriations authorized by paragraph A.8. of this Article, any such application shall not be granted by the State until the Tribal Water Right in the basin where the diversion that is the subject of the application is located has been fully utilized;

4. To determine the relative rights inter sese of persons using water under the authority of the State or the Tribe;

5. To limit in any way the rights of the parties or any other person to litigate any issues or questions not resolved by this Compact;

6. To authorize the taking of a water right which is vested under state or federal law;

7. To create or deny substantive rights through headings or captions used in this Compact;

8. To preclude or to discourage the Tribe from establishing the right to, or contracting for, water from any further enlargements of the Tongue River Dam, or from any future storage facilities that may be built within the Tongue River or Rosebud Creek basins, or in any other water basins;

9. To address or prejudge whether, in any interstate apportionment, the Tribe's water right shall be counted as part of the waters apportioned to the State; or

10. To alter or amend any provisions of the Yellowstone River Compact, Act of October 30, 1951, ch. 629, 65 Stat. 663 (1951).

11. To prohibit the Tribe or the United States from challenging any claims to water in any general adjudication of the Tongue River or Rosebud Creek basins.

B. The parties expressly reserve all rights not granted, recognized or relinquished in this Compact.

C. The Secretary of the Interior shall comply with all aspects of the National Environmental Policy Act, 42 U.S.C. §§4331-4335, and the Endangered Species Act, 16 U.S.C. §1531, et seq., and other applicable environmental acts and regulations in implementing this Compact.

Article VII

Tribal Relinquishment of Other Water Claims

A. With the exception of the Tribe's claim to non-alluvial groundwater in paragraph B. of this Article and any rights to water which may exist with respect to land held by the Tribe or a Tribal member outside the present Reservation, the Tribe and the United States as trustee for the Tribe hereby relinquish forever any and all claims, in existence on the ratification date of this Compact, to water within the State of Montana. The relinquishment includes, but is not limited to, any claim for water derived from aboriginal use of land or water, any Indian treaties, any Act of Congress, and any executive act of the United States.

B. The parties intend that the water right as confirmed to the Tribe in Article II is in full satisfaction of its federal reserved water right based on Winters v. United States, 207 U.S. 564 (1908). Notwithstanding the provisions of paragraph A. of this Article, the Tribe retains the right to assert a claim that it has a right, not based on the federal reserved water rights doctrine, to the use of any non-alluvial groundwater underlying the Reservation. In any such action, the Tribe shall be estopped to assert that its right to non-alluvial groundwater is a federal reserved water right, that the Tribal Water Right confirmed in Article II is inadequate to satisfy the purposes for which the Reservation was created, or from collaterally attacking this Compact in any manner. Any right to non-alluvial groundwater established by the Tribe under this paragraph is not subject to this Compact. Nothing in this Compact shall be construed to waive any defenses of the State or any water user to a Tribal claim for non-alluvial groundwater.

Article VIII

Binding Effect

Upon the effectiveness of any provision of this Compact, its terms will be binding:

A. Upon the State and any person or entity of any nature whatsoever using, claiming or in any manner asserting any right under the authority of the State to the use of water in the State of Montana; provided, that for purposes of consent, ratification, or authorization, the validity of consent, ratification, or authorization is to be determined by Montana law;

B. Upon the Tribe and any person or entity of any nature whatsoever using, claiming or in any manner asserting any right to the use of the Tribe's water right, or any right arising under any doctrine of reserved or aboriginal water rights for the Tribe, or any right arising under tribal law; provided, that for purposes of consent, ratification, or authorization, the validity of consent, ratification or authorization is to be determined by tribal law; and

C. Upon the United States and any person or entity of any nature whatsoever using, claiming or in any manner asserting any right under the authority of the United States to the use of water in the State of Montana; provided, that for purposes of consent, ratification, or authorization, the validity of consent, ratification or authorization is to be determined by federal law, and further provided that nothing contained in this Compact affects any claim of any Indian tribe, or of persons claiming water through that tribe, or the right of any Indian tribe, or persons claiming water through that tribe, to pursue a claim to any water from any source based on any theory of right or entitlement.

Article IX

Contributions to Settlement

A. The United States agrees to provide $31,500,000 to repair the Tongue River Dam and spillway and to raise the Tongue River Dam spillway crest to secure the Tribe's existing contract water under Article

II.A.2.e. and to provide additional storage capacity to secure the Tribe's storage and exchange water right under Article II.A.2.b.

B. The State agrees to provide $16,500,000 to repair the Tongue River Dam and spillway with the understanding that the State's portion will be paid through a combination of cash and federal loans, in proportions to be agreed upon by the parties.

C. The Provisions of this Article are subject to the separate Letter of Agreement dated April 17, 1991, between the State and the United States explaining in detail the allocation of the costs of the project. The State and the United States will enter into a further agreement providing for the expenditure of the contributions and loans of the United States hereunder.

D. The United States agrees to provide $10,000,000 for a Tribal Development Fund payable in equal amounts of $2,000,000 each fiscal year for five years. These funds shall not be distributed on a per capita basis to members of the Tribe and shall only be used for land and natural resources administration, planning and development within the Northern Cheyenne Reservation or for land acquisition by the Tribe within the Northern Cheyenne Reservation.

E. Federal financial contributions to paragraph A of this Article will be budgeted for, subject to the availability of funds, by October 1 of the year following the ratification of this Compact by Congress and the authorization by Congress of the Tongue River Dam project. Federal financial contributions to paragraph D of this Article will be budgeted for, subject to the availability of funds, by October 1 of the second year following the ratification of this Compact by Congress and the authorization by Congress of the Tongue River Dam project.

F. The Tribe and the United States agree to pursue through the normal Bureau of Indian Affairs and Department of the Interior budget process such additional sums as are necessary to implement the terms of this Compact, to develop a Tribal water code, and to provide increased agricultural development on the Reservation. The State agrees to support the efforts of the Tribe and the United States in this regard.

Article X

The Parties agree to seek enactment of any legislation necessary to effectuate the provisions and purposes of this Compact, and to defend the provisions and purposes of this Compact from all challenges and attacks; provided, that no provision of the Compact shall be modified as to substance except as may be provided herein.

CHAPTER NO. 814

[HB 233]

AN ACT PROVIDING A FIRST RIGHT OF PURCHASE OF OR THE RIGHT TO MATCH A COMPETING LEASE OFFER FOR LEASED LAND TO LEASEHOLDERS OF THE LAND WITHIN 300 FEET OF A RAILROAD RIGHT-OF-WAY; REQUIRING COMPENSATION TO THE LESSEE IF THE LEASE IS TERMINATED; AMENDING SECTION 69-14-553, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Definitions.** As used in [sections 1 and 2], the following definitions apply:

(1) "Fair market value" means:

(a) the price negotiated between the parties under [section 2]; or

(b) the appraised value as determined by a certified appraisal under [section 2].

(2) "Leaseholder" means a person who holds a lease or permit with respect to land adjacent to a railroad right-of-way and who has constructed or owns buildings on the land that have an appraised value of $5,000 or more.

(3) "Right-of-way" means land upon which a railroad has or has had tracks.

Section 2. **First right to purchase or match offer — lease preference — negotiation process — exception.** (1) A person or entity that has a leasehold site between a point 8.5 feet from the centerline of the track nearest the edge of the right-of-way and 300 feet of the track centerline and that uses the leasehold for transporting grain, seed, or related agricultural input commodities, regardless of the status of train operations, has a right of first refusal to purchase the land in the event the owner seeks to sell the land or transfer the leasehold estate.

(2) The leaseholder of a leasehold site described in subsection (1) must be given the opportunity to match a competing lease offer upon expiration of an existing lease. If the leaseholder matches the new lease offer, the lease must be given to the leaseholder. When a person other than the current leaseholder becomes the lessee of a leasehold site described in subsection (1) or the lease is terminated by the lessor for reasons other than nonpayment or other material breach of the lease, the lessor or new lessee shall compensate the former leaseholder for the fair market value of improvements made by the former leaseholder.

(3) The owner of the land may not sell or offer for sale an interest in the leased land or dispossess the leaseholder for reasons other than non-

payment or other material breach of the lease unless he first extends to the leaseholder a written offer to sell the leased land to the leaseholder at fair market value. The leaseholder shall respond to the offer within 60 days of receipt of the offer.

(4) The owner shall negotiate in good faith with the leaseholder for a period not to exceed 90 days following the leaseholder's response to the written offer provided for in subsection (3). The land may not be sold or transferred during the response and negotiation periods.

(5) (a) If the owner and the leaseholder cannot agree on the fair market value, they shall appoint a certified appraiser to establish the fair market value.

(b) In the event that the owner and leaseholder cannot agree on an appraiser, each shall appoint a certified appraiser who shall make an independent appraisal. If the appraisals are within 5% of each other, the average of the two appraisals must constitute the fair market value.

(c) If the two appraisals differ by more than 5%, the two appraisers must appoint a third certified appraiser whose appraisal must establish the fair market value.

(d) If the leaseholder fails to close the purchase of the leasehold estate for any reason within 45 days after the fair market value of the land has been established by the appraisal process provided for in this section, the right of first refusal is extinguished and the owner is free to transfer the property to a person or entity other than the leaseholder.

(e) The owner may transfer a title under this section by quitclaim deed rather than warranty deed.

(6) This section does not apply to the sale of an entire operating railroad line by one operating railroad to another entity for the purpose of operating a railroad.

Section 3. Section 69-14-553, MCA, is amended to read:

"**69-14-553. Acquisition and transfer of real estate.** ~~Any such~~ *A railroad* corporation may acquire by purchase or gift any ~~lands~~ *land* in the vicinity of its road or through which the ~~same~~ *road* may pass~~, so far as may be~~ *if the land is* convenient or necessary to secure the right-of-way or ~~such as may be~~ *if the land is* granted to aid in the construction of ~~such~~ *the* road and*, except as provided in [sections 1 and 2], may* convey the ~~same~~ *land* in ~~such~~ *any* manner ~~as~~ the directors may prescribe. All deeds and conveyances made by ~~such~~ *the* corporation ~~shall~~ *must* be signed by the president, under the seal of the corporation."

Section 4. **Codification instruction.** [Sections 1 and 2] are intended to be codified as an integral part of Title 69, chapter 14, and the provisions of Title 69, chapter 14, apply to [sections 1 and 2].

Section 5. **Coordination instruction.** If [this act] is passed and approved and House Bill No. 924 fails to be passed and approved, then this bill is void.

Section 6. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 7. **Effective date.** [This act] is effective on passage and approval.

Approved May 17, 1991.

CHAPTER NO. 815

[HB 2]

THE GENERAL APPROPRIATIONS ACT OF 1991 FOR THE APPROPRIATION OF MONEY TO VARIOUS STATE AGENCIES FOR THE BIENNIUM ENDING JUNE 30, 1993.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Short title.** [This act] may be cited as "The General Appropriations Act of 1991".

Section 2. **Limit on personal services transfer — exceptions.** (1) Funds appropriated for personal services or indicated in legislative intent as having been appropriated for personal services may not be expended under any other category unless the approving authority approves a specific agency request for the 1993 biennium only, which request is justified either on the basis of documented cost savings or as specified in subsection (2). The approving authority shall submit its analysis of the cost savings to the legislative auditor, with wages and fringe benefits separately documented from other cost savings. The legislative audit committee shall review the approving authority's analysis and report to the 53rd legislature on the savings realized.

(2) If an agency is unable to recruit and hire professional positions funded in the appropriation, funds appropriated for personal services may be used to fund an agreement or contract to provide services that are identical to those services performed by an authorized position. The amount used for the agreement or contract may not be more than the amount authorized for the position less any personal services reduction. The agency director shall certify to the approving authority, as defined in House Bill No. 454, or his designated representative that the agency is unable to fill the position and that the services performed by that position are necessary.

Section 3. **First level expenditures.** The agency and program appropriation tables in the legislative fiscal analyst narrative accompanying this bill, showing first level expenditures and funding for the 1993 biennium, are adopted as legislative intent.

Section 4. **Reorganization.** If any agency reorganizes during the 1993 biennium, the agency shall present for fiscal 1992 and fiscal 1993 by program:

(1) a restatement of the FTE records and financial records consistent with the reorganized structure; and

(2) a comparison of the original operating budget to the revised operating budget that reflects the reorganization. Reorganization means transfer of functions or five or more FTE from one program to another.

Section 5. **Natural resources damage assessment repayment.** In the natural resource damage assessment and litigation against the atlantic richfield company, the state shall seek repayment of any funds appropriated in [this act] that are expended by a state agency for the purpose of conducting the assessment and/or litigation. This repayment must include interest on the funds at a rate commensurate with rates earned in the short-term investment pool.

Section 6. **Personal services reduction.** The line item for "personal services reduction" reduces the agency's total personal services appropriations. Before [this act] is enrolled, the legislative fiscal analyst is directed to allocate the personal services reduction among programs within the agency. This allocation must be:

(1) made after all other amendments contained in this conference committee report have been made; and

(2) based upon the funding for all control variables within each program, excluding control variables that do not contain personal services.

Section 7. **Budget reduction.** The line item for "budget reduction" reduces the agency's total general fund appropriation. The agency, with the approval of the approving authority as defined in House Bill No. 454, shall determine the proportional share of the amount to be applied to each program and reduce that program's appropriation accordingly.

Section 8. **Vacant positions.** If a budgeted position remains unfilled for more than 6 months, the position may be filled only after approval by the approving authority. The approving authority shall document in writing the justification and approval for filling each position that was vacant for more than 6 months and shall provide the documentation to the office of budget and program planning and to the office of the legislative fiscal analyst if requested. If a budgeted position remains unfilled for more than 1 year, the approving authority may not include the position in the budget request base for the executive budget request that will be presented to the 53rd legislature. The budget request presented to the 53rd legislature must include an analysis of vacant positions subject to the approval requirement in this section and must specifically identify those positions that remained unfilled for more than 1 year and are included in the budget request as modifications.

Section 9. **Employee training documentation.** All agencies shall identify on the statewide budgeting and accounting system the costs of providing training to employees, including travel but not including the personal services costs for the employees being trained. In addition, agencies shall maintain statistics and information that disclose the days of training provided to employees, the number of employees who received training, and the type of training provided.

Section 10. **Severability.** If any section, subsection, sentence, clause, or phrase of [this act] is for any reason held unconstitutional, such decision does not affect the validity of the remaining portions of [this act].

Section 11. **Audit cost.** Amounts appropriated for audits may be transferred between fiscal years. Agencies shall reserve enough cash in each fund to pay for audit costs and shall, to the maximum extent allowable under federal regulations, charge audit costs to federal funds. The budget director shall increase the agency line item appropriations for legislative audits by amounts that total the amount appropriated for the 1993 biennium from the legislative auditor's special revenue fund for the purpose of state pay plan funding. The budget director shall allocate the amounts on the same basis that current line items for legislative audits in agency budgets are allocated in [this act].

Section 12. **Technical allocation costs.** For agencies with internal cost allocation plans funded with proprietary revenues, the budget director shall adjust agency appropriations by amounts necessary to increase the budgets for indirect costs attributable to pay increases in an agency's indirect cost pool appropriated in the state pay plan bill. Funding for this appropriation consists of general fund money and other funds in an amount proportionate to the funding allocated for budgeting indirect cost assessments in [this act].

If federal or other funds can be obtained for item 6a in fiscal 1993, the federal or other funds must replace the general fund appropriation in item 6a and the general fund appropriation must be reduced by the amount of federal or other funds received. The total appropriation contained in item 6a may not be increased.

Item 6d is contingent on passage and approval of House Bill No. 809.

Item 7a is contingent on passage and approval of House Bill No. 155. In the event that a pay plan bill is passed and approved that includes salary increases for county attorneys, item 7a must be reduced by the amount included in the pay plan bill for county attorney salaries.

The department may adjust appropriations in the construction program between fund types, provided that the adjustment does not exceed 10% of the total appropriation established by the legislature for the construction program. All transfers between fund types must be fully explained and justified on budget documents submitted to the office of budget and program planning, and all fund transfers of over $1 million in any 30-day period must be communicated to the legislative finance committee in a written report.

The department is directed to conduct a cost responsibility study to determine the appropriate ratio of highway user fees based on road wear caused by each type of user. The department shall provide a report of study results and a recommended fee structure to the legislative finance committee by June 1, 1992.

Item 3c is a biennial appropriation.

The total appropriation for the department includes $2,204,426 in fiscal 1992 and $2,204,426 in fiscal 1993 from the maternal and child health block grant. To the extent revenue from the grant exceeds these amounts, it must be distributed to the counties, based upon identifiable needs. To the extent revenue from the grant is less than these amounts, allocations must be reduced proportionately among state programs and grants to counties.

The total appropriation for the department includes $644,771 in fiscal 1992 and $644,771 in fiscal 1993 from the preventive health block grant. To the extent revenue from the grant exceeds these amounts, it must be distributed at the discretion of the director of the department, based upon identifiable health care needs. To the extent revenue from the grant is less than these amounts, the director of the department shall make program reductions.

Funds appropriated to the department for indirect cost recovery may be expended only for that purpose.

The director's office includes $82,897 of general fund money each year within the legal unit that may be used only to pay legal services billed to programs funded by the general fund within the department. None of this appropriation may be transferred to other programs.

Item 2 includes a total of $25,000 of general fund each year that must be used to perform tests as needed on behalf of the food and consumer safety and occupational health bureaus within the department. If these funds are not needed for testing in the food and consumer safety and occupational health bureaus, they may be expended for other services within the laboratories.

It is the intent of the legislature that the department determine the feasibility of funding the public health and chemistry laboratories through proprietary and special revenue accounts with little or no use of general fund money, except as specified to support testing for the food and consumer safety and occupational health bureaus. If the department determines that such accounting is feasible and saves general fund money, then on or after July 1, 1991, the department may request that the approving authority authorize a proprietary account and reduce the general fund appropriation by a like amount. If this occurs, the general fund appropriation must remain at $25,000 to provide necessary testing for the food and consumer safety and occupational health bureaus.

Item 2b is a biennial appropriation that may be used only if the demand for reimbursable services requires expenditures for supplies, materials, and communications in excess of the appropriated levels of $184,820 in fiscal 1992 and $184,697 in fiscal 1993.

The department is authorized to receive an interentity loan from the general fund for no more than $4,928,894 for the purpose of conducting the Clark Fork natural resources damage assessment and litigation against the atlantic richfield company (ARCO). Repayment of this loan is extended through the end of the 1993 biennium in accordance with 17-2-107. The repayment must include interest on the amount loaned at a rate commensurate with rates earned in the short-term investment pool.

The natural resource damage litigation program policy committee is formed to ensure cooperation and unity among the state's natural resource agencies in carrying out their responsibilities as representatives of the governor, who is the trustee of the state's natural resources. The policy committee shall guide and make natural resource damage litigation program policy recommendations. The appropriation of $4,928,894 to continue the natural resources lawsuit against ARCO must be overseen by the policy committee, which consists of the following individuals or their designated representatives: the governor's energy and environmental policy advisor; the directors of the departments of health and environmental sciences and fish, wildlife, and parks; and the commissioner of the department of state lands. The attorney general or his designated representative may act in an advisory capacity to the natural resource damage litigation program policy committee.

None of the appropriation for the licensing, certification, and construction bureau may be transferred to any other program in the department.

The legislative fiscal analyst is directed to recalculate the indirect cost assessments to department programs, using the following rates applied to 100% of personal services:

	FY 92	FY 93
General Rate	14.00%	12.00%
Environmental Sciences Division	3.00%	3.00%
Statewide Cost Allocation	3.75%	3.75%

Items 3e, 4e, and 5i may be used only to pay for the blanket "pay exception — environmental specialist" class series and associated indirect costs, authorized by the department of administration on April 11, 1991.

Items 3f, 3g, 3h, and 3i are contingent on passage and approval of House Bill Nos. 987, 988, 989, and 994 respectively.

Item 4f is contingent on passage and approval of House Bill No. 660.

All unappropriated revenue to and fund balance in the unemployment insurance administrative tax account is appropriated to a reserve fund for job service administrative costs, except amounts, up to $100,000 per fiscal year, necessary to comply with federal requirements that a cost allocation plan for nonunemployment insurance tax collections be established. The amount of unappropriated funds for deposit into the reserve must be determined after all other unemployment insurance administrative tax appropriations are funded. The job service reserve fund must be maintained within the unemployment insurance administrative tax account. Interest earned on the job service reserve must be deposited into the job service reserve fund. Sufficient funds from the job service reserve are appropriated to the department to fund the job service federal fund appropriation in fiscal 1992 and fiscal 1993, contingent upon receipt of federal funds for the support of job service functions that are less than the level received in fiscal 1991. Funds in the job service reserve may not be transferred to the unemployment insurance trust fund until January 30, 1993, except in the case that an amount is necessary to reduce the employer contribution schedule for the coming year. Any transfer prior to January 30, 1993, must be reviewed by the legislative finance committee.

The department, in concert with other interested parties, shall prepare formal guidelines for use of the unemployment insurance administrative tax funds and present these guidelines to the 53rd legislature. At a minimum, the guidelines must include a prioritization of programs and activities to be funded. The criteria for prioritization must include the following considerations:

(1) loss of federal funding, impact on rural communities, and employer/employee-related functions; and

(2) the establishment and maintenance of a reserve fund to ensure that employment security services continue in the event of federal fund reductions.

The department shall provide information to the 53rd legislature regarding the actual amount collected by the 3 FTE added to collect unemployment insurance accounts receivable.

The department is appropriated up to $1 million each year from funds referred to in 39-71-502 and 39-71-901 to pay uninsured employer and subsequent injury benefits as required by 39-71-503 and 39-71-907.

Funds appropriated in item 1b must be distributed to the office of public instruction for administration of the jobs for Montana's graduates program.

Item 4 is increased by $68,916 in fiscal 1992 and by $70,143 in fiscal 1993 (state special revenue) if House Bill No. 837 is not passed into law.

Item 4a is contingent on passage and approval of House Bill No. 187.

Item 4b is contingent on passage and approval of House Bill No. 342.

Contingent on passage and approval of Senate Bill No. 228, the budget director shall increase item 8 by the amount necessary to bring the salary and benefits of the workers' compensation judge to the levels authorized by Senate Bill No. 228 less any increase provided for in the pay plan bill.

Funds appropriated in item 9c to replace federal fund reductions in Job Training Partnership Act (JTPA) programs statewide are one-time only funds and may be used only if and to the extent federal JTPA funds allocated to the state are less than the amount allocated in state fiscal year 1991. Unspent funds revert to the job service reserve fund in the unemployment insurance administrative tax account.

The amount of unemployment insurance administrative tax funding for the jobs for Montana's graduates program may not be increased.

The department is authorized to retain 7.5% of the federal community services block grant and pass through the remaining 92.5% to the human resource development councils (HRDC). If, during fiscal 1992 or fiscal 1993, the block grant falls below the federal fiscal year 1990 grant level, the department shall retain only 5% and pass through the remaining 95% to the HRDCs.

Item 1b is funding for rate increases to day-care providers. Beginning October 1, 1991, the department shall increase day-care provider rates up to 75% of the "local market rate" (the maximum allowed under federal regulations). If federal regulations permit the use of funds from the new "child care and development block grant" for these increases, the department shall decrease the general fund appropriations by the amount of block grant funds available.

Item 1e is additional funding to set AFDC and general assistance payment levels at 42% of the federal poverty index.

The department may, beginning October 1, 1991, pay AFDC recipients a transition-to-work allowance. The allowance may be used for travel and relocation expenses of the recipient and family to another county or state. AFDC recipients are eligible to receive this allowance under rules adopted by the department. The rules may establish limitations on the amount to be paid and require that the recipient have verification of employment, an employment interview, or acceptance into an approved educational or training program. Expenses for a transition-to-work allowance may be paid from the appropriation for AFDC benefits.

The state share of the AFDC-related support collections and all AFDC and non-AFDC federal incentive payments must be deposited in a state special revenue account from which the state's share of the administrative and operational costs of the child support enforcement program must be paid. The legislature intends that, during the 1993 biennium, the department collect $1.25 for each $1 expended for administrative and operational costs from the account. Expenditures made from the account for state medicaid match or development of the SEARCHS computer project are not considered administrative or operational expenditures for purposes of this requirement. Any cash fund balance in excess of $500,000 in the state special revenue account at the end of each fiscal year must be deposited in the state general fund.

The department is authorized to transfer funds among appropriations for medicaid primary care, medicaid nursing care, medicare buy-in, state medical, and the home and community-based waiver program. Except as provided below, funds transferred to the medicaid waiver program may not be used to increase the number of recipients receiving waiver services but must be used solely for covering cost increases above the appropriated level.

The department may utilize funds appropriated for medicaid nursing care to increase the number of recipients in the home and community-based waiver program during the 1993 biennium under the following conditions:

(1) During the 1993 biennium, no more than 25 nursing residents who are appropriate for waiver services may be transferred from nursing facilities to the waiver program.

(2) Per diem waiver costs for residents moved from nursing facilities may not exceed the statewide average medicaid per diem cost of intermediate nursing care.

(3) The department shall keep records of each resident transferred under this provision and submit to the 53rd legislature a report on the number of residents transferred and any cost savings achieved as a result of the transfers.

The legislature intends that expenditures for all executive budget modifications for provider rate increases approved by the legislature be limited to dollar amounts appropriated rather than percentage increases on which the original estimates may have been based. The department will be in compliance with this provision if:

(1) it estimates total costs for each medicaid service category in June, prior to the beginning of each fiscal year of the 1993 biennium; and

(2) the percentage increases or base adjustments approved by the department are limited to the dollar amount appropriated for each budget modification.

The department may not expand or reduce the amount, scope, or duration of benefits provided to recipients under the medicaid primary care or nursing care programs during the 1993 biennium unless Title XIX of the federal Social Security Act is amended to require expansion or reduction of benefits as a condition of the state receiving federal financial participation. This provision may not be construed to prohibit the department from implementing coverage provided in 53-6-101(3)(l).

The appropriation in item 6q is contingent on passage and approval of House Bill No. 93.

The rate increases in items 6e and 6h are funded beginning October 1, 1991. The rate increase in item 6j is funded beginning October 1, 1992.

Upon final determination of all general fund money in the department's unreconciled special revenue fund balance (in the approximate total amount of $2,530,153) and the deposit of these funds in the general fund, $438,795 in fiscal 1992 and $485,182 in fiscal 1993 are appropriated to fund the additional general fund costs of the TEAMS project in item 8b. Any funds remaining in the special revenue fund to which the state is entitled must be deposited in the general fund.

However, if a subsequent reconciliation concludes that funds transferred from the unreconciled account to the general fund belong to the federal government, the department may request a general fund supplemental appropriation to repay the federal funds.

House Bill No. 903 requires the department to transfer all money in the federal special revenue account (number 03143) associated with the former department of community affairs grant closeouts reported in the April 1990 legislative audit report. If House Bill No. 903 is passed and approved and a subsequent reconciliation of this account concludes that any of the funds transferred from the account to the general fund belong to the federal government, the department may request a general fund supplemental appropriation to repay the federal funds.

It is the intent of the legislature that annualized expenses for operation of SEARCHS not exceed $1,500,000. This amount includes expenses for any facilities management contracting that may be utilized for system operations, computer processing costs directly associated with operation of the system, and other personal services and nonpersonal services costs directly charged to the management and operation of the system. The department may not proceed with development of SEARCHS until it has demonstrated to the satisfaction of the governor's office of budget and program planning and to the legislative finance committee that the projected annualized operational costs of the system will not exceed the limit imposed in this statement of intent.

Item 9b is funding for a 4.5% rate increase each year of the 1993 biennium to providers of vocational rehabilitation services.

Item 11a is funding for a 4.5% rate increase each year of the 1993 biennium to providers of visual services.

The department is authorized to transfer funds between appropriations for the vocational rehabilitation and visual services programs.

Item 12a is funding for a 4.5% rate increase each year of the 1993 biennium to providers of developmental disabilities services.

The department may pursue funding under the federal ICF/MR program for additional intensive service slots funded by the 1991 legislature if the federal government fails to approve adequate medicaid waiver funding under the home and community-based waiver program.

Item 1b is a biennial appropriation.

The department shall submit to the 53rd legislature a report detailing the numbers of developmentally disabled (DD) clients served by the department in fiscal 1992 and the actual fiscal 1992 general fund and federal fund expenditures for that service.

The department may provide DD targeted case management through increases in staff, or it may contract for the targeted case management services. The department may transfer the targeted case management program for the developmentally disabled to the department of social and rehabilitation services during the 1993 biennium.

Included in item 2 is a general fund appropriation of $38,708 in fiscal 1992 and $58,083 in fiscal 1993 for increases to day-care providers. Beginning October 1, 1991, the department shall increase day-care provider rates up to 75% of the "local market rate" (the maximum allowed under federal regulations). If federal regulations permit the use of funds from the new "child care and development block grant" for these increases, the department shall decrease the general fund appropriations by the amount of block grant funds available.

In item 2a, the department is appropriated federal funds of $2,373,287 in fiscal 1992 and $2,641,716 in fiscal 1993 for improving the availability and quality of day care. The department shall issue a report to the 53rd legislature detailing the numbers and types of services provided and the actual fiscal 1992 expenditures for those services.

In item 2g, at least $1.3 million for the biennium must be reserved for residential treatment services.

In item 2i, the department may use the funds to contract for direct services on reservations or pay for placement services.

The continuum of service plan is to be presented to the legislative finance committee during calendar 1991 for its review and comment. After review by the committee and consideration of recommendations and upon implementation of the plan, all funds are to be spent in accordance with the plan. The goal of the plan is to develop a comprehensive child welfare service system by July 1, 1993. The system must include but not be limited to family-based services, foster care, therapeutic foster care, group care, residential treatment, and psychiatric hospitalization for youth. Funds appropriated for the youth foster care program may not be transferred to the medicaid program administered by the department.

The personal services reduction may not be applied to social workers in the community services program of the department.

Items 2j, 3a, 3c, 3k, 5a, 5c, 5g, 5h, 6a, 7a, and 8g are biennial appropriations.

If the department receives private funds, it may increase its state special revenue appropriation and decrease its federal revenue appropriation by like amounts.

The appropriation for the legislative contract authority in items 1b, 3b, 4a, 5b, 6b, 7b, and 8a is subject to the following provisions:

(1) Legislative contract authority applies only to federal and private funds.

(2) Legislative contract authority expenditures must be reported on state accounting records. The records must be separate from current level operations.

(3) A report must be submitted by the department to the legislative fiscal analyst following the end of each fiscal year of the biennium. The report must include a listing of projects, with the related amount of expenditures for each project.

The department shall conduct a study of the options and methods available for allocating administrative costs to the various state special revenue funds managed by the agency. The department shall present the findings of its study to the legislative finance committee by July 1, 1992, along with its recommendation, affected accounts, and any required statute changes.

Item 2f contains $17,000 a year to develop informational displays for use by license agents, and item 2g contains $10,300 in fiscal 1992 and $97,300 in fiscal 1993 for increases in license agents' commissions. The expenditures of these appropriations are contingent on the enactment of Senate Bill No. 171. Senate Bill No. 171 increases certain fishing and hunting license fees.

Item 2h contains $60,000 a year from the general license account for development and maintenance of wildlife management areas, waterfowl projects, parks, and fishing access sites. This appropriation is reduced by the amount of funds Senate Bill No. 252, if enacted, provides the general license account for the management of wildlife management areas. Senate Bill No. 252 revises allocation of funds for development and maintenance of wildlife habitat.

Item 3 contains $18,600 in fiscal 1992 to contract with the U.S. fish and wildlife service to raise Kokanee salmon fingerlings at the Creston national fish hatchery. If a second raceway shelter at the Creston national fish hatchery is not purchased, this appropriation is reduced by $8,220.

Item 3i contains $50,042 in fiscal 1992 and $50,040 in fiscal 1993, appropriated for aquatic resource data collection on the Upper Clark Fork River in connection with the state's resource damage assessment suit against ARCO. The department shall present to the 53rd legislature the results of this project. In preparing the 1995 biennial budget for legislative consideration, the office of budget and program planning and the legislative fiscal analyst's office may not include the expenditures from this item in the current level base. In the litigation, the state shall seek reimbursement for all expenses incurred by the department associated with the assessment and litigation. Reimbursement must include interest on the amount commensurate with rates earned in the short-term investment pool.

Item 4c contains $27,000 a year for employee relocation expenses. The department shall present the 53rd legislature with a report on historical expenditures for employee relocation. In preparing the 1995 biennial budget for legislative consideration, the office of budget and program planning and the legislative fiscal analyst's office may not include the expenditures from this item in the current level base.

Item 6 contains $246,266 from federal funds and $55,000 from the general fund in fiscal 1992 and $246,173 from federal funds and $55,000 from the general fund in fiscal 1993 for the Montana conservation corps. It is the intent of the legislature that the department provide a liaison position to coordinate this program with the human resource development council.

Item 8 contains $5,500 in fiscal 1992 to print the department's 5-year strategic plan. In preparing the 1995 biennial budget for legislative consideration, the office of budget and program planning and the legislative fiscal analyst's office may not include the expenditures from this item in the current level base.

Item 8c contains $50,000 in fiscal 1992 and $40,000 in fiscal 1993 for a pilot project to evaluate potential uses of a geographic information system within the department. In preparing the 1995 biennial budget for legislative consideration, the office of budget and program planning and the legislative fiscal analyst's office may not include the expenditures from this item in the current level base.

Items 2a through 2d, 3b, and 4f are biennial appropriations.

The department shall conduct a study of the options and methods available for allocating administrative costs to the various state special revenue funds managed by the agency. The department shall present the findings of its study to the legislative finance committee by July 1, 1992, along with its recommendation, affected accounts, and any required statute changes.

All indirect charges collected on oil overcharge funds are appropriated for transfer to the general fund.

Included in centralized services funding is $10,000 a year of indirect funds from major facility siting fees. If major facility siting activities generate more than $20,000 of indirect funds over the biennium, the additional major facility siting fee indirect funds must be used to fund centralized service operations and an equal amount of centralized service division general fund money must be reverted.

The board of oil and gas conservation is appropriated $110,000 a year from federal special revenue, contingent upon receiving federal funds from the environmental protection agency for the underground injection control program.

The department is authorized up to $700,000 from the account established in 76-14-112 for rangeland loans during the 1993 biennium.

The department is appropriated up to $1 million over the biennium from the account established in 85-1-604 for purchase of prior liens on property held as loan security as required by 85-1-618.

All funds deposited into the state special revenue account established in 76-15-530 are appropriated to the department for distribution as grants to conservation districts.

The general fund appropriation in items 3a and 3b may be expended only as a match for an equal amount of federal funds.

Item 3c is contingent on passage and approval of House Bill No. 795.

Item 3d is contingent on passage and approval of House Bill No. 701.

Funds appropriated in item 4a must be used to repair and replace equipment at the Broadwater hydropower project and to service the Broadwater hydropower project bond debt if revenue deposited in the debt service account is insufficient for this purpose.

Funds received under the provisions of 85-1-514(4) are appropriated to the department for the purpose of performing duties required under 85-1-514.

Any revenue collected in the state water project hydroelectric power generation special revenue account established in House Bill No. 586 is appropriated to the department for the rehabilitation of the Tongue River dam. The revenue will be used only if federal authorization for the project rehabilitation is secured.

Any fines collected under the provisions of Title 85, chapter 2, and deposited in the water right appropriation account in accordance with 85-2-318 are appropriated to the department to carry out the enforcement functions required under 85-2-114.

Funds received from bonds required by 37-43-306 are appropriated to the department for the purpose of performing remedial action on water wells, providing compensation for damages caused by water well violations, or paying administrative costs incurred by the board of water well contractors.

In spending eligible federal energy funds appropriated in item 6, the department shall give priority to developing a self-sustaining program for retrofitting school buildings with energy conservation measures that is similar to the state building energy conservation program established by Title 90, chapter 4, part 6, for state buildings. The department shall submit to the 53rd legislature proposed legislation necessary to implement the school building energy conservation program.

Contracts negotiated or renegotiated by the department may not extend beyond the end of the 1993 biennium unless they contain the clause "subject to legislative appropriation of funds for this contract".

If the department is unable to recruit and hire professional positions funded in the appropriation and required for patient treatment and/or certification, it may transfer up to 100% of the aggregate personal services cost of each class of vacant position or the cost of the required contract, whichever is less, to operating expenses for the purpose of contracting for services that would have been provided if that position were filled. The department shall certify to the governor or his designated representative that:

(1) the department is unable to fill the position or positions; and

(2) the services that would be provided by that position if filled and by the proposed contract are necessary for either federal medicaid certification or the treatment requirements of its correctional institutions.

Within the industries operations in item 2, the department may submit budget amendments to hire 1 FTE marketing representative, 2 FTE shop supervisors, and 1 FTE prison industries procurement coordinator if funding is available.

Within the industries training program in item 2, the department may submit budget amendments to hire 1 FTE vehicle maintenance shop supervisor if funding is available.

The department is authorized to maintain a cash balance of not more than $16,000 at the end of each fiscal year in the prison industries training proprietary account. Any funds in excess of $16,000 in the proprietary account are to offset the general fund appropriation.

Item 2a, the corrections medical budget, is a biennial appropriation.

The department shall submit budget amendments for the local jurisdiction sentencing option program in item 2h if federal funding becomes available. The total general fund and state special fund share of the program may not exceed 50% and must revert to the respective funds to the extent that federal funding is less than $35,000.

Item 2n contains $55,276 in fiscal 1992 and $55,158 in fiscal 1993 for two targeted case managers at the prison. In preparing the 1995 biennial budget for legislative consideration, the office of budget and program planning and the legislative fiscal analyst's office may not include the expenditures from the above items in the current level base.

Item 2r contains $12,200 in fiscal 1992 and $5,200 in fiscal 1993 from the general fund for peace officer training for probation and parole officers. This appropriation is contingent on passage and approval of Senate Bill No. 379.

Transfers may be made between line items within the mental health division and the alcohol and drug abuse division (chemical dependency) for the purpose of accurately allocating operating expenses associated with the alcohol and drug programs on the Galen campus upon approval of the governor or his designated representative.

Included in item 3 are $22,492,426 in fiscal 1992 and $22,717,860 in fiscal 1993 for the operation of Montana state hospital. Except for approved transfers to the chemical dependency division for the purpose of accurately allocating operating expenses associated with the alcohol and drug programs on the Galen campus, no more than 5% of those funds may be transferred.

In item 3, the department may transfer appropriation authority from the personal services category to the operating expense category of the mental health division budget upon approval by the governor or his designated representative for costs associated with the Ihler lawsuit and the pilot projects in Kalispell, Missoula, and Butte.

Items 3f, 4d, and 6a are contingent on passage and approval of House Bill No. 93.

Included in the appropriation for the Montana state hospital chemical dependency program within item 4 are $1,408,733 in fiscal 1992 and $1,413,201 in fiscal 1993 for the operation of the Galen chemical dependency program. No more than 5% of these funds may be transferred.

The department shall continue to provide acute hospital care, intermediate nursing care, and chemical dependency services at the Montana state hospital at Warm Springs and Galen without significant changes in the program at either campus.

In item 5, the department may transfer appropriation authority from the personal services category to the operating expense category of the Montana developmental center budget upon approval of the governor or his designated representative if the downsizing does not take place on schedule.

E. EDUCATION

University units are defined in [section 5 of House Bill No. 454]. For all university units, except the office of the commissioner of higher education, all funds, other than plant funds appropriated in House Bill No. 5, relating to long-range building, and current unrestricted operating funds, are appropriated contingent upon approval of the comprehensive program budget by the board of regents by October 1 of each year. The budget must contain detailed revenue and expenditures and anticipated fund balances of current funds, loan funds, endowment funds, and plant funds. All movement of funds between the current unrestricted subfund and the designated subfund account entities must be clearly identified in the state budgeting and accounting system.

Programs for the university units' budgets, except the office of the commissioner of higher education, include instruction, organized research, public service, academic support, student services, institutional support, operation and maintenance of plant, and scholarships and fellowships.

All university units, except the office of the commissioner of higher education, shall account for expenditures consistently within programs and funds across all units and shall use the national center for higher education management systems program classification structure, along with the college and university business administration (CUBA) system, as a minimum standard for achieving consistency.

Item 1 includes $81,564 in fiscal 1992 and $81,810 in fiscal 1993 in the state special revenue fund from the traffic safety account for motorcycle safety. This appropriation is contingent upon the passage and approval of House Bill No. 703.

The legislature approved the addition of 0.5 FTE from the federal national origins grant and 0.5 FTE from the federal school foods grant. These funds are in item 1.

Item 1g is a biennial appropriation.

Item 2b is a biennial appropriation. This appropriation is for unforeseen expenses that may arise in special education programs in local districts. A district board of trustees may apply for an allocation from these funds by presenting to the superintendent of public instruction, for each child, a child-study (CST) report and an individual education plan (IEP) relating to this unforeseen expense or, if the need for additional personnel is due to caseload excess, a board of trustees' verification of completed IEPs and CSTs. In addition, a current listing of programs, caseloads, and related costs must be submitted. Contingency funds may be awarded for positions that have gone unfilled for an entire school year and for which regular state special education funds were not awarded. The agency may transfer any unused balance in this appropriation into the special education appropriation in item 2a.

Item 2f is a biennial appropriation.

Items 2i through 2q are biennial appropriations.

All revenue received in the state traffic education account under the provisions of 20-7-504, is appropriated as provided in Title 20, chapter 7, part 5.

The commissioner of higher education may transfer county millage collections among the centers. Total revenue received from the 1.5-mill levy that exceeds $965,005 in fiscal 1992 and $981,480 in fiscal 1993 is appropriated to the office of the commissioner of higher education for distribution to the vocational-technical centers and must result in a general fund reversion of a like amount.

It is the intent of the legislature that the board of regents have additional appropriation flexibility to operate the vocational-technical centers during the 1993 biennium. Therefore, the legislature has approved for each vocational-technical center a single appropriation for its general operations. The appropriation for each postsecondary vocational-technical center listed above is for the following programs: instruction, academic support, student services, institutional support, and operation and maintenance of plant. The vocational-technical centers are exempt from [section 2], which requires personal services line items.

It is further the intent of the legislature that all fiscal matters pertaining to the postsecondary vocational-technical centers during the 1993 biennium and the 1995 biennium budget request be recorded, maintained, and submitted, using the college and university business administration (CUBA) fund structure and functional expenditure classifications.

Total audit costs are estimated to be $58,402 for the biennium. Twenty-five percent of these costs must be paid from funds other than those appropriated in items 1 through 4.

Item 4c is a biennial appropriation.

Included within current unrestricted funds (contained in the "other" fund column) to the six university units is the sum of $11,887,000 in fiscal 1992 and $12,131,000 in fiscal 1993 from revenue generated under the provisions of 20-25-423. The department of revenue shall levy the full 6 mills as authorized in 20-25-423. Revenue received by the university system under the provisions of 20-25-423 that exceeds $11,887,000 in fiscal 1992 and $12,131,000 in fiscal 1993 is appropriated to the office of the commissioner of higher education for distribution to the university system and must cause a general fund reversion of a like amount.

It is understood by the 52nd legislature that the appropriations contained in [this act] for the six university units may result in the board of regents electing to limit or reduce enrollment during fiscal 1992 and fiscal 1993. It is the intent of the 52nd legislature that if actual enrollments during the 1993 biennium are fewer than the budgeted number of student full-time equivalents for the 1993 biennium, systemwide or by unit, the legislative fiscal analyst shall present to the 53rd legislature a current level budget for the six units, systemwide and by unit, no lower than the budgeted amount for the 1993 biennium.

It is further understood by the 52nd legislature that shortfalls in student tuition due to enrollment declines may be presented to the 53rd legislature for a supplemental appropriation. These tuition shortfalls are not expected to be made up by per-student full-time equivalent tuition increases.

The 52nd legislature intends for the Montana university system to be subject to the personal services line item requirements contained in [section 2]. The dollar amount of the personal services line item is equal to the following:

(1) For the research, public service, and plant programs, the line item amount is equal to the personal services amount contained in table 3 of the Montana university system budget narrative accompanying [this act].

(2) For the instruction program, the line item amount is equal to the personal services amount identified on the original regents'-approved operating budget each fiscal year, but may be no less than the faculty compensation amount contained in table 3 of the Montana university system budget narrative accompanying [this act].

(3) For the support program, the line item amount is equal to the personal services amount identified on the original regents'-approved operating budget each fiscal year.

It is further the intent of the 52nd legislature that the original budgeted personal services by program on the regents' employee reporting system each fiscal year equal the original regents'-approved operating budget by program.

CHAPTER NO. 819

[HB 963]

AN ACT AUTHORIZING THE DEPARTMENT OF INSTITUTIONS TO ENTER INTO A LOAN AGREEMENT WITH THE MONTANA HEALTH FACILITY AUTHORITY FOR THE PURPOSE OF FINANCING THE COSTS OF ACQUIRING, CONSTRUCTING, AND EQUIPPING FACILITIES FOR THE DEVELOPMENTALLY DISABLED AT THE MONTANA DEVELOPMENTAL CENTER IN BOULDER, INCLUDING THE ESTABLISHMENT OF RESERVES AND THE PAYMENT COSTS OF THE FINANCING; AUTHORIZING THE CREATION OF A SPECIAL LIMITED OBLIGATION OF THE DEPARTMENT; APPROPRIATING THE LOAN PROCEEDS; PROVIDING A STATUTORY APPROPRIATION; AUTHORIZING THE PAYMENT OF THE SPECIAL LIMITED OBLIGATION FROM FACILITY REVENUES; AMENDING SECTIONS 17-7-502 AND 53-1-413, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Authorization of bonds.** (1) The department of institutions may enter into a loan agreement with the Montana health facility authority for the purpose of financing the costs of acquiring, constructing, and equipping facilities for the developmentally disabled at the Montana developmental center in Boulder, including the establishment of reserves and the payment of costs of the financing. The maximum principal amount of the loan may not exceed $8,665,000 for construction and related costs, plus the necessary amounts for capitalized interest, debt service reserves, and financing costs, and the loan must be payable over a term of not to exceed 30 years and must bear interest and contain other terms and provisions with respect to prepayment or otherwise as are not inconsistent with this section and as the department approves.

(2) The loan may be secured by a mortgage on the Montana developmental center facility, including the land on which it is located. The loan constitutes a special limited obligation of the department, and the principal and interest payments required by that agreement are payable solely from the facility revenues obtained by the department from the ownership and operation of and the provision of services at the Montana developmental center, including payments or reimbursements from private users, insurers, and the federal government. All facility revenues obtained from services provided by the Montana developmental center must be deposited in a special revenue fund and must be applied to the payment of the principal and interest payments as due under the loan agreement. Principal and interest payments constitute a statutory appropriation within the meaning of 17-7-502. Whenever the foregoing facility revenues exceed the amount and terms specified and required to repay the loan and maintain required reserves, the excess must be deposited to the general fund. As long as the loan remains outstanding and the department provides services for the developmentally disabled, the department shall use the Montana developmental center for those purposes or for other purposes as permitted by the loan agreement and state law, except when foreclosure occurs under the agreement or the mortgage. Notwithstanding 77-2-302(1) and upon foreclosure of a mortgage given to secure the loan agreement, there must be paid to the board of land commissioners as a first and prior claim against the mortgaged land an amount equal to the full market value of the land as determined by the board prior to the execution of the mortgage and after appraisal by a qualified land appraiser. The loan agreement may contain other provisions or agreements that the department determines are necessary and that are not inconsistent with the provisions of Title 90, chapter 7.

(3) The obligations of the department under the agreement are special limited obligations payable solely from the facility revenues and do not constitute a debt of the state or obligate the state to appropriate or apply any funds or revenues of the state, except the facility revenues as provided in this section.

Section 2. **Appropriation of bond proceeds.** The proceeds of the bonds authorized in [section 1] are appropriated to the department of administration to be used for the construction of new facilities at the Montana developmental center.

Section 3. Section 17-7-502, MCA, is amended to read:

"**17-7-502. Statutory appropriations — definition — requisites for validity.** (1) A statutory appropriation is an appropriation made by permanent law that authorizes spending by a state agency without the need for a biennial legislative appropriation or budget amendment.

(2) Except as provided in subsection (4), to be effective, a statutory appropriation must comply with both of the following provisions:

(4) There is a statutory appropriation to pay the principal, interest, premiums, and costs of issuing, paying, and securing all bonds, notes, or other obligations, as due, that have been authorized and issued pursuant to the laws of Montana. ~~(i) all benefits paid under the municipal police officers' retirement system that are specified as exempt from taxation by 19-9-1005;~~

~~(j)~~*(e)* gain required to be recognized by a liquidating corporation under 15-31-113(1)(a)(ii);

~~(k)~~*(f)* all tips covered by section 3402(k) of the Internal Revenue Code of 1954, as amended and applicable on January 1, 1983, received by persons for services rendered by them to patrons of premises licensed to provide food, beverage, or lodging;

~~(l)~~*(g)* all benefits received under the workers' compensation laws;

~~(m)~~*(h)* all health insurance premiums paid by an employer for an employee if attributed as income to the employee under federal law; *and*

~~(n) all benefits paid under an optional retirement program that are specified as exempt from taxation by 19-21-212; and~~

~~(o)~~*(i)* all money received because of a settlement agreement or judgment in a lawsuit brought against a manufacturer or distributor of "agent orange" for damages resulting from exposure to "agent orange".

(3) In the case of a shareholder of a corporation with respect to which the election provided for under subchapter S. of the Internal Revenue Code of 1954, as amended, is in effect but with respect to which the election provided for under 15-31-202, as amended, is not in effect, adjusted gross income does not include any part of the corporation's undistributed taxable income, net operating loss, capital gains or other gains, profits, or losses required to be included in the shareholder's federal income tax adjusted gross income by reason of the election under subchapter S. However, the shareholder's adjusted gross income shall include actual distributions from the corporation to the extent they would be treated as taxable dividends if the subchapter S. election were not in effect.

(4) A shareholder of a DISC that is exempt from the corporation license tax under 15-31-102(1)(l) shall include in his adjusted gross income the earnings and profits of the DISC in the same manner as provided by federal law (section 995, Internal Revenue Code) for all periods for which the DISC election is effective.

(5) A taxpayer who, in determining federal adjusted gross income, has reduced his business deductions by an amount for wages and salaries for which a federal tax credit was elected under section 44B of the Internal Revenue Code of 1954 or as that section may be labeled or amended is allowed to deduct the amount of the wages and salaries paid regardless of the credit taken. The deduction must be made in the year the wages and salaries were used to compute the credit. In the case of a partnership or small business corporation, the deduction must be made to determine the amount of income or loss of the partnership or small business corporation.

(6) Married taxpayers filing a joint federal return who must include part of their social security benefits or part of their tier 1 railroad retirement benefits in federal adjusted gross income may split the federal base used in calculation of federal taxable social security benefits or federal taxable tier 1 railroad retirement benefits when they file separate Montana income tax returns. The federal base must be split equally on the Montana return.

(7) A taxpayer receiving retirement disability benefits who has not attained age 65 by the end of the taxable year and who has retired as permanently and totally disabled may exclude from adjusted gross income up to $100 per week received as wages or payments in lieu of wages for a period during which the employee is absent from work due to the disability. If the adjusted gross income before this exclusion and before application of the two-earner married couple deduction exceeds $15,000, the excess reduces the exclusion by an equal amount. This limitation affects the amount of exclusion, but not the taxpayer's eligibility for the exclusion. If eligible, married individuals shall apply the exclusion separately, but the limitation for income exceeding $15,000 is determined with respect to the spouses on their combined adjusted gross income. For the purpose of this subsection, permanently and totally disabled means unable to engage in any substantial gainful activity by reason of any medically determined physical or mental impairment lasting or expected to last at least 12 months.

~~(8) A person receiving benefits described in subsections (2)(d) through (2)(f), (2)(h), or (2)(i) may not exclude benefits described in subsection (2)(c) from adjusted gross income unless the benefits received under subsections (2)(d) through (2)(f), (2)(h), or (2)(i) are less than $3,600, in which case the person may combine benefits to exclude up to a total of $3,600 from adjusted gross income.~~ ~~*(Subsection (2)(k) terminates on occurrence of contingency—sec. 3, Ch. 634, L. 1983.)*~~"

However, the shareholder's net income shall include actual distribution from the corporation to the extent it would be treated as taxable dividends if the subchapter S. election were not in effect.

(4) The following additional deductions shall be allowed in deriving taxable income of estates and trusts:

(a) any amount of income for the taxable year currently required to be distributed to beneficiaries for such year;

SENATE JOINT RESOLUTION NO. 4

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA TO ADOPT JOINT RULES TO GOVERN THEIR PROCEEDINGS.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the following joint rules be adopted:

CHAPTER 10

ADMINISTRATION

10-10. Time of meeting. Each house may order its time of meeting.

10-20. Legislative day — duration. (1) If either house is in session on a given day, that day constitutes a legislative day.

(2) A legislative day for a house ends either 24 hours after that house convenes for the day or at the time the house convenes for the following legislative day, whichever is earlier.

10-30. Schedules. The presiding officer of each house shall coordinate its schedule to accommodate the workload of the other house.

10-40. Adjournment — recess — meeting place. A house may not, without the consent of the other, adjourn or recess for more than 3 days or to any place other than that in which the two houses are sitting (Montana Constitution, Art. V, Sec. 10(5)).

10-50. Access of press. Subject to the presiding officer's discretion on issues of decorum and order, an accredited press representative may not be prohibited from photographing, televising, or recording a legislative meeting or hearing.

10-60. Conflict of interest. A member who has a personal or private interest in any measure or bill proposed or pending before the Legislature shall disclose the fact to the house of which he is a member.

10-70. Telephone calls. (1) Long distance telephone calls made by a member while the Legislature is in session or the member is in travel status are considered official legislative business. These include, but are not limited to, calls made to constituencies, places of business, and family members.

(2) Session staff, including aides and interns, may use telephones for long distance calls only if specifically authorized to do so by their legislative sponsor or supervisor. Sponsoring members and supervisors are accountable for use of state telephones by their staff, including aides and interns, and may not authorize others to use state phones.

(3) Permanent staff of the Legislature shall comply with executive branch rules applying to the use of state telephones.

10-80. Joint employees. The presiding officers of each house, acting together, shall:

(1) hire joint employees; and

(2) review a dispute or complaint involving the competency or decorum of a joint employee, and dismiss, suspend, or retain the employee.

10-90. Legislative interns. Qualifications for legislative interns are specified in Title 5, chapter 6, MCA.

10-100. Legislative Council. (1) The staff of the Legislative Council shall serve both houses as required.

(2) Staff members shall:

(a) maintain personnel files for legislative employees; and

(b) prepare payrolls for certification and signature by the presiding officer and prepare a monthly financial report.

10-110. Compensation of legislative employees. The Legislature by joint resolution shall prescribe the compensation of the employees of each house.

10-120. Engrossing and enrolling staff — duties. (1) The Legislative Council shall hire all engrossing and enrolling staff.

(2) The duties of the engrossing and enrolling staff are:

(a) to engross or enroll any bill or resolution delivered to them within 48 hours after it has been received, unless further time is granted in writing by the presiding officer of the house in which the bill originated; and

(b) to correct clerical errors, absent the objection of the sponsor of a bill, resolution, or amendment and the Secretary of the Senate or the Chief Clerk of the House of Representatives in any bill or amendment originating in the house by which the Clerk or Secretary is employed. The following kinds of clerical errors may be corrected:

(i) errors in spelling;

(v) errors in outlining or in internal references;

(vi) an error in a title caused by an amendment;

(vii) an error in a catchline caused by an amendment;

(viii) errors in references to the Montana Code Annotated; and

(ix) other nonconformities of an amendment with Bill Drafting Manual form.

(3) The engrossing and enrolling staff shall give notice in writing of the clerical correction to the Secretary of the Senate or the Chief Clerk of the House and to the sponsor of the bill or amendment. Any of these may register an objection to the correction by filing the objection in writing within 24 hours after receipt of the notice.

(4) If a committee is the sponsor of a bill or resolution, any committee member designated by the chairman may be the principal sponsor for the purpose of this section. If a committee has proposed an amendment, the chairman is the principal sponsor for the purpose of this section.

10-130. Bills. (1) A bill draft request must be sponsored by a member of the Legislature.

(2) A bill must be:

(a) printed on paper with numbered lines;

(b) numbered at the foot of each page (except page 1);

(c) introduced in duplicate, with an additional title page; and

(d) for the original copy, covered with a cover page of a substantial material.

(3) In a section amending an existing statute, matter to be stricken out must be indicated with a line through the words or part to be deleted, and new matter must be underlined.

(4) Sections of the Montana Code Annotated repealed or amended in a bill must be stated in the title, except in general appropriation bills and bills for the codification and general revision of the laws.

(5) Introduced bills must be reproduced on white paper and distributed to members.

10-140. Voting. (1) A bill may not become a law except by vote of the constitutionally required majority of all the members present and voting in each house (Montana Constitution, Art. V, Sec. 11(1)). On final passage, the vote must be taken by ayes and noes and the names of those voting entered on the journal (Montana Constitution, Art. V, Sec. 11(2)).

(2) Any vote in one house on a bill proposing an amendment to The Constitution of the State of Montana under circumstances in which there exists the mathematical possibility of obtaining the necessary two-thirds vote of the Legislature will cause the bill to progress as though it had received the majority vote.

10-150. Recording and publication of voting. (1) Every vote of each member on each substantive question in the Legislature, in any committee, or in Committee of the Whole must be recorded and made public. On final passage of any bill or joint resolution, the vote must be taken by ayes and noes and the names entered on the journal.

(2) Roll call votes must be taken by ayes and noes and the names entered on the journal on adopting an adverse committee report and on those motions made in Committee of the Whole to:

(a) amend;

(b) recommend passage or nonpassage;

(c) recommend concurrence or nonconcurrence; or

(d) indefinitely postpone.

(3) A roll call vote must be taken on nonsubstantive questions on the request of two members who may, on any vote, request that the ayes and noes be spread upon the journal.

(4) Roll call votes and other votes that are to be made public but are not specifically required to be spread upon the journal must be entered in the minutes of the appropriate committee or of the appropriate house (Montana Constitution, Art. V, Sec. 11(2)). A copy of the minutes must be filed with the Montana Historical Society.

10-160. Journal. Each house shall:

(2) The Legislative Council shall distribute the completed journals (sections 5-11-201 through 5-11-203, MCA).

CHAPTER 30

COMMITTEES

30-10. Committee chairman. Except as provided in Joint Rule 30-50, the chairman of the Senate committee is the chairman of all joint committees.

30-20. Voting in joint committees. (1) Except for Rules Committees and conference committees, a member of a joint committee votes individually and not by the house of which he or she is a member.

(2) Because the Rules Committees and conference committees are joint meetings of separate committees, in those committees the committees from each house vote separately. A majority of each committee must agree before any action may be taken, unless otherwise specified by individual house rules.

30-30. Conference committees. (1) If either house requests a conference and appoints a committee for the purpose of discussing an amendment on which the two houses cannot agree, the other house shall appoint a committee for the same purpose. The time and place of all conference committee meetings must be agreed upon by their chairmen and announced from the rostrum. This announcement is in order at any time. Failure to make this announcement does not affect the validity of the legislation being considered.

(2) A conference committee, having conferred, shall report to the respective houses the result of its conference. A conference committee shall confine itself to consideration of the disputed amendment. The committee may recommend:

(a) acceptance or rejection of each disputed amendment in its entirety; or

(b) further amendment of the disputed amendment.

(3) If either house requests a free conference committee and the other house concurs, appointments must be made in the same manner as above. A free conference committee may discuss a bill in its entirety and is not confined to a particular amendment.

30-40. Conference committee — enrolling. A conference committee report shall give clerical instructions for a corrected reference bill and for enrolling by referring to the reference bill version.

30-50. Committee consideration of appropriation bills. (1) All bills providing for an appropriation of public money may first be considered by a joint committee composed of the members of the Senate Committee on Finance and Claims and the House Committee on Appropriations, and then by each separately.

(2) Meetings of the joint committee must be held upon call of the chairman of the House Committee on Appropriations, who is chairman of the joint committee.

30-60. Estimation of revenue. (1) The Revenue Oversight Committee shall introduce a House joint resolution for the purpose of estimating revenue that may be available for appropriation by the Legislature.

(2) Meetings of the Revenue Oversight Committee for purposes of estimating revenue must be held upon the call of the chairman. The Revenue Oversight Committee shall issue periodic reports to each of the houses, indicating the committee's current revenue projections.

30-70. Oversight of joint legislative agencies and committees. The President of the Senate, the Speaker of the House, and the minority leaders of the Senate and the House comprise a legislative management committee which shall meet from time to time at the request of one of its members to review and oversee the activities of joint agencies and committees of the legislative branch established by law or resolution. The committee may consider, without limitation, matters concerning jurisdictional disputes between joint agencies and committees, agency salary schedules and employment policies, and any other matter bearing upon the efficient operation of the legislative branch. The committee may make such recommendations as it chooses to the appropriate authority or the Legislature.

CHAPTER 40

LEGISLATION

40-10. Amendment to state constitution. A bill must be used to propose an amendment to The Constitution of the State of Montana. The bill is not subject to the veto of the Governor (Montana Constitution, Art. VI, Sec. 10(1)).

40-20. Appropriation bills. (1) All appropriation bills must originate in the House of Representatives.

(2) Appropriation bills for the operation of the Legislature must be introduced by the chairman of the House Committee on Appropriations.

40-30. Effective dates. (1) Every statute, except one that provides for appropriation by the Legislature of public funds for a public purpose, takes effect on October 1 following its passage and approval, unless a different time is prescribed therein.

(2) A law appropriating public funds for a public purpose takes effect on July 1 following its passage and approval, unless a different time is prescribed therein.

(3) A joint resolution takes effect on its passage unless a different time is prescribed therein (sections 1-2-201 and 1-2-202, MCA).

40-40. Bill requests and introduction — limits and procedures. (1) Prior to a regular session, a person entitled to serve in that session, hereafter referred to as a "member", is entitled to request bill drafting services from the Legislative Council, subject to the following limits:

(a) Prior to 5 p.m. on December 5 preceding a regular session of the Legislature, a member may request an unlimited number of bills and resolutions to be prepared by the Legislative Council for introduction in the regular session.

(b) After 5 p.m. on December 5, a member may request no more than seven bills or resolutions to be prepared by the Legislative Council. At least two of the seven bills or resolutions must be requested before the regular session convenes.

(c) After December 5, a member, in the member's discretion, may grant to any other member any of the remaining bill or resolution requests the granting member has not used.

(d) These limitations on bill and resolution requests do not apply to:

(i) Code Commissioner bills;

(ii) a bill or resolution requested by a standing committee; and

(iii) a bill or resolution requested by a member at the request of a newly elected state official if so designated.

(2) Bills and resolutions must be reviewed by the staff of the Legislative Council prior to introduction for proper format, style, and legal form. The staff of the Legislative Council shall store bills on the automated bill drafting equipment and shall print and deliver them in triplicate to the requesting members. The original bill cover must be signed to indicate review by the Legislative Council. A bill may not be introduced unless it is so signed.

(3) During a session, a bill may be introduced by endorsing it with the name of a member and presenting it in triplicate to the Chief Clerk of the House of Representatives or the Secretary of the Senate. Bills or joint resolutions may be sponsored jointly by Senate and House members. A jointly sponsored bill must be introduced in the house in which the member whose name appears first on the bill is a member. The chief joint sponsor's name must appear immediately to the right of the first sponsor's name. In each session of the Legislature, bills, joint resolutions, and simple resolutions must be numbered consecutively in separate series in the order of their receipt.

(4) Any bill proposed by a legislative committee or introduced by request of an administrative or executive agency or department must be so indicated by placing after the names of the sponsors the phrase "By Request of the .... (Name of committee or agency)".

(5) Bills may be preintroduced, numbered, and reproduced prior to a legislative session by the staff of the Legislative Council. Actual signatures of persons entitled to serve as members in the ensuing session may appear on the face of the preintroduced bill, or signatures may be obtained on a consent form from the Legislative Council and the sponsor's name printed on the bill. Additional sponsors may be added on motion of the chief sponsor at any time prior to a standing committee report on the bill. These names will be forwarded to the Legislative Council to be included on the face of the bill following standing committee approval.

(6) All preintroduced bills must be made available to the public.

40-50. Schedules for drafting requests and bill introduction. The following schedules must be followed for submission of drafting requests and introduction of bills and resolutions.

He shall return the fiscal note within 6 days unless further time is granted by the presiding officer or committee making the request, based upon a written statement from the Budget Director that additional time is necessary to properly prepare the note.

(4) A completed fiscal note must be submitted by the Budget Director to the presiding officer who requested it. The presiding officer shall refer it to the committee considering the bill. All fiscal notes must be reproduced and placed on the members' desks.

(5) A fiscal note must, if possible, show in dollar amounts:

(a) the estimated increase or decrease in revenues or expenditures;

(b) costs that may be absorbed without additional funds; and

(c) long-range financial implications.

(6) The fiscal note may not include any comment or opinion relative to merits of the bill. However, technical or mechanical defects in the bill may be noted.

(7) A fiscal note also may be requested on a bill and on an amendment by:

(a) a committee considering the bill;

(b) a majority of the members of the house in which the bill is to be considered, at the time of second reading; or

(c) the chief sponsor, through the presiding officer.

(8) The Budget Director shall make available on request to any member of the Legislature all background information used in developing a fiscal note.

40-110. Sponsor's fiscal note. (1) If a sponsor elects to request the preparation of a sponsor's fiscal note pursuant to section 5-4-204, MCA, he shall make the election as provided and return the completed sponsor's fiscal note to the presiding officer within 4 days of the election.

(2) The presiding officer may grant additional time to the sponsor for preparation of the sponsor's fiscal note.

(3) Upon receipt of the completed sponsor's fiscal note, the presiding officer shall refer it to the committee hearing the bill. If the bill is printed, the note must be identified as a sponsor's fiscal note, reproduced, and placed on the members' desks.

(4) The Legislative Council shall provide forms for preparation of sponsors' fiscal notes and shall print the completed sponsors' fiscal notes on a different color paper than the fiscal notes prepared by the Budget Director.

40-120. Substitute bills. (1) A committee may recommend that every clause in a bill be changed and that entirely new material be substituted so long as the new material is relevant to the title and subject of the original bill. The substitute bill is considered an amendment and not a new bill.

(2) The proper form of reporting a substitute bill by a committee is to propose amendments to strike out all of the material following the enacting clause, to substitute the new material, and to recommend any necessary changes in the title of the bill.

(3) If a committee report is adopted that recommends a substitute for a bill originating in the other house, the substitute bill must be printed and reproduced.

40-130. Reading of bills. Prior to passage a bill must be read three times in the house in which it is under consideration. It may be read either by title or by summary of title.

40-140. Second reading — bill reproduction. (1) If the majority of a house adopts a recommendation for the passage of a bill originating in that house after the bill has been returned from a committee with amendments, the bill must be reproduced on yellow paper with all amendments incorporated into the copies.

(2) If a bill has been returned from a committee without amendments, only the first sheet must be reproduced on yellow paper, and the remainder of the text may be incorporated by reference to the preceding version of the entire bill.

40-150. Engrossing. (1) When a bill has been reported favorably by Committee of the Whole of the house in which it originated and the report has been adopted, the bill must be engrossed. Committee of the Whole amendments must be included in the engrossed bill. The bill must be placed on the calendar for third reading on the succeeding legislative day.

(2) Copies of the engrossed bill to be distributed to members are reproduced on blue paper. If a bill is unamended by the Committee of the Whole and contains no clerical errors, it may be engrossed without reprinting. Only the first sheet must be reproduced on blue paper, with the remainder of the text incorporated by reference to the preceding version of the entire bill.

(3) If a bill is amended by a standing committee or Committee of the Whole in the second house, the amendments must be included in a salmon-colored reference bill and distributed in the second house for third reading consideration. The amendments also must be reproduced and attached to the reference bill. If the bill passes on third reading, copies of the reference bill and second house amendments must be distributed in the original house.

40-160. Enrolling. (1) When a bill has passed both houses, it must be enrolled. An original and two duplicate printed copies of the bill must be enrolled, free from all errors, with a margin of two inches at the top and one inch on each side. In sections amending existing statutes, new matter must be underlined and deleted matter must be shown as stricken. The history of the bill also must be enrolled and placed with the bill in a white manuscript cover, upon which is written the number of the bill and the title. The Legislative Council staff shall file a copy of the history with the law library.

(2) When the enrolling is completed, the bill must be examined by the sponsor.

(3) The correctly enrolled bill must be delivered to the presiding officer of the house in which the bill originated. The presiding officer shall sign the original and two copies of each bill delivered to him not later than the next legislative day after it has been reported correctly enrolled, unless the bill is delivered on the last legislative day, in which case he shall sign it that day. The fact of signing must be announced by the presiding officer and entered upon the journal no later than the next legislative day. At any time after the report of a bill correctly enrolled and before the signing, if a member signifies his desire to examine the bill, he must be permitted to do so. The bill then must be transmitted to the other house where the same procedure must be followed.

(4) A bill that has passed both houses of the Legislature by the 90th day may be:

(a) enrolled;

(b) clerically corrected by the presiding officers, if necessary;

(c) signed by the presiding officers; and

(d) delivered to the Governor or, in the case of a bill proposing a referendum, to the Secretary of State, not later than 5 working days after the 90th legislative day.

(5) All journal entries authorized under this rule must be entered on the journal for the 90th day.

(6) The original and two copies signed by the presiding officer of each house must be presented to the Governor or the Secretary of State, as applicable, in return for a receipt. A report then must be made to the house of the day of the presentation, which must be entered on the journal.

(7) The original must be filed with the Secretary of State. Signed copies with chapter numbers assigned pursuant to section 5-11-204, MCA, must be filed with the Clerk of the Supreme Court and the Legislative Council.

40-170. Amendment by second house. (1) Amendments to a bill by the second house may not be further amended by the house in which the bill originated, but must be either accepted or rejected. If the amendments are rejected, a conference committee may be requested by the house in which the bill originated. If the amendments are accepted and the bill is of a type requiring more than a majority vote for passage, the bill again must be placed on third reading in the house of origin.

(2) The vote on third reading after concurrence in amendments is the vote of the house of origin that must be used to determine if the required number of votes has been cast.

40-180. Final action on a bill. When a bill being heard by the second house has received its third reading or has been rejected, the second house must transmit it as soon as possible to the original house with notice of the second house's action.

40-190. Transmittal of bills between houses. (1) Each house shall transmit to the other with any bill all relevant papers.

(2) When a House bill is transmitted to the Senate, the Secretary of the Senate shall give a dated receipt for the bill to the Chief Clerk of the House. When a Senate bill is transmitted to the House of Representatives, the Chief Clerk of the House shall give a dated receipt to the Secretary of the Senate.

40-200. Transmittal deadlines. (1) (a) A bill or amendment transmitted after the deadline established in this subsection (1) may be considered by the receiving house only upon approval of two-thirds of its members present and voting. If the receiving house does not so vote, the bill or amendment must be held pending in the house to which it was transmitted.

(b) (i) A bill, except for an appropriation bill, a revenue bill, or amendments considered by joint committee, must be transmitted from one house to the other on or before the 45th legislative day.

(ii) Amendments, except to appropriation bills and revenue bills, must be transmitted from one house to the other on or before the 73rd legislative day.

(c) (i) Revenue bills originating in the Senate must be transmitted to the House on or before the 71st legislative day.

(ii) House amendments to Senate revenue bills must be transmitted by the House to the Senate on or before the 82nd legislative day.

(iii) Revenue bills originating in the House must be transmitted to the Senate on or before the 71st legislative day.

(iv) Senate amendments to House revenue bills must be transmitted by the Senate to the House on or before the 82nd legislative day.

(v) A revenue bill is one that either increases or decreases revenue.

(d) (i) Appropriation bills and any bill implementing provisions of a general appropriation bill must be transmitted to the Senate on or before the 67th legislative day.

(ii) Senate amendments to appropriation bills must be transmitted by the Senate to the House on or before the 80th legislative day.

(2) (a) A joint resolution introduced for the purpose of estimating revenue available for appropriation by the Legislature must be transmitted no later than the 60th legislative day.

(b) Amendments to the resolutions must be transmitted to the house of origin no later than the 82nd legislative day.

(3) Interim study resolutions, bills repealing or directing the amendment or adoption of administrative rules, and joint resolutions advising or requesting the repeal, amendment, or adoption of administrative rules may be transmitted at any time during a session.

40-210. Governor's veto. (1) Each bill passed by the Legislature must be submitted to the Governor for his signature. This does not apply to:

(a) bills proposing amendments to The Constitution of the State of Montana;

(b) bills ratifying proposed amendments to the United States Constitution;

(c) resolutions; and

(d) referendum measures of the Legislature.

(2) If the Governor does not sign or veto the bill within 5 days after its delivery to him if the Legislature is in session or within 25 days if the Legislature is adjourned, the bill becomes law.

(3) The Governor shall return a vetoed bill to the Legislature with a statement of his reasons for the veto.

(4) If after receipt of a veto message, two-thirds of the members of each house present approve the bill, it becomes law.

(5) If the Legislature is not in session when the Governor vetoes a bill, he shall return the bill with his reasons for the veto to the Legislature as provided by law. The Legislature may be polled on a bill that it approved by two-thirds of the members present or it may be reconvened to reconsider any bill so vetoed (Montana Constitution, Art. VI, Sec. 10).

(6) The Governor may veto items in appropriation bills, and in these instances the procedure must be the same as upon veto of an entire bill (Montana Constitution, Art. VI, Sec. 10).

40-220. Response to Governor's veto. (1) When the presiding officer receives a veto message, he shall read it to the members over the rostrum. After the reading, a member may move that the Governor's veto be overridden.

(2) A vote on the motion is determined by roll call. If two-thirds of the members present vote "aye", the veto is overridden. If two-thirds of the members present do not vote "aye", the veto is sustained.

40-230. Governor's recommendations for amendment. (1) The Governor may return any bill to the Legislature with his recommendations for amendment.

(2) If the Legislature passes the bill in accordance with the Governor's recommendations, it shall return the bill to the Governor for his reconsideration. The Governor may not return a bill to the Legislature a second time for amendment.

(3) If the Governor returns a bill to the originating house with his recommendations for amendment, the house shall reconsider the bill under its rules relating to amendments offered in Committee of the Whole.

(4) The bill then is subject to the following procedures:

(a) The originating house shall transmit to the second house, for consideration under its rules relating to amendments in Committee of the Whole, the bill and the originating house's approval or disapproval of the Governor's recommendations.

(b) If both houses approve the Governor's recommendations, the bill must be returned to the Governor for his reconsideration.

(c) If both houses disapprove the Governor's recommendations, the bill must be returned to the Governor for his reconsideration.

(d) If one house disapproves the Governor's recommendations and the other house approves, then either house may request a conference committee, which may be a free conference committee.

(i) If both houses adopt a conference committee report, the bill in accordance with the report must be returned to the Governor for his reconsideration.

(ii) If a conference committee fails to reach agreement or if its report is not adopted by both houses, the Governor's recommendations must be considered not approved and the bill must be returned to the Governor for further consideration.

CHAPTER 60

RULES

60-10. Suspension of joint rule — change in rules. (1) A joint rule may be repealed or amended only with the concurrence of both houses, under the procedures adopted by each house for the repeal or amendment of its own rules.

(2) A joint rule governing the procedure for handling bills may be temporarily suspended by the consent of two-thirds of the members of either house, insofar as it applies to the house suspending it.

(3) Any Rules Committee report recommending a change in the joint rules must be referred to the other house. Any new rule or any change in the rules of either house must be transmitted to the other house for informational purposes.

(4) Upon adoption of any change, the Secretary of the Senate and the Chief Clerk of the House of Representatives shall provide the office of the Legislative Council:

(a) one copy of all motions or resolutions amending Senate, House, or joint rules; and

(b) copies of all minutes and reports of the Rules Committees.

60-20. Reference to Mason's Manual. Mason's Manual of Legislative Procedure (1989) governs the proceedings of the Senate and the House of Representatives in all cases not covered by these rules.

60-30. Publication and distribution of joint rules. (1) The Legislative Council shall codify and publish in one volume:

(a) the rules of the Senate;

(b) the rules of the House of Representatives; and

(c) the joint rules of the Senate and the House of Representatives.

(2) After the rules have been published, the Legislative Council shall distribute copies as directed by the Senate and the House of Representatives.

CHAPTER 70

STATEMENT OF LEGISLATIVE INTENT

70-10. Definition. (1) For the purpose of compliance with the Legislative History Act (Title 5, chapter 4, part 4, MCA), a statement of legislative intent regarding a bill must express the common understanding of those components of the Legislature voting on the bill.

(2) This statement differs from a purpose clause, which is used in general to describe the broad overall objectives of a bill. A statement of intent is used to guide the details of interpretation by those charged with implementation of the bill and is phrased in terms of contingencies, examples, or other matter inappropriate for expression as statutory language.

70-20. Limitation. A statement of intent may not accompany any bill that does not statutorily require one unless a committee (standing committee, Committee of the Whole or conference committee) agrees by a two-thirds vote to attach the statement.

70-30. Statement of intent to accompany bill — when — how. A statement of intent must accompany a bill as follows:

(1) A statement of intent is required for a bill delegating new rulemaking or licensing authority.

(2) A statement of intent must be included with the introduced bill for a bill requiring one. If a bill is found to require a statement of intent at any time in the legislative process, a statement of intent may be added under the procedure for amending a bill.

(3) A statement of intent must be included as a part of the bill between the title and the enacting clause under the heading "Statement of Intent".

70-40. Modification. Any committee considering a bill may recommend amendment of a previous statement of intent or recommend inclusion of a statement of intent. The statement of intent must be reflected in the history of the bill.

70-50. Conference committee on statement of intent only. (1) If the second house concurs in a bill without amendments but amends or supersedes a previous statement of intent, the bill may not be enrolled until both houses have agreed on a statement of intent. If the statement of intent is attached to a bill that does not statutorily require one, the conference committee can delete the statement in its entirety.

(2) A new statement of intent written by the second house must be processed in the same manner as a second house amendment.

(3) A regular conference committee may be appointed solely to resolve differences of intent if the second house's statement of intent is not so accepted.

Approved January 18, 1991.

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA SUPPORTING MONTANA'S MEN AND WOMEN IN THE ARMED FORCES SERVING IN OPERATION DESERT SHIELD.

WHEREAS, more than 1,000 servicemen and servicewomen from the State of Montana are presently in the Persian Gulf region as part of Operation Desert Shield; and

WHEREAS, Montanans in the Persian Gulf region are represented in the Army, Navy, Air Force, Marine Corps, and reserve and national guard components and are serving in a wide variety of duty assignments in each branch of the armed services; and

The hearts of all Montanans are with you; we are proud of you; you have our prayers and deepest best wishes for a safe return.

Approved January 11, 1991.

SENATE JOINT RESOLUTION NO. 7

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE UNITED STATES CONGRESS AND THE UNITED STATES DEPARTMENT OF AGRICULTURE, ANIMAL AND PLANT HEALTH INSPECTION SERVICE (USDA/APHIS), TO SUPPORT, THROUGH APPROPRIATE FUNDING, MONTANA'S AND OTHER WESTERN STATES' RESEARCH EFFORTS TO PROVIDE REQUIRED DATA TO THE ENVIRONMENTAL PROTECTION AGENCY (EPA) TO MAINTAIN CERTAIN RODENTICIDE REGISTRATIONS; URGING EPA SUPPORT FOR THE MONTANA DEPARTMENT OF AGRICULTURE MANAGEMENT PLAN FOR THE USE OF STRYCHNINE WITHIN ACCEPTABLE FEDERAL STANDARDS; AND URGING COOPERATION BETWEEN THE EPA, THE CHEMICAL PRODUCERS, AND THE STATES TO REGISTER RODENTICIDES.

WHEREAS, the 1989 Montana Legislature, through the adoption of Senate Joint Resolution No. 11, urged the Montana Congressional Delegation and the USDA/APHIS to support funding for the Denver Wildlife Research Center to conduct research to provide the necessary data to the EPA to maintain the registrations of strychnine and Compound 1080 for rodenticide purposes; and

WHEREAS, despite the Legislature's urging, the required research was not completed, resulting in the suspension of registrations of strychnine and Compound 1080 by the EPA; and

WHEREAS, these suspensions have left Montana and other Western states without effective rodenticides to control agriculturally damaging rodent species; and

WHEREAS, the Denver Wildlife Research Center still has the resources necessary to provide the required data but lacks necessary funding; and

WHEREAS, the costs to pursue data collection are beyond the means of most states; and

WHEREAS, the Montana Department of Agriculture has developed a management plan for the use of strychnine within the present context of the Endangered Species Act of 1973 but needs EPA approval of the plan; and

WHEREAS, cooperation is necessary between the EPA, chemical producers, and the states in order to provide the effective control tools necessary to curtail the estimated $400 million in annual damage caused by rodents in the United States.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That Montana's Congressional Delegation and USDA/APHIS again be urged to support funding for the Denver Wildlife Research Center to conduct research to provide the necessary data to the EPA to maintain the registrations of strychnine and Compound 1080 for rodenticide purposes.

(2) That the Montana Congressional Delegation encourage the EPA to support the Montana Department of Agriculture management plan to use strychnine within the present context of the Endangered Species Act of 1973.

(3) That the Montana Congressional Delegation facilitate the necessary cooperation between the EPA, chemical producers, and the states to register strychnine and Compound 1080 for rodenticide purposes.

(4) That the Secretary of State send copies of this resolution to each member of Montana's Congressional Delegation, the Secretary of the United States Department of Agriculture, and the Director of the United States Environmental Protection Agency.

Approved February 16, 1991.

SENATE JOINT RESOLUTION NO. 8

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE CONGRESS OF THE UNITED STATES TO BROADEN THE BASE OF BANK DEPOSITS ASSESSED FOR FEDERAL DEPOSIT INSURANCE PREMIUMS.

WHEREAS, the United States Congress has, in the Financial Institutions Reform, Recovery, and Enforcement Act of 1989, increased the Federal Deposit Insurance Corporation (FDIC) premium from 0.08% to 0.195% of insured deposits and has authorized a further premium increase to 0.23%; and

WHEREAS, the FDIC has extended the benefits of deposit insurance to deposits in overseas branches of the larger American banks that have overseas branches, although those banks pay no premiums on foreign deposits; and

WHEREAS, the largest United States banks operate foreign branches and accept uninsured deposits of various types to an extent that they pay FDIC premiums on approximately 40% of the funds their customers entrust to them, although their customers are assured that all funds in those large banks are protected by the FDIC; and

WHEREAS, the reason the umbrella of federal deposit insurance is extended to those funds is that the federal government bank regulators have decided that certain banks are too big to be allowed to fail; and

WHEREAS, the largest United States banks operate foreign branches and accept nondeposit liabilities to such an extent that less than 40% of the funds their customers entrust to them are assessed FDIC premiums, while 100% of those funds enjoy the benefit of insurance coverage from the FDIC; and

WHEREAS, community banks, which do not operate foreign branches have nearly 90% of the funds their customers entrust to them assessed for FDIC premiums; and

WHEREAS, the result is that community banks pay for deposit insurance at twice the effective rate paid by large international banks, which is unfair and discriminatory and causes community banks to subsidize the national "too big to fail" policy.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That Congress be urged to amend the Federal Deposit Insurance Act to extend the assessment for FDIC premiums to deposits held in foreign branches of American banks.

(2) That the Secretary of State forward copies of this resolution, under the great seal of the State of Montana, to the United States Senate and the United States House of Representatives and to each member of the Montana Congressional Delegation.

Approved February 9, 1991.

SENATE JOINT RESOLUTION NO. 9

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE UNITED STATES CONGRESS TO ENACT LEGISLATION TO PROVIDE A NATIONAL HEALTH CARE PROGRAM FOR ALL CITIZENS OF THE UNITED STATES.

WHEREAS, 37 million Americans are without health insurance coverage of any kind; and

WHEREAS, costs of medical care are raising twice as fast as the rate of inflation; and

WHEREAS, per capita health care costs in Montana are expected to increase from $2,059 in 1990 to $4,686 in 2000; and

WHEREAS, 20% of all people in Montana have no health insurance, and an even larger percentage are underinsured; and

WHEREAS, our current health care system in this country is a patchwork of private and government programs that are both expensive and inefficient, with 23 cents of every health care dollar spent for administration and bureaucracy; and

WHEREAS, as health care costs raise, employers are less and less able to pay for health insurance for employees, resulting in negotiation deadlocks, strikes, and further restrictions on access to health insurance for America's working class citizens; and

WHEREAS, the cost of employer health care raised by 18.6% in 1988 and by 20.4% in 1989; and

WHEREAS, families are becoming impoverished paying for the costs of long-term care; and

WHEREAS, prescription drug costs in the last decade have increased at more than triple the general rate of inflation; and

WHEREAS, infant mortality rates are climbing in the United States, especially among poor people; and

WHEREAS, poor people are being turned away from health care; and

WHEREAS, preventable disease is on the rise in the United States, especially among the poor; and

WHEREAS, preventable diseases, such as measles, mumps, rubella, whooping cough, and polio, are increasing among children because they lack access to medical care; and

WHEREAS, the death rate from preventable causes is on the rise in the United States; and

WHEREAS, a national health care program would provide quality, comprehensive health care to all citizens of the United States; and

WHEREAS, all medically necessary services would be paid under a national health care program, eliminating the patchwork of existing private and government health care programs; and

WHEREAS, under a national health care program, health care practitioners would maintain their private practice and patients would have the freedom to choose their own physician or hospital.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislature of the State of Montana urge the United States Congress to enact legislation to provide a national health care program for all citizens of the United States.

BE IT FURTHER RESOLVED, that Congress include in a national health care program:

(1) a single-payer system for the payment of health care; and

(2) coverage for basic health care, including long-term care.

BE IT FURTHER RESOLVED, that the Secretary of State send a copy of this resolution to the President of the United States, the Speaker of the United States House of Representatives, the President of the United States Senate, and each member of the Montana Congressional Delegation.

WHEREAS, in establishing the system of Indian reservations and in negotiating treaties with the various tribes, the federal government impliedly reserved the waters on the reservations for use by the Indians; and

WHEREAS, in 1985, the State of Montana and the Assiniboine and Sioux Tribes of the Fort Peck Indian Reservation entered into a compact quantifying the reserved water rights of the Tribes; and

WHEREAS, the Assiniboine and Sioux Tribes and the Compact Commission have requested that the Senate and the House of Representatives of the State of Montana reaffirm the commitment of the state to the implementation of these provisions of the Fort Peck-Montana Compact; and

WHEREAS, it is the intention of the Senate and the House of Representatives of the State of Montana to reaffirm the commitment of the state to the implementation of the Fort Peck-Montana Compact.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That Congress enact legislation in substantially the following form:

"Sec. 2. For purposes of this Act, the term:

(a) "Fort Peck-Montana Compact" means that Compact pertaining to the reserved water rights of the Assiniboine and Sioux Tribes of the Fort Peck Reservation ratified by the Forty-Ninth Legislature of the State of Montana on April 23, 1985 and by the Fort Peck Tribal Executive Board on April 29, 1985.

A Water Agreement may authorize the diversion or use of water within or outside the Reservation subject to all terms of the Fort Peck-Montana Compact.

(b) The Secretary shall approve or disapprove any Water Agreement within (1) one hundred and eighty days after submission or (2) sixty days after compliance, if required, with section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(2)(C)) and any other requirement of federal law, whichever is later. Any party to such an agreement may enforce the provisions of this subsection pursuant to 28 U.S.C. 1361.

WHEREAS, the State of Montana recognizes the historic and national significance of the Bear Paw Battlefield, the Big Hole Battlefield, Fort Fizzle, and Canyon Creek sites in Montana as the final chapters in the famous Nez Perce War of 1877; and

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF THE CONCENTRATION IN THE LIVESTOCK FEEDING AND PACKING INDUSTRIES; AND REQUIRING A REPORT OF THE FINDINGS OF THE STUDY TO THE 53RD LEGISLATURE.

WHEREAS, the market share of the top four beef packing companies was just 25% in 1977 and rose to 74% of the market in 1987; and

WHEREAS, concentration among packing companies that slaughter sheep and lambs has increased from four firms controlling 57% in 1977 to three firms controlling at least 76% in 1987; and

WHEREAS, trends toward concentration and vertical integration of the livestock industry threaten free enterprise and the independence of Montana's livestock producers, as well as the economic vitality of our communities that are dependent on the livestock industry; and

WHEREAS, continued concentration and vertical integration of the livestock industry may also have serious adverse implications for the health and safety of both workers and consumers.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That an appropriate interim committee be assigned to examine:

(1) the economic impact of concentration and vertical integration by the dominant meatpackers on Montana's livestock producers;

(2) the relationship between the economic impact of the concentration on producers and other aspects of the state's present and future economy, such as the tax base, population, and viability of our rural communities; and

(3) legal remedies and other appropriate actions available to the State of Montana to counteract any adverse problems posed by increased concentration or to prevent further concentration.

BE IT FURTHER RESOLVED, that the interim committee report the findings of the study to the 53rd Legislature and present options for legislative consideration if the committee determines that options are necessary.

WHEREAS, the nation, and Montana in particular, has been affected by environmental damage resulting from past mining practices; and

SENATE JOINT RESOLUTION NO. 19

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA PETITIONING THE UNITED STATES CONGRESS TO CONSIDER A CONSTITUTIONAL AMENDMENT, FOR RATIFICATION BY THE STATES, THAT WOULD PROHIBIT THE DESECRATION OF THE AMERICAN FLAG.

WHEREAS, although the right of free expression is part of the foundation of the United States Constitution, very carefully drawn limits on the expression in specific instances have long been recognized as a legitimate means of maintaining public safety and decency, as well as orderliness and the productive value of public debate; and

WHEREAS, certain actions, although arguably related to one person's free expression, nevertheless raise issues concerning public decency, public peace, the rights of expression, and the sacred values of others; and

WHEREAS, there are symbols of our national soul, such as the Washington Monument, the United States Capitol, and memorials to our greatest leaders, that are the property of every American and are therefore worthy of protection from desecration and dishonor; and

WHEREAS, the American flag, to this day, is the most honorable and worthy banner of a nation that is thankful for its strengths and committed to curing its faults and that remains the destination of millions of immigrants attracted by the universal power of American ideals; and

WHEREAS, the law, as interpreted by the United States Supreme Court, no longer accords to the Stars and Stripes that reverence, respect, and dignity befitting the banner of the most noble experiment of a nation-state; and

WHEREAS, it is only fitting that people everywhere should lend their voices to a forceful call for restoration to the Stars and Stripes of a proper station under law and decency.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislature of the State of Montana respectfully petition the Congress of the United States to consider an amendment to the United States Constitution, for ratification by the states, specifying that Congress and the states have the power to prohibit the physical desecration of the flag of the United States.

SENATE JOINT RESOLUTION NO. 20

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE MONTANA CONGRESSIONAL DELEGATION TO SUPPORT LEGISLATION ESTABLISHING A MEMORIAL AT CUSTER BATTLEFIELD NATIONAL MONUMENT TO HONOR THE NATIVE AMERICAN PEOPLES WHO FOUGHT AT THE BATTLE OF THE LITTLE BIG HORN AND REDESIGNATING THE AREA AS THE LITTLE BIG HORN NATIONAL MONUMENT.

WHEREAS, in 1881, a monument was placed on a mass gravesite at Last Stand Hill to commemorate the soldiers, scouts, and civilians attached to the Seventh United States Cavalry who fell at the Battle of the Little Big Horn; and

WHEREAS, although many members of the Cheyenne, Sioux, and other Indian nations gave their lives defending their families, traditional lifestyles, and livelihoods, no permanent memorial commemorates the sacrifices or the victory of the Native American peoples in this battle; and

WHEREAS, while Indian activists have noted the need to recognize Native American perspectives and participants in the battle since the 1970s, demonstrations and discussions have resulted only in the placement of a memorial plaque in the battlefield visitor center to honor Native American sacrifices; and

WHEREAS, Custer Battlefield, which was carved out of the Crow Indian Reservation, stands today as an anomaly, not only as the only battlefield unit in the entire National Park System honoring an individual but in its emphasis in the role of the Seventh Cavalry and in its failure to properly recognize Native American perspectives and the participants who were victorious over General Custer and the Seventh Cavalry in the Battle of the Little Big Horn; and

WHEREAS, the time has come to end ethnocentric designations and to begin recognizing impartially the significant historical events of the battlefield area.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the Montana Congressional Delegation be urged to support legislation establishing a memorial at Custer Battlefield National Monument to honor the Native American peoples who fought at the Battle of the Little Big Horn.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to each member of the Montana Congressional Delegation, to the tribal chairmen of the seven Montana reservations, and to the tribal chairman of the Little Shell Band of Chippewa Indians.

WHEREAS, the United States Congress enacted Public Law 100-552, authorizing the Secretary of Agriculture to establish the Lewis and Clark National Trail Interpretive Center in the vicinity of Giant Springs Heritage State Park near Great Falls, Montana; and

WHEREAS, development of the Center will provide the State of Montana and the United States a unique interpretation of the Lewis and Clark Expedition and its encounters in Indian Country and will establish a logical and essential link between the Center at St. Louis, Missouri, the beginning of the Expedition, and the Center at Fort Clatsop, Oregon, the ending point of the Lewis and Clark Trail; and

WHEREAS, development of the Center will allow historians to preserve and protect the very spirit of discovery in a location where one is still able to experience the physical, mental, and emotional challenges encountered by the Corps of Discovery and will provide all Americans an opportunity to fully examine and interpret the real challenges of the Westward Expansion; and

WHEREAS, the Center will emphasize the critical contributions, essential to the success of the Expedition, of the many Native American tribes and cultures encountered on the Upper Missouri, including the symbolic role of Sacagawea, a Shoshoni Indian woman who accompanied the Corps of Discovery; and

WHEREAS, completion of the Center will provide a valuable economic contribution to the area through increased tourism and expanded educational resources; and

WHEREAS, the State of Montana has committed to the donation of up to 50 acres of land to the federal government for the Center site, and numerous private citizens have invested both time and resources to achieve the designation of the Center in Montana; and

WHEREAS, the required conceptual plan for the development of the Center has been completed in a timely manner, and the design package has been submitted to the House Committee on Interior and Insular Affairs and the Senate Committee on Energy and Natural Resources according to the prescribed timetable; and

WHEREAS, the timetable of the planning process having been met, Congress must now appropriate the funds necessary to complete construction of the Center.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the United States Congress be urged to maintain the construction timetable established by the United States Forest Service Planning Team and the Citizen Steering Committee by fully funding completion of the Lewis and Clark National Trail Interpretive Center near Great Falls, Montana.

(2) That the United States Congress also be urged to consider the contributions of Sacagawea and other Native Americans to the success of the Corps of Discovery in selecting a permanent name for the Lewis and Clark National Historic Trail Interpretive Center near Great Falls, Montana.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to each member of the Montana Congressional Delegation, the members of the United States House Committee on Interior and Insular Affairs, the members of the United States Senate Committee on Energy and Natural Resources, the President of the United States, and the United States Secretary of Agriculture.

SENATE JOINT RESOLUTION NO. 23

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE MONTANA CONGRESSIONAL DELEGATION TO CALL ON THE U.S. CONGRESS TO RECONSIDER CERTAIN SECTIONS OF THE FEDERAL FOOD, AGRICULTURE, CONSERVATION AND TRADE ACT OF 1990 FOR PURPOSES OF IMPROVING NET FARM INCOME.

WHEREAS, agriculture is Montana's largest industry; and

WHEREAS, agriculture provides a reliable tax base from which to generate needed state and local revenues; and

WHEREAS, a healthy agricultural economy provides economic stability for our rural communities; and

WHEREAS, Montana's agricultural economy has been distressed by drought and drastic declines in commodity prices, reducing net farm income to below the cost of production; and

WHEREAS, based on a Congressional Budget Office report, the continuation of current farm policy will reduce net farm income by at least 25% this coming year, causing further economic and social decline in rural and urban communities; and

WHEREAS, each member of the Montana Congressional Delegation spoke and voted in opposition to the federal Food, Agriculture, Conservation and Trade Act of 1990.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the members of the Montana Congressional Delegation be urged to call for the immediate revisiting of the federal Food, Agriculture, Conservation and Trade Act of 1990 for the purpose of strengthening legislation that will improve net farm income, thereby promoting development of Montana's rural and urban economies.

BE IT FURTHER RESOLVED, that the Secretary of State send a copy of this resolution to each member of the Montana Congressional Delegation.

Approved April 6, 1991.

SENATE JOINT RESOLUTION NO. 24

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA ENDORSING THE STRATEGIES DETAILED IN THE MONTANA PICK-SLOAN INITIATIVE DEVELOPED BY THE MONTANA PICK-SLOAN ADVISORY COMMITTEE AND THE DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION.

WHEREAS, the Pick-Sloan Missouri Basin Plan in the federal Flood Control Act of 1944 was intended to provide to all the Missouri Basin states multiple benefits, including irrigation, hydropower, flood control, navigation, recreation, fish and wildlife protection, and sediment abatement; and

WHEREAS, while Lower Missouri Basin states have received most of the benefits intended for them, Upper Missouri Basin states have received less than 10% of the irrigation benefits promised, despite the flooding by mainstem dams of over 1.7 million acres of land in Montana, North Dakota, and South Dakota; and

WHEREAS, the 51st Legislature adopted House Joint Resolution No. 22 (HJR 22), which called for the United States Congress to authorize the use of Pick-Sloan Missouri Basin funds for the rehabilitation of irrigation project facilities and inexpensive Pick-Sloan Missouri Basin power for irrigation pumping for irrigation projects in the Upper Missouri Basin states; and

WHEREAS, since adoption of HJR 22 in 1989, the urgency for realizing the benefits sought for Upper Missouri Basin states has increased significantly because of a deteriorating water supply infrastructure, severe drought, increasing demands from irrigation and recreational interests, complex federally reserved water rights questions, and limited funding to meet increased demands for Missouri River water; and

WHEREAS, to better coordinate and facilitate the goals expressed in HJR 22, a broad-based Montana Pick-Sloan Advisory Committee was formed by the Department of Natural Resources and Conservation; and

WHEREAS, the Montana Pick-Sloan Advisory Committee has adopted "The Montana Pick-Sloan Initiative: A Water Management Agenda for Tomorrow", which seeks benefits that are commensurate with the costs incurred by Montana as a result of the Pick-Sloan Missouri Basin Plan's development to date and which outlines strategies for solving the state's water management problems that are consistent with the plan's original aim of maximizing the multiple-use benefits of the Missouri River and its tributaries.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislature endorse the strategies embodied in the Montana Pick-Sloan Initiative, including to:

(1) seek congressional authorizations and appropriations;

(3) revise the operation of the Missouri River by the United States Army Corps of Engineers; and

BE IT FURTHER RESOLVED, that copies of this resolution and copies of the Montana Pick-Sloan Initiative be sent to each member of Montana's Congressional Delegation, the President of the United States Senate, the United States Department of Interior—Bureau of Reclamation, and the United States Army Corps of Engineers.

Approved April 6, 1991.

THE WATER POLICY COMMITTEE TO CONDUCT AN INTERIM STUDY OF THE NEED FOR AND FEASIBILITY OF STATE REGULATION OF MONTANA'S GEOTHERMAL RESOURCES.

WHEREAS, Montana has substantial water resources with temperatures sufficient to allow extraction of energy from the natural heat of those water resources, commonly referred to as geothermal resources; and

WHEREAS, under current Montana water law, the quantity of a geothermal resource may be protected, but the quality, that is, the heat content and any byproducts associated with the geothermal resource, is not; and

WHEREAS, the impact of continued development of Montana's water resources on Montana's geothermal resources is unknown; and

WHEREAS, a comprehensive analysis of the need to regulate or protect Montana's geothermal resources has not been conducted; and

WHEREAS, Montana should promote the wise development of both its water resources and geothermal resources.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Water Policy Committee be requested to conduct a study to determine:

(1) the need for and feasibility of state regulations to control the development of geothermal resources, including the development of energy that may be extracted from the natural heat of the water and the development of any geothermal byproduct;

(2) if regulation of geothermal resources exists in other states with substantial geothermal resources and, if so, the experience of those states; and

(3) if water users and entities with an interest in geothermal resources in Montana need and want state regulation of geothermal resources.

BE IT FURTHER RESOLVED, that the Water Policy Committee report the findings and recommendations of its study, including any desirable or necessary legislation, to the 53rd Legislature by November 1, 1992.

WHEREAS, the cost of health insurance continues to rise; and

WHEREAS, a growing number of Montana citizens are unable to afford health insurance and, thus, do not have insurance; and

WHEREAS, many small business owners cannot afford health insurance for themselves or their employees because the cost is prohibitive; and

WHEREAS, legislation is proposed each session to mandate that health insurers provide additional health care benefits in their policies of insurance; and

WHEREAS, proponents of mandated health insurance benefits argue that mandated benefits decrease the cost of health insurance or improve access to needed health care coverage or services; and

WHEREAS, opponents of mandated health insurance benefits argue that mandated benefits increase the cost of health insurance and limit access to needed coverage and services; and

WHEREAS, the Legislature should review the effects of mandated health insurance benefits and the need for mandated benefits.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That an interim committee be established to study mandated health insurance benefits.

WHEREAS, House Bill No. 28, the school funding reform legislation of the June 1989 Special Session, established the Legislative Oversight Committee on School Funding Implementation to monitor the implementation of new school funding measures and to address other areas in need of funding equalization, such as school transportation and facilities and distribution of equalization aid through the foundation program schedules; and

WHEREAS, the Legislative Oversight Committee on School Funding Implementation devised a comprehensive study plan and met throughout the past interim to oversee the rulemaking granted various agencies in compliance with House Bill No. 28, to review the preliminary data on the results of equalization measures, and to begin study of equalization of school transportation and facility funding, the results of which are documented in a final report to the 52nd Legislature; and

WHEREAS, while the Legislative Oversight Committee on School Funding Implementation and its multiagency staff attempted to supply the best information available on a wide variety of requested issues and did recommend four vital pieces of legislation in response to implementation and equalization concerns, time constraints and the implementation time line worked against achievement of many of the intended study goals; and

WHEREAS, an interim study committee could be a useful tool for continued study of school funding issues, specifically equalization of school transportation and facilities, review of the guaranteed tax base mechanism, the status of tuition and out-of-district placement of students, and distribution of equalization aid through the foundation program schedules.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That an appropriate interim committee be assigned to study:

WHEREAS, those decisions include the Pacific Northwest Electric Power and Conservation Planning Council's adoption of its 1991 Northwest Conservation and Electric Power Plan; and

(2) That the Council should encourage regulators in the Northwest to eliminate economic disincentives to investments by electric utilities in cost-effective energy conservation resources; and

HOUSE JOINT RESOLUTION NO. 9

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE UNITED STATES CONGRESS TO PASS LEGISLATION ASSURING THAT A TRIBAL GOVERNMENT WITHIN THE UNITED STATES HAS THE AUTHORITY TO MAINTAIN CRIMINAL JURISDICTION OVER NONMEMBER INDIANS WHO COMMIT CRIMINAL ACTS WITHIN THE BOUNDARIES OF THE RESPECTIVE TRIBE'S RESERVATION AND UPON THE TRIBAL GOVERNMENT'S LANDS.

WHEREAS, the United States Supreme Court, in Duro v. Reina, No. 88-6546, (United States Sup. Ct., May 29, 1990), has ruled that Indian tribal governments and their courts do not have criminal jurisdiction over nonmember Indians who commit criminal acts upon the reservations or lands of the tribes; and

WHEREAS, it has been the practice of Indian tribes to regard nonmember Indians living in Indian country as tribal members for purposes of tribal jurisdiction; and

WHEREAS, the Montana-Wyoming Tribal Chairman's Association, composed of the tribal chairmen of the federally recognized tribes of Montana and Wyoming, has adopted a resolution urging the United States Congress to pass legislation to resolve the jurisdictional dilemma raised in the Duro decision; and

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Montana Legislature join the Montana-Wyoming Tribal Chairman's Association by formally requesting that Montana's Congressional Delegation support legislation assuring that tribal governments within the United States have the authority to maintain criminal jurisdiction over nonmember Indians who commit criminal acts within the boundaries of the reservations and upon lands of the tribes, so long as consistent with the protections guaranteed by the United States constitution.

WHEREAS, the United States Department of Interior, Bureau of Land Management (BLM), distributes a portion of revenues received from grazing leases and other leases to the state and counties of Montana; and

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Department of Interior, Bureau of Land Management, be urged to provide complete and detailed information supporting Taylor Grazing Act receipts and other lease receipts that will allow Montana state and county governments to ensure accountability over this money.

HOUSE JOINT RESOLUTION NO. 12

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING CONGRESS TO REFRAIN FROM ENACTING AND URGING THE PRESIDENT OF THE UNITED STATES TO DECLINE TO APPROVE ANY REVISION OF THE METHOD OF ALLOCATING FEDERAL HIGHWAY FUNDS THAT WOULD REDUCE THE MONEY AVAILABLE TO MONTANA FOR HIGHWAY CONSTRUCTION, RECONSTRUCTION, AND IMPROVEMENT.

WHEREAS, Montana is a sparsely populated and geographically vast state; and

WHEREAS, the federal-aid highway system is a national network intended to speed the unimpeded flow of traffic to and from all parts of the United States not only for the commercial, social, and recreational uses of all citizens but also for national defense and for relief in national emergencies; and

WHEREAS, without cost-sharing under the federal-aid highway program, the State of Montana lacks the financial resources necessary to construct, reconstruct, and improve the thousands of miles of federal-aid highway system within the state to the standards required to accommodate the traffic of a nationwide system; and

WHEREAS, the continuing growth of the volume of traffic, originating from both local and interstate sources, is increasing the burdens upon the highway system and requires ever-growing expenditures for construction, reconstruction, and improvements; and

WHEREAS, inflation further reduces the purchasing power of the dollars available to finance construction, reconstruction, and improvement of the highway system; and

WHEREAS, Montana receives about $100 million a year in federal-aid highway funds, or about two-thirds of the state's total highway construction expenditures; and

WHEREAS, the current Federal-Aid Highway Act will expire September 30, 1991, and there are proposals that would substantially revise the cost-matching ratios, apportionment formulae, and other aspects of the federal-aid highway program to the detriment of Montana and other states similarly situated; and

WHEREAS, without continuance of federal aid at its current level or an increase in the level of federal aid, Montana will be unable to accomplish construction, reconstruction, and improvement of the federal-aid highway system, including structures such as bridges and overpasses.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Congress of the United States be requested to refrain from enacting and the President be requested to decline to approve any law that revises the formulae for the allocation of highway or mass transportation aid money among the states, that revises the cost-matching ratios, or that otherwise changes the provisions of the federal-aid highway program to reduce either the amount of or the proportionate allocation of highway or mass transportation aid money to the State of Montana.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to each member of Montana's Congressional Delegation, the Majority Leader of the United States Senate, the Speaker of the United States House of Representatives, and the President of the United States.

HOUSE JOINT RESOLUTION NO. 13

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA EXPRESSING THE OPPOSITION OF THE LEGISLATURE TO A RAILROAD CORPORATION'S PARTICIPATION IN MONTANA'S WORKERS' COMPENSATION SYSTEM.

WHEREAS, legislation has been introduced in the United States Congress to allow railroad corporations to participate in state workers' compensation programs; and

WHEREAS, Montana's industrial accident insurance program under the workers' compensation system has funding problems, and a long-term solution is being sought by this Legislature; and

WHEREAS, railroad workers in this state have been covered by the Federal Employees Liability Act (FELA) for many decades; and

WHEREAS, the dangerous work conditions related to the railroad industry prompted Congress 80 years ago to enact FELA to encourage railroad safety and to compensate railroad employees injured in the workplace; and

WHEREAS, FELA has proved to be effective and efficient for providing injury compensation to several areas of broader public policy and has proved to be a cornerstone for safety in the railroad industry and an important element in establishing corporate accountability; and

WHEREAS, Montana's no-fault workers' compensation system, which covers occupational injuries in other industries, differs from FELA; and

WHEREAS, FELA is negligence liability law specifically tailored to the characteristics of the railroad industry, and its liability provisions place strong emphasis on preventing accidents; and

WHEREAS, a direct financial incentive in the railroad industry to avoid negligence and to provide safe operations is the basic principle of FELA; and

WHEREAS, safety incentives in FELA are as important to the public as they are to workers, with safe working conditions translating to safety for passengers and for Montana communities through which railroads travel; and

WHEREAS, trains carry growing volumes of toxic chemicals, nuclear waste, and other hazardous materials within and across the state of Montana and make the linkage between safe working conditions for railroad employees and public safety clearer now than ever before in Montana.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislature of the State of Montana find that:

(1) for reasons previously cited, Montana's no-fault workers' compensation system was not designed to provide negligence liability in the railroad industry;

(2) the railroad industry operates in interstate commerce and is governed by the United States Congress and that FELA provides a uniform standard for injuries sustained by railroad workers in this country; and

(3) Montana's workers' compensation system is burdened with unfunded financial liabilities.

BE IT FURTHER RESOLVED, that the Legislature of the State of Montana opposes participation of railroad corporations in Montana's workers' compensation system.

BE IT FURTHER RESOLVED, that copies of this resolution be sent to the Secretary of the United States Department of Transportation, the Interstate Commerce Commission, the United States Federal Railroad Administration, each member of Montana's Congressional Delegation, and the appropriate committees of the United States Congress that consider legislation allowing railroads to participate in state workers' compensation programs.

Approved March 28, 1991.

HOUSE JOINT RESOLUTION NO. 14

WHEREAS, national forest lands are a significant source of high-quality water and clean air upon which Montanans depend; and

WHEREAS, national forest lands provide natural splendor, wildlife habitat, scenic beauty, and recreational opportunity that all Montanans enjoy; and

WHEREAS, the economic stability of communities in western Montana is dependent upon a regular and stable supply of timber; and

WHEREAS, unsustainable rates of timber harvest affect other multiple uses of national forest lands and disrupt and destabilize dependent communities.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

BE IT FURTHER RESOLVED, that the United States Congress also conduct these hearings to determine whether national forest lands are being managed on a sustainable basis and that the forest practices on these lands maximize timber growth for sustained-yield production.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the President of the United States Senate, the Speaker of the United States House of Representatives, and each member of the Montana Congressional Delegation.

Approved March 23, 1991.

WHEREAS, throughout its history the United States has been on the leading edge of scientific and technological research, development, invention, innovation, and improvement; and

WHEREAS, encouragement of research, invention, and innovation is the key to the continued preeminence of the United States; and

WHEREAS, the Indian Health Service operates only three hospitals on Montana reservations and contracts with private or public hospitals to provide services to Native Americans on Montana's other reservations; and

WHEREAS, a Department of Health and Human Services' regulation designates the Indian Health Service as the payor of last resort and will not authorize payment for contract health services if a Native American is eligible for alternate resources; and

WHEREAS, "alternate resources" includes the health care services offered by the Veterans Benefits Administration; and

WHEREAS, this regulation forces many Native American veterans to seek medical care from the Veterans Benefits Administration; and

WHEREAS, the Veterans Benefits Administration operates only two medical facilities in the entire state; and

WHEREAS, this imposes a severe hardship on Native American veterans who are forced to travel long distances to receive medical care and on Native American families who traditionally accompany a family member to a medical facility and remain during the family member's stay; and

WHEREAS, Medicaid home and community services have shown that many elderly or disabled persons in need of long-term medical care services may remain in their homes and communities if provided the appropriate supportive services; and

WHEREAS, Medicaid home and community services show that quality long-term medical care can be provided at a savings over institutionally based, long-term medical care; and

WHEREAS, persons who are elderly or disabled continue to be placed into long-term medical care situations that are away from their homes and communities because of the limits on the availability of services through Medicaid home and community services; and

WHEREAS, this trend is bound to continue; and

WHEREAS, computer applications in the Legislature have enhanced the speed and accuracy of legislative work to an increasing degree over the past 18 years; and

WHEREAS, small portable computers with significant power are available that could be provided to legislators to support and improve their legislative work; and

HOUSE JOINT RESOLUTION NO. 24

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA ESTABLISHING AN OFFICIAL ESTIMATE OF THE STATE'S ANTICIPATED REVENUE FOR EACH YEAR OF THE 1992-93 BIENNIUM FOR THE PURPOSE OF ACHIEVING A BALANCED BUDGET AS MANDATED BY ARTICLE VIII, SECTION 9, OF THE MONTANA CONSTITUTION; ACCEPTING A JUNE 30, 1990, GENERAL FUND AND STATE EQUALIZATION ACCOUNT BALANCE THAT WAS ESTABLISHED BASED ON GENERALLY ACCEPTED ACCOUNTING PRINCIPLES; REQUESTING THE GOVERNOR'S OFFICE OF BUDGET AND PROGRAM PLANNING TO USE THE REVENUE ESTIMATES CONTAINED IN THIS RESOLUTION AS OFFICIAL REVENUE ESTIMATES FOR FISCAL YEARS 1991-92 AND 1992-93; AND ESTABLISHING AN ESTIMATE OF THE NONGENERAL FUND REVENUES FOR THE STATE EQUALIZATION ACCOUNT.

WHEREAS, Article VI, section 9, of the Montana Constitution requires the Governor to submit to the Legislature a budget for the ensuing fiscal period, containing in detail the estimated revenue of the state; and

WHEREAS, Article VIII, section 9, of the Montana Constitution requires that the Legislature may not appropriate funds in excess of the anticipated revenue of the state; and

WHEREAS, section 5-18-107(5), MCA, requires the Revenue Oversight Committee to estimate the amount of revenue projected to be available for legislative appropriation and to introduce a house joint resolution setting forth the Committee's current revenue estimate for the biennium; and

WHEREAS, section 5-12-302(6), MCA, requires the Office of the Legislative Fiscal Analyst to assist the Revenue Oversight Committee in its revenue estimating duties; and

WHEREAS, due to the complexity of economic variables involved in revenue forecasting and the diversity of sources from which state revenues are obtained, it has become increasingly difficult to project revenues in order to prepare a balanced budget for the ensuing biennium; and

WHEREAS, past legislatures have not agreed on revenue projections until the last days of the session, when there is little time for comprehensive analysis or reasoned criticism; and

WHEREAS, it is in the best interests of the state that revenue forecasts be discussed and arrived at in public hearings at which all the people may attend and participate.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the state general fund revenue for fiscal years 1991, 1992, and 1993 is estimated to be $433,059,000, $455,320,000, and $471,648,000, respectively. The school foundation revenue for fiscal years 1991, 1992, and 1993 is estimated to be $398,379,000, $372,177,000, and $381,854,000, respectively.

BE IT FURTHER RESOLVED, that the Legislature accepts for budget purposes the unreserved fund balance for the general fund of $89,038,000 and $20,592,000 for the state equalization account, prepared according to generally accepted accounting principles as published in the audited state financial statements as of June 30, 1990.

BE IT FURTHER RESOLVED, that the Governor's Office of Budget and Program Planning use the revenue estimates contained in this resolution as the official revenue estimates for fiscal years 1991-92 and 1992-93.

GENERAL FUND REVENUE

The projections for total general fund revenue during the 1992-93 biennium are based on an assumption of a continuation of Montana law as it existed on January 1, 1991.

HOUSE JOINT RESOLUTION NO. 27

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING

THAT NO UNNECESSARY FEE, CHARGE, OR RESTRICTION BE IMPOSED THAT WOULD IMPEDE PASSAGE ACROSS THE INTERNATIONAL BOUNDARY BETWEEN THE UNITED STATES AND CANADA.

WHEREAS, the principle underlying the recently negotiated free trade agreement between the United States and Canada is that unrestricted movement of goods and services across the international boundary contributes to the economic well-being of both countries; and

WHEREAS, Canadians, and particularly residents of Saskatchewan, Alberta, and British Columbia, have historically constituted a major market for Montana businesses; and

WHEREAS, the enactment by the Parliament of Canada last year of a national excise tax on goods and services will enhance the relative attractiveness of products available in the United States; and

WHEREAS, the states of the northern tier who enjoy geographic proximity to Canada are advantageously situated for commercial and economic purposes; and

WHEREAS, imposition of any unnecessary or artificial obstruction to the unimpeded flow of commerce between friendly peoples sharing a common heritage and common aspirations is counterproductive.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Congress of the United States, the President of the United States, and the Director of the United States Immigration and Naturalization Service be urged to refrain from imposing a border-crossing fee or any other charge or restriction, other than those required by the immigration laws, by the tariff laws, or for the enforcement of laws intended to combat crime or to protect the persons, lives, or property of the people of the United States.

BE IT FURTHER RESOLVED, that the Secretary of State send a copy of this resolution to the President of the United States, to each member of the Montana Congressional Delegation, to the Speaker of the United States House of Representatives, to the Majority Leader of the United States Senate, and to the Director of the United States Immigration and Naturalization Service.

Approved March 6, 1991.

HOUSE JOINT RESOLUTION NO. 29

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE

UNITED STATES SECRETARY OF LABOR TO ALLOCATE RESERVE FUNDS AVAILABLE UNDER TITLE III OF THE JOB TRAINING PARTNERSHIP ACT TO STATES, INCLUDING MONTANA, WHOSE DISLOCATED WORKER FUNDS WERE DECREASED.

WHEREAS, funds available under Title III of the Job Training Partnership Act, which are used to train dislocated workers, were increased nationwide by 14% for fiscal year 1991; and

WHEREAS, despite a continuing increase in the number of dislocated workers, Montana's share of Title III funds was decreased by 18% for fiscal year 1991; and

WHEREAS, five of the top seven states whose Title III funds were decreased are western states that continue to suffer from the decline in the nation's economy; and

WHEREAS, Montana's dislocated worker program was developed as an exemplary program that has served as a model for programs established in other states; and

WHEREAS, section 322(a)(2) of the Job Training Partnership Act provides for the allocation of Title III reserve funds for exemplary dislocated worker programs; and

WHEREAS, although the amount of Title III funds available to the United States Department of Labor for discretionary uses increased by $14 million for fiscal year 1991, the total decrease in the amount of Title III funds equaled $17.8 million.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Montana Legislature urge the United States Secretary of Labor to allocate reserve funds available under Title III of the Job Training Partnership Act to states, including the State of Montana, whose Title III dislocated worker funds were decreased.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the United States Secretary of Labor, the appropriate standing committees of the United States Senate and United States House of Representatives, and each member of Montana's Congressional Delegation.

Approved March 16, 1991.

HOUSE JOINT RESOLUTION NO. 30

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA SUPPORTING CONGRESS'S PASSAGE OF THE FOREST RESOURCES CONSERVA-

TION AND SHORTAGE RELIEF ACT OF 1990, WHICH PROHIBITS THE EXPORT FROM THE UNITED STATES OF UNPROCESSED TIMBER ORIGINATING FROM LANDS OWNED BY THE STATES.

WHEREAS, in August 1990, the 101st Congress passed a historic law, the Forest Resources Conservation and Shortage Relief Act of 1990, banning the export of all unprocessed timber purchased on state lands or on federal lands west of the 100th meridian; and

WHEREAS, forests, forest resources, and the forest environment are exhaustible natural resources that require efficient and effective conservation stewardship; and

WHEREAS, there is evidence of a shortfall in the supply of unprocessed timber in Montana and the western United States, and there is reason to believe that this shortfall may worsen in the future; and

WHEREAS, prior to the passage of the federal law, timber on Montana's state lands was vulnerable to increasing pressure for harvesting and exporting, with no milling or processing in Montana by Montana workers; and

WHEREAS, federal timberlands are essential to maintaining a healthy timber industry in Montana, and prior to the passage of the federal law, the well-being of Montana's industry was increasingly jeopardized by artificially high prices for federal timber inflated by international competition for raw-log exports; and

WHEREAS, Montana's timber industry is essential to a healthy economy in Montana; and

WHEREAS, in recent years, administrative, statutory, and judicial actions have set aside a substantial amount of federal lands that otherwise might have been harvested for timber, and in future years, additional lands may be set aside for conservation purposes pursuant to the Endangered Species Act of 1973, the National Forest Management Act of 1976, or other conservation laws; and

WHEREAS, there is growing indication that the new federal law will be challenged by the Japanese in upcoming General Agreement on Trade and Tariffs negotiations; and

WHEREAS, large timber exporters on the west coast are planning legal challenges to the new federal statute.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the Montana Legislature is adamantly opposed to the exporting of state and federal unprocessed timber.

(2) That the Montana Legislature fully support the Forest Resources Conservation and Shortage Relief Act of 1990 passed by the 101st Congress to ban the export of unprocessed timber.

(3) That Congress be urged to continue the Forest Resources Conservation and Shortage Relief Act of 1990.

(4) That copies of this resolution be mailed by the Secretary of State to each member of the Montana Congressional Delegation and to the leader of each party in each House of Congress.

Approved March 23, 1991.

HOUSE JOINT RESOLUTION NO. 31

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA DIRECTING THE ENVIRONMENTAL QUALITY COUNCIL TO STUDY ENERGY RESOURCES AND ENERGY USE IN MONTANA AND TO DEVELOP A PROPOSED STATE ENERGY POLICY IN COOPERATION WITH THE DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION AND THE CONSUMER COUNSEL; AND DIRECTING THE ENVIRONMENTAL QUALITY COUNCIL TO REPORT ITS FINDINGS TO THE 53RD LEGISLATURE.

WHEREAS, while Montana has an extensive number of laws and programs designed to promote the production, consumption, and conservation of various sources and forms of energy, Montana does not have a comprehensive state energy policy; and

WHEREAS, Montana has substantial renewable and nonrenewable resources that are important for the production of electricity, liquid fuels, heat, and other energy forms for use within and outside of the state; and

WHEREAS, although there is no comprehensive national energy policy, many aspects of energy production, consumption, and conservation in Montana are determined or strongly influenced by national programs and legislation; regional, national, and international market factors; and national and regional energy production and distribution systems; and

WHEREAS, the nation's dependence on imported crude oil and the United States' entry into war in the Middle East have raised substantial public concern about the need for a national energy policy; and

WHEREAS, new electric power generating capacity or new energy conservation, or both, may be needed in the Pacific Northwest region in the near future to meet projected demands for electricity; and

WHEREAS, energy production and consumption have substantial economic value to the state and substantial social and environmental costs; and

WHEREAS, the Legislature and the Executive Branch of state government do not have a comprehensive analysis of the renewable and nonrenewable sources of energy available to the state; the economic, social, and environmental factors influencing production, consumption, and conservation of the various sources and forms of energy in the state; and specific aspects of energy production, consumption, and conservation that can be significantly influenced by state policies and programs; and

WHEREAS, the Department of Natural Resources and Conservation, Energy Division, and the Consumer Counsel have considerable expertise and information related to energy production, consumption, and conservation in Montana; and

WHEREAS, the state should promote energy conservation and the production and consumption of an appropriate mix of energy sources that are reliable and efficient and that represent the least social, environmental, and economic costs and the most benefits to the state and its citizens over the long term.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Environmental Quality Council, in cooperation with the Department of Natural Resources and Conservation and the Consumer Counsel, be assigned to:

(1) study the current energy conservation patterns in the state, the forms and amounts of energy conservation available to the state that are not being used, and options for increasing the amount of energy conserved by the state's citizens and all sectors of the state's economy;

(2) study the renewable and nonrenewable sources of energy available to the state and patterns of energy production and consumption in the state, including but not limited to energy sources and forms such as liquid fuels, natural gas, coal, electricity, biomass, solar, wind, wood, and geothermal;

(3) study existing programs in Montana and programs and legislation in other states, the region, and the nation relating to the production, consumption, and conservation of energy, including the influence of regional and national energy production, consumption, and conservation patterns upon Montana;

(4) develop the framework for a proposed state energy policy that is designed to provide reliable and efficient energy supplies with the least social and environmental cost to the state and its citizens over the long term, including:

(a) specific goals and recommended legislation to guide the development of state programs relating to energy production, consumption, and conservation; and

(b) recommended assignments of responsibility to specific agencies within the Executive Branch of state government for the implementation and administration of the various elements of the proposed policy; and

(5) develop the framework for a proposed state energy policy in consultation and cooperation with state and federal agencies, the Pacific Northwest Electric Power and Conservation Planning Council, the Public Service Commission, Indian tribes, units of local government, energy producers and distributors, and organizations and citizens with energy-related expertise or interests in the study and development of the proposed state energy policy.

BE IT FURTHER RESOLVED, that the Environmental Quality Council report the findings of the study to the 53rd Legislature, including recommendations for a comprehensive state energy policy and options for implementation of the proposed policy by the Legislature.

Approved March 28, 1991.

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING MONTANANS TO AFFIRM THE CULTURAL CONTRIBUTIONS OF NATIVE AMERICANS ON OCTOBER 12, 1992, THE OBSERVANCE OF COLUMBUS DAY.

WHEREAS, in 1992, this nation will observe the 500th anniversary of the "discovery" of North America by Christopher Columbus despite historical records establishing that North America had been home to hundreds of Indian tribes prior to the arrival of Columbus; and

WHEREAS, the European nations and, later, the United States government acquired this land from the Indians by military conquest and through treaty negotiations; and

WHEREAS, our nation's treatment of the Indian tribes indigenous to Montana and this region included the annihilation of Native Americans and the extraordinary maltreatment of their lands, people, and sustenance; and

WHEREAS, the Montana Constitution provides for the protection of human dignity and freedom from discrimination for all Montanans; and

WHEREAS, the State of Montana has benefited from the contributions of Native Americans who have shared many valuable gifts from their way of life, thus contributing to the development and successful settlement of the land they have long inhabited; and

WHEREAS, this way of life continues to offer insight into solutions for contemporary and urgent problems for a troubled planet and a fragmented people; and

WHEREAS, Native Americans had culture, religion, and value systems long before October 12, 1492, but had little opportunity to share these values with newcomers; and

WHEREAS, Montanans should take appropriate action whenever the culture, customs, and traditions of Native Americans are being abused; and

WHEREAS, a great danger is present for our state and country to be swept into euphoria by the uncritical romanticizing of a cruel and bloody history that ignores the cultural and demographic devastation suffered by Native Americans after 1492; and

WHEREAS, an urgent need exists for a more inclusive and less biased historical account of the European dealings with Native Americans, including the rewriting of North American history to remove stereotypical images that demean Native Americans; and

WHEREAS, by continued silence and denial of past injustices, people often do not recognize the damage contributed to the present situation of many Native Americans; and

WHEREAS, the survival of Native American nations and cultures over 500 years of adversity demonstrates the resilience of a people who are contributing to a stronger American society.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That as this nation observes the 500th anniversary of the arrival of Christopher Columbus in North America, the people of Montana affirm the cultural contributions of all peoples to our great state and create "a new beginning" by deepening our appreciation of Native Americans for their reverence for the sacredness of all creation, their belief in the oneness of the human family, and their recognition of the wisdom of elders, as well as their other gifts of culture, language, and tradition.

(2) That all Montanans observe "a new beginning" on October 12, 1992, in the workplace, home, and school by creating observances, events, and studies that build awareness of the contributions of Native Americans to Montana.

(3) That all Montanans resolve to approach the 1992 observance of Columbus Day by responding to our commitments to human dignity and the call for "a new beginning" that invites each of us to walk the circle of life together in our journey toward deeper human respect and affirmation of our diverse gifts of culture, language, and tradition.

(4) That all Montanans utilize communications networks to recognize the history and presence of Native American peoples within the state through teaching and narration by Native Americans whenever possible.

(5) That all Montanans affirm their commitment to honoring Indian treaties and respect the inherent sovereignty, dignity, and cultural uniqueness of this nation's first Americans.

HOUSE JOINT RESOLUTION NO. 36

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA DIRECTING THE DEPARTMENT OF STATE LANDS AND THE STATE FIRE MARSHAL TO WORK COOPERATIVELY TO DEVELOP AND IMPLEMENT STANDARDS AND GUIDELINES FOR FIRE AGENCIES, LAND-USE PLANNERS, ARCHITECTS, DEVELOPERS, AND LOCAL GOVERNMENTS FOR FIRE-SAFE DEVELOPMENT IN AREAS THAT MAY BE THREATENED BY WILDFIRE.

WHEREAS, the Department of State Lands is mandated by law to protect the natural resources of the state from fire and to extinguish forest, brush, and grass fires; and

WHEREAS, the State Fire Marshal is mandated by law to reduce the state's fire loss, to encourage and assist local fire authorities in fire prevention programs, and to adopt rules and standards for fire safety within the state; and

WHEREAS, standards of the National Fire Protection Association may be adopted in whole or in part by the Fire Marshal, and the Uniform Fire Code has been adopted by the state in whole or in part through the Fire Marshal; and

WHEREAS, Montanans have subdivided and developed many wildland areas for residential uses, and this development has created a variety of communities mixed with wildland vegetation that is known as "Wildland Urban Interface (WUI)"; and

WHEREAS, the responsibilities and jurisdictions of different fire protection agencies for different types of fires can limit their ability to provide adequate fire protection in WUI areas; and

WHEREAS, landowners, developers, local government officials, and fire protection agencies often have conflicting perceptions of wildfire danger; and

WHEREAS, suppression forces often find inadequate roads, not enough available water, and excessive accumulation of natural fuels; and

WHEREAS, WUI areas may have no organized structural fire department; and

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Department of State Lands and the State Fire Marshal be urged to work cooperatively with the Montana fire service, land-use planners, architects, developers, and representatives of local governments in the affected areas to clarify jurisdictions and responsibilities and to develop minimum wildfire protection standards, rules, and procedures that local governing bodies might adopt to reduce the risk of wildfire destroying life, property, and resources in the Wildland Urban Interface.

HOUSE JOINT RESOLUTION NO. 37

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THAT THE UNITED STATES PORT OF ENTRY STATION AT PIEGAN BE OPEN 16 HOURS A DAY.

WHEREAS, although U.S. Highway 89 is an important route from the State of Montana into the Province of Alberta, the port of entry station at Piegan operates only one-third of each day; and

WHEREAS, the nearest alternate 24-hour highway crossing of the boundary between the United States and the Province of Alberta is located 135 miles away at Sweetgrass; and

WHEREAS, U.S. Highway 89 is a principal avenue of commercial traffic, interruption of which for any period of time seriously impedes economic activity; and

WHEREAS, U.S. Highway 89 is a major thoroughfare for skiers, business people, tourists, and other traffic from Alberta, encouragement of which is a significant component of Montana's efforts to stimulate its economy; and

WHEREAS, the restriction of hours at the port of entry at Piegan often cuts off the residents of Babb, Montana, from emergency medical services in Cardston, Alberta, during the winter months when the highway south to Browning, Montana, is frequently impassable because of bad weather; and

WHEREAS, because the port of entry at Piegan is open for only one-third of each day, students in Montana and students in Alberta cannot compete in extracurricular activities or sports unless they stay overnight in either Montana or Alberta; and

WHEREAS, the lack of staffing at the United States port of entry station at Piegan contributes to serious law enforcement problems concerning illegal crossings; and

WHEREAS, any restriction of interchange between the United States and Canada hinders the enhancement of good neighborliness that has long been the distinguishing attribute of the relationship between the two countries.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the United States Immigration and Naturalization Service and the United States Customs Service be requested to operate the port of entry station at Piegan 16 hours each day.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the Governor of the State of Montana, the Premier of the Province of Alberta, the Commissioner of the United State Customs

HOUSE JOINT RESOLUTION NO. 38

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE MONTANA AFL-CIO, THE MONTANA JOB TRAINING PARTNERSHIP, INCORPORATED, THE DEPARTMENT OF LABOR AND INDUSTRY, AND THE DEPARTMENT OF COMMERCE TO SEEK ADDITIONAL FEDERAL FUNDS TO ASSIST IN THE EMPLOYMENT AND TRAINING NEEDS OF DISLOCATED WORKERS IN THE WOOD PRODUCTS INDUSTRY.

WHEREAS, workers in Montana's wood products industry have experienced massive layoffs and plant closures throughout the state in recent years, with an estimated 2,000 Montana wood products workers laid off in the past 12 months; and

WHEREAS, the existing Job Training Partnership Act/Economic Dislocation Worker Adjustment Assistance Act (EDWAA) formula funds for 1990-91 have been allocated and are currently depleted; and

WHEREAS, the EDWAA funding allocation for fiscal year 1991-92 has been reduced by approximately $300,000; and

WHEREAS, the future of the timber industry in Montana remains uncertain, layoffs and plant closures are likely to continue, and workers in Montana need to have access to retraining programs that enable them to remain competitive in today's ever-changing job market; and

WHEREAS, since 1980, the Montana programs serving dislocated workers have set standards for performance, have coordinated statewide efforts effectively, and have been fiscally accountable for public dollars used; and

WHEREAS, since 1980, the Montana job training system has funded the Montana State AFL-CIO's Project Challenge: Work Again, a program that helps dislocated workers return to the job market, and has repeatedly set and achieved high standards for serving workers; and

WHEREAS, the money presently allocated to the state of Montana is not sufficient to help all the workers dramatically affected by the recent closures in the wood products industry.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Montana AFL-CIO, Montana Job Training Partnership, Incorporated, the Department of Labor and Industry, and the Department of

Commerce be urged to actively seek additional federal discretionary and other funds to assist in the employment and training needs of Montana workers affected by the depressed wood products market.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the President of the United States, to each member of the Montana Congressional Delegation, to the Speaker of the United States House of Representatives, to the Majority Leader of the United States Senate, and to the United States Secretary of Labor.

Approved April 3, 1991.

HOUSE JOINT RESOLUTION NO. 39

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA STRONGLY URGING THE UNITED STATES ENVIRONMENTAL PROTECTION AGENCY AND THE UNITED STATES CONGRESS TO GIVE HIGHEST PRIORITY TO CLEANUP OF THE BERKELEY PIT AND PROTECTION OF ALLUVIAL AQUIFERS UNDERLYING THE SILVER BOW CREEK SUPERFUND SITE.

WHEREAS, the Berkeley Pit, located at the headwaters of the Columbia River, is included in the nation's largest Superfund site, the Silver Bow Creek Site, and is the site of the world's largest mine flooding; and

WHEREAS, mining activity for the past 110 years has resulted in soil and water contamination and changes in the way ground water and surface water flow in and near Butte; and

WHEREAS, mining companies installed an elaborate pumping and bulkhead system during the active mining period to dewater the underground mines and the Berkeley Pit; and

WHEREAS, when underground mine dewatering ended on April 22, 1982, and the underground mines and subsequently the pit began to flood, with water rising 2,680 feet in the mines and to a depth of 740 feet in the pit; and

WHEREAS, the Berkeley Pit currently contains over 16 billion gallons of water and fills at an average rate of 7.6 million gallons a day; and

WHEREAS, mine flooding in the Butte area is of significant concern because the water is acidic and contains concentrations of iron, manganese, arsenic, lead, cadmium, copper, zinc, and sulfates that far exceed state and federal standards, conditions that prevented water in the pit from freezing even when temperatures fell to minus 40 degrees Fahrenheit in 1989; and

WHEREAS, water in the West Camp of the Butte mining area did discharge into the Silver Bow Creek alluvium and into basements in the central Butte area when the West Camp was sealed off with bulkheads in 1959; and

WHEREAS, many citizens of the Butte area believe that the United States Environmental Protection Agency (EPA) has ignored preliminary documentation indicating that the surrounding aquifers may be contaminated in the near future, but instead has negotiated a consent order that sets water level targets well above previously established levels without scientific documentation supporting such a conclusion; and

WHEREAS, despite these alarming developments, residents of Butte and the Silver Bow Creek drainage have been frustrated by the lack of progress by the EPA in developing a plan that will adequately treat the contaminated water and protect the environment and citizens of the area from the potential threat to the alluvial aquifer surrounding Butte; and

WHEREAS, the EPA's commitment of personnel located full-time in Butte consists of only one employee who is employed by a subcontractor of a contractor for the EPA; and

WHEREAS, the Legislature of the State of Montana has provided state funds for the Upper Clark Fork Coordinator to assist local communities in dealing with the numerous agencies and potentially responsible parties involved in the Superfund process; and

WHEREAS, the only financial assistance provided to area local governments, in addition to the state-funded Upper Clark Fork Coordinator, has been provided by the Atlantic Richfield Company.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the Environmental Protection Agency and the United States Congress be strongly urged to give the Mine Flooding Operable Unit of the Silver Bow Creek Superfund Site the highest priority for cleanup and action to prevent disastrous environmental damage and human health problems.

(2) That the EPA and potentially responsible parties proceed with haste to develop and implement plans and design criteria for a facility to treat contaminated water before it reaches alluvial aquifers surrounding the Berkeley Pit.

(3) That the EPA be more responsive to the concerns and desires of citizens of the Butte community by locating more personnel in Butte and assisting the Butte-Silver Bow and other Upper Clark Fork basin local governments with financial resources to deal with these enormous problems.

(4) That copies of this resolution be sent by the Secretary of State to the Administrator of the EPA, the Director of the Montana EPA Office, the Governor, and the Montana Congressional Delegation.

HOUSE JOINT RESOLUTION NO. 40

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING CONGRESS TO ADEQUATELY FUND MEDICARE.

WHEREAS, the Legislature is concerned that all citizens of the State of Montana 65 years of age and older do not have access to physician services but should have such access regardless of their ability to pay; and

WHEREAS, 18 counties in the State of Montana are without physician services; and

WHEREAS, this loss of access to medical care in many areas of our state will only increase unless the factors causing physicians to leave and causing physicians not to come into the state to replace those who are retiring are reversed; and

WHEREAS, when physician services become unavailable, hospitals are forced to close, further exacerbating the lack of access to medical care; and

WHEREAS, this lack of access to medical care is particularly difficult for persons over 65, many of whom have fixed incomes, because of the increased necessity to obtain medical care by traveling further distances, in many cases with the complications of physical disabilities, hearing and sight loss, need for a traveling companion, and resultant increased costs for that transportation, food, and lodging; and

WHEREAS, a contributing factor to the lack of physician services in rural Montana is the low level at which the federal government funds Medicare reimbursement in this state; and

WHEREAS, Congress has slashed billions of dollars from the Medicare program during the 1980s and the current administration is proposing further cuts in the appropriations for Medicare; and

WHEREAS, the number of Medicare beneficiaries has been increasing; and

WHEREAS, reimbursement of physician fees under Medicare Part B has been either frozen or substantially limited since July 1, 1984, even though the costs to physicians who provide Medicare services have increased during the same period; and

WHEREAS, Medicare beneficiaries are paying an increasingly greater percentage of their income for medical care, including at least 20% of the approved medical bill, a $100 deductible on medical expenses, a deductible of $628 for hospitalization, and all costs of medicine; and

WHEREAS, Montana citizens contribute to the Medicare program amounts equal to those contributed by citizens of other states, yet Part B payments for Medicare services to Montana citizens are considerably less than those paid in most other states.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Montana Congressional Delegation be requested to seek Medicare funding at a level sufficient to cover the increasing number of Medicare beneficiaries and the increasing costs to physicians who provide care to Medicare beneficiaries.

BE IT FURTHER RESOLVED, that the Montana Congressional Delegation and the President of the United States be urged not to make further cuts in appropriations to Medicare, but to increase those appropriations particularly to Medicare beneficiaries in rural states.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to each member of the Montana Congressional Delegation, the President of the United States, the Montana Medical Association, the Montana Nurses Association, and each senior citizen organization currently registered as a lobbying organization before the Montana Legislature, and other senior citizen organizations known to the Secretary of State.

Approved April 10, 1991.

HOUSE JOINT RESOLUTION NO. 41

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE UNITED STATES CONGRESS TO RESOLVE THE MCCARTY FARMS CASE.

WHEREAS, Montana grain shippers commenced court action against the Burlington Northern Railroad in 1980, alleging that the railroad charged unjust and unreasonable rates for the shipment of wheat in violation of 49 U.S.C. 10701; and

WHEREAS, this court action, popularly known as the "McCarty Farms Case", was referred to the Interstate Commerce Commission (ICC) in 1981; and

WHEREAS, since the commencement of the action, the ICC has reopened the case six times, with the possibility of a seventh reopening in the near future; and

WHEREAS, the last occasion on which the ICC took action on the McCarty Farms Case was in 1989; and

WHEREAS, the ICC has experienced a 100% turnover in membership since the McCarty Farms Case was initiated; and

WHEREAS, these continued delays make a final resolution in favor of the State of Montana and Montana's grain shippers more difficult to obtain; and

WHEREAS, the complainants in the McCarty Farms Case number 14,000; and

WHEREAS, many of the wheat and barley shippers who brought the original suit are leaving the business or dying, thereby losing their ability to share in the ultimate settlement of the case; and

WHEREAS, the resolution of the McCarty Farms Case will establish the basis for freight rates in the future; and

WHEREAS, there is a growing sense of dismay among Montana grain shippers about the delays in the resolution of this issue.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That Montana's Congressional Delegation be urged to expedite hearings by the appropriate congressional committees on the progress of the Interstate Commerce Commission in resolving the McCarty Farms Case and related cases.

BE IT FURTHER RESOLVED, that copies of this resolution be sent to each member of Montana's Congressional Delegation, to the Chairman of the Interstate Commerce Commission, and to the Director of the Montana Department of Commerce.

Approved March 16, 1991.

WHEREAS, Montana's water is a precious resource that is necessary and claimed for agricultural, domestic, recreational, and industrial beneficial uses; and

WHEREAS, Montana's Yellowstone, Missouri, and Powder River Basins have suffered from a drastic drought that has depleted the supply of water in mountain watersheds and Pick-Sloan and other storage projects all along the mainstem of the Missouri River; and

WHEREAS, the water rights of Montanans in these basins have not been fully adjudicated and may be preempted by President Bush's proposed energy policy now pending before Congress that would authorize the use of Montana water to transport coal by means of slurry pipeline; and

WHEREAS, President Bush's proposed energy policy would permit coal slurry pipeline consortiums the right of eminent domain to use Montana water for the transportation of Montana coal to distant utilities; and

WHEREAS, unit coal trains would be eliminated, causing the loss of Montana railroad jobs.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That, until Montana's water rights adjudication process is completed, the Montana Legislature oppose President Bush's proposed energy policy pending before Congress that would authorize the right of eminent domain for coal slurry pipeline consortiums to use Montana water for the transportation of Montana coal to distant utilities.

(2) That the Secretary of State send copies of this resolution to the United States Department of Transportation, the United States Department of the Interior, each member of Montana's Congressional Delegation, and the appropriate committees of the United States Congress that will consider the energy policy legislation.

HOUSE JOINT RESOLUTION NO. 49

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF THE FEASIBILITY OF EXTENDING THE REQUIRED SCHOOL YEAR FOR ELEMENTARY AND HIGH SCHOOL STUDENTS; AND REQUIRING A REPORT OF THE FINDINGS OF THE STUDY TO THE 53RD LEGISLATURE.

WHEREAS, the condition of elementary and high school public education, which has been debated as a crisis situation for the past decade, continues to worry educators and the public as evidence mounts that, overall, the nation's students consistently test lower than their counterparts in many European and Asian countries, such as Germany and Japan; and

WHEREAS, the competitive edge of the United States is dulled by the fact that the nation's students fail to achieve the levels of excellence in math and science that are achieved by many foreign students; and

WHEREAS, in Montana and other states, educational achievement is increasingly perceived as the most critical building block of a quality future for a state's citizens; and

WHEREAS, the educational strategies devised to address the perceived crisis in public education have not emphasized lengthening the student's time in the educational setting; and

WHEREAS, the required minimum of 180 pupil-instruction days in a school year has prevailed in Montana and most of the nation, while other countries with students who consistently score higher than our students have minimum school years of 190, 220, or even 240 days; and

WHEREAS, while Montana students compare favorably with students around the nation in attainment of basic skills, as testimony to the state's commitment to quality schools, Montana students may be able to attain greater proficiencies with a longer school year; and

WHEREAS, extension of the school year for Montana's elementary and high school students presents a fiscal challenge that should be fully examined because the benefits of improved educational results, maximized use of school facilities, and enhanced economic competitiveness may outweigh any increased costs to the state and to local school districts.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That an appropriate interim committee be assigned to study the costs and benefits of extending the elementary and high school year from 180 days to as many as 220 days.

BE IT FURTHER RESOLVED, that the Office of Public Instruction, the Board of Public Education, and the various education interest groups contribute to the goals of the committee upon request.

BE IT FURTHER RESOLVED, that the committee report the findings of the study to the 53rd Legislature and, if necessary, draft legislation to implement its recommendations.

Approved April 22, 1991.

HOUSE JOINT RESOLUTION NO. 50

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF THE PUBLIC EMPLOYEE RETIREMENT SYSTEMS; PROVIDING A METHOD TO FUND THE STUDY; AND REQUIRING THE STUDY COMMITTEE TO REPORT ITS FINDINGS TO THE 53RD LEGISLATURE.

WHEREAS, the people of the state of Montana, through the Legislature, have authorized the establishment of various pension and retirement systems for the purpose of providing those in public service with financial security in their later years; and

WHEREAS, the Legislature has an obligation in trust to ensure that the public pension and retirement systems are funded and operated so that they will continue to provide the benefits upon which thousands of dedicated public servants rely and, at the same time, ensure that the costs of providing these benefits are not disproportionately placed upon future generations of Montana taxpayers; and

WHEREAS, over 45 bills affecting the various retirement systems have been introduced during this legislative session; and

WHEREAS, the relatively large number of individual public retirement systems in Montana makes it difficult for the Legislature to consider the potential effects of statutory amendments to one retirement system on other retirement systems; and

WHEREAS, the Legislature is concerned that some retirement systems are being amended in ways that may result in unanticipated long-term costs that will exceed the financial resources available to pay benefits through these systems; and

WHEREAS, it is the intent of the Legislature that pension benefits continue to accrue equitably among the various retirement systems and that the retirement systems be administered and funded in the most cost-effective manner.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council assign an appropriate interim committee to study each of the public employee retirement systems described in Title 19, MCA, and that the study include:

(1) a comparison of the benefits provided by each retirement system and the interrelationships between and among the systems and recommendations for benefit changes to keep each system current with the needs of its members;

(2) a study of each system's actuarial reports in order to outline the funding obligations of the state for each retirement system and to determine the progress of each system toward meeting the state's long-term obligations;

(3) legislative options available to ensure that the current funding and administration of the benefits of the retirement systems are adequate to guarantee that present and future obligations of the systems are met in the most equitable and cost-effective manner possible; and

(4) recommendations, including recodification, for clarifying the statutory provisions of each retirement system.

BE IT FURTHER RESOLVED, that the study be funded from the investment earnings of the various retirement system trust funds through the provisions of House Bill No. 2.

BE IT FURTHER RESOLVED, that the interim study committee report its findings, conclusions, and options for legislative consideration to the 53rd Legislature.

Approved April 23, 1991.

HOUSE JOINT RESOLUTION NO. 53

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THAT THE REVENUE OVERSIGHT COMMITTEE CONDUCT AN INTERIM STUDY OF ALL ASPECTS OF FEDERAL, STATE, LOCAL, AND TRIBAL TAXATION ON INDIAN RESERVATIONS, INCLUDING BUT NOT LIMITED TO INCOME, PROPERTY, NATURAL RESOURCE, SELECTIVE SALES, EXCISE, AND OTHER TAXES; AND REQUIRING A REPORT OF THE FINDINGS OF THE STUDY, WITH ANY RECOMMENDATIONS BY THE COMMITTEE, TO THE 53RD LEGISLATURE.

WHEREAS, as stated in the first sentence of the introduction to a January 1990 report entitled "Taxation on Montana Indian Reservations", prepared for the Committee on Indian Affairs by the Committee's staff, "taxation has become one of the most controversial issues in Indian affairs"; and

WHEREAS, as further stated in the introduction to that report, economic development on reservations; growing demands for state, local, and tribal services by the reservations; the increasing difficulty of raising state and local taxes; the apparent federal government policy to encourage tribes to assume a greater share of the administrative responsibility and cost of reservation services; and other matters have all combined to make the subject of taxation on Indian reservations evermore important, complex, and perplexing; and

WHEREAS, Senate Bill No. 15 exempts from the resource indemnity trust tax oil and gas royalties received by an Indian tribe or by the United States as trustee for individual Indians; and

WHEREAS, Senate Bill No. 428 provides for the allocation of motor fuels tax to tribal governments that enact motor fuels taxes at rates that are identical to the rates imposed by the state; and

WHEREAS, Senate Bill No. 464 provides for the allocation of tax from oil and natural gas produced on a reservation to tribal governments that enact a tax identical to the state severance tax or resource indemnity trust tax; and

WHEREAS, the above three bills were controversial; and

WHEREAS, bill drafts were requested urging the United States Congress to resolve tribal taxation issues and revising cigarette taxation on Indian reservations; and

WHEREAS, the taxation authority (and limits on that authority) of the tribes and of the federal, state, and local governments and the interrelated provision of services and funding for such services by the federal, state, local, and tribal governments are issues of serious concern to those governments and their constituents.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Revenue Oversight Committee conduct an interim study of all aspects of federal, state, local, and tribal taxation on Indian reservations, including but not limited to income, property, natural resource, selective sales, excise, and other taxes, and report its findings, with any recommendations of the Committee, to the 53rd Legislature.

Approved April 23, 1991.

HOUSE JOINT RESOLUTION NO. 54

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING ESTABLISHMENT OF AN INTERIM STUDY COMMITTEE ON CHILDREN AND FAMILIES; AND DIRECTING THE COMMITTEE TO REPORT ITS FINDINGS TO THE 53RD LEGISLATURE.

WHEREAS, in fiscal year 1989, 3,961 Montana children and youth were removed from their families and placed in foster homes, group homes, residential treatment facilities, psychiatric hospitals, and state youth correctional facilities, costing taxpayers $21.27 million; and

WHEREAS, traditionally, most public resources have been focused toward families in crisis or toward assisting families after breakup has already occurred; and

WHEREAS, because of the high level of expenditures required to provide out-of-home placement, many experts now question whether many of these expenses could be avoided if family-based services were established to enable a family to stay together; and

WHEREAS, it is preferable to leave the family intact, whenever possible, and provide individualized services to improve family functioning and to strengthen the family unit; and

WHEREAS, mounting evidence demonstrates that efforts made to support and strengthen vulnerable families before a crisis occurs can substantially contribute to family health and stability and prevent future long-term governmental costs; and

WHEREAS, an effective service system for children and families should include a range of services aimed at strengthening and supporting families, rather than focusing only on families when they have developed severe problems or are in crisis; and

WHEREAS, early intervention and family support services, in combination with more specialized services, can strengthen the capacity of parents to care for their own children and can increase the likelihood of keeping children in their own homes; and

WHEREAS, specialization of social service professions has tended to fragment service delivery, creating a variety of programs that fall short of the integration necessary to provide a full continuum of services for families and children; and

WHEREAS, research shows marked similarities in the children who make up the child welfare, juvenile justice, and child mental health populations in that these children often respond to and need the same type of services; and

WHEREAS, promoting family well-being is in the best interest of all citizens of Montana.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislature establish an appropriate interim study committee on children and families.

BE IT FURTHER RESOLVED, that the committee:

(1) examine public and private programs and services for at-risk children and families to identify duplications or gaps in, and the effectiveness or inefficiency of, existing programs and services;

(2) study the "Healthy Start" program in Hawaii, including the delivery of services and the laws and administrative rules used to implement that program in Hawaii;

(3) study methods of interagency coordination of programs and services for at-risk children and families in Montana;

(4) develop recommendations for programs and services to:

(a) strengthen and preserve families to enable them to continue as a family and to prevent removal of children from their homes;

(b) assist children and families before crises emerge by providing early intervention and other individualized family services; and

(c) provide a continuum of care for children in out-of-home placement;

(5) explore the feasibility of establishing a statutory legislative oversight committee to review and monitor public and private programs and services for at-risk children and families.

BE IT FURTHER RESOLVED, that the committee apply to the National Conference of State Legislatures for technical assistance in developing a comprehensive state policy toward children and families in crisis or at risk.

BE IT FURTHER RESOLVED, that the committee report its findings and recommendations to the 53rd Legislature and, if appropriate, prepare legislation to implement its recommendations.

Approved April 24, 1991.

WHEREAS, Initiative Measure No. 105 directed the Legislature to reform property taxes; and

WHEREAS, property taxation is a complex issue that involves many special interests; and

WHEREAS, property taxation is believed to be a primary factor in economic development in Montana; and

WHEREAS, many bills addressing property taxation have been introduced in the 52nd Legislature; and

WHEREAS, there are various alternative methods for addressing property taxation; and

WHEREAS, the Legislature has not studied the need for property tax reform.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Revenue Oversight Committee be assigned to perform a thorough and indepth study of all aspects of taxation in Montana.

That the Committee in its study:

(1) examine existing sources and levels of taxation, with particular attention given to the classification of property and the taxable percentages applied to that property, and evaluate the sources and levels of taxation;

(2) examine alternative methods of taxation from existing sources as well as new sources of revenue, such as broadening the property tax base to include, among other things, stocks and bonds, and evaluate the alternative methods and new sources; and

(3) develop recommendations of a balanced and integrated tax structure for the state.

That the Committee, in its deliberations, solicit the knowledge and advice of economists, tax policy experts, and representatives of tax reform coalitions, local governments, small business organizations, large industries, agriculture, the Montana Chamber of Commerce, and the Department of Revenue.

BE IT FURTHER RESOLVED, that the Revenue Oversight Committee report the findings of the study to the 53rd Legislature and present options for legislative consideration if the committee determines that options are necessary.

Approved April 29, 1991.

HOUSE JOINT RESOLUTION NO. 56

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA DIRECTING THE COMMITTEE ON INDIAN AFFAIRS TO CONDUCT A STUDY ON DISPARITIES IN SENTENCING OF NATIVE AMERICANS.

WHEREAS, in 1987, approximately 17% of all prison inmates under state or federal jurisdiction in Montana were Native Americans; and

WHEREAS, Native Americans account for only 6% of the total population in Montana; and

WHEREAS, these statistics show that Native Americans are disproportionately represented in the Montana inmate population; and

WHEREAS, the disproportionate representation of Native Americans in the inmate population raises questions concerning the sentencing of Native Americans in this state; and

WHEREAS, national studies have documented racial disparities in sentencing and the time served by minorities who are sentenced to prison.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Committee on Indian Affairs conduct a study on disparities in sentencing of Native Americans.

BE IT FURTHER RESOLVED, that in conducting its study, the Committee on Indian Affairs:

(3) make recommendations for eliminating or reducing any disparities in sentencing of Native Americans in this state.

BE IT FURTHER RESOLVED, that the Committee report its findings and recommendations to the 53rd Legislature and, if appropriate, prepare legislation to implement its recommendations.

BE IT FURTHER RESOLVED, that the Montana Bar Association, the University of Montana Law School, and the Department of Institutions assist and cooperate with the Committee on Indian Affairs in conducting the study called for by this resolution.

Approved April 25, 1991.

(c) express confirmation of the Governor's appointments;

(d) make recommendations concerning the districting and apportionment plan as provided by Article V, section 14(4), of the Montana Constitution.

S40-20. Introduction. (1) Upon receiving a bill or resolution in triplicate from a Senator, the Secretary of the Senate shall assign an appropriate sequential number, which constitutes introduction of the legislation.

(2) Bills and resolutions may be preintroduced, assigned to committee, and printed prior to the legislative session. The Legislative Council shall be responsible for assuring the preintroduction intent from each Senator and presenting such legislation to the Secretary of the Senate.

(3) Upon referral to committee, the Secretary of the Senate shall publicly post a listing of the bill or resolution by a summary of its title, together with a notation of the committee to which it has been assigned.

S40-30. Additional sponsors. (1) Additional sponsors may be added on motion of the chief sponsor at any time prior to a standing committee report on the bill or resolution. Forms for adding sponsors will be supplied on request by the Secretary of the Senate.

(2) Upon passage of the motion, the names of the additional sponsors will be printed in the journal and the form containing the signatures of the additional sponsors will be forwarded to the Legislative Council with the original bill for the inclusion of the names in subsequent printings of the bill or resolution.

S40-40. Reading limitations. (1) Except for consent calendar bills, every bill shall be read three times prior to passage, either by title or by summary of title as provided in these rules.

(2) No bill or resolution shall have more than one reading on the same day except the last legislative day.

(3) No amendment may be offered on third reading.

S40-50. Rules for questions requiring other than a majority vote. (1) When a question requires more than a majority vote for final passage, a majority vote is sufficient to decide any question relating to the question prior to third reading.

(2) Any vote in the Senate on a bill proposing an amendment to the Montana Constitution under circumstances in which there exists the mathematical possibility of obtaining the necessary two-thirds vote of the Legislature will cause the bill to progress as though it had received the majority vote.

(3) If a bill has been amended in the House of Representatives and the amendments are accepted by the Senate, the bill shall again be placed on

third reading in the Senate to determine if the required number of votes has been cast.

S40-60. Scheduling for second reading. (1) All bills and resolutions, except those recommended for the consent calendar, which have been reported by a committee, accepted by the Senate and reproduced shall be scheduled for consideration by Committee of the Whole.

(2) Until the 50th legislative day, 1 day must elapse between receiving the legislation from printing and scheduling for second reading for consideration by Committee of the Whole.

(3) Legislation shall be arranged on the agenda in numerical order unless bills are grouped as companion bills or are placed in order otherwise by the Senate or Committee of the Whole.

S40-70. Consent calendar procedure. (1) Legislation reported by committee for placement on the consent calendar shall be sent to be processed and reproduced as a third reading version and specifically marked as a "consent calendar" item.

(2) Legislation shall be immediately posted (as soon as it is received as a third reading version) on the consent calendar and must remain there for 1 legislative day before consideration under Order of Business No. 11, special orders of the day. At that time, the President of the Senate will announce consideration of the consent calendar and allow "reasonable time" for questions and answers upon request. No debate will be allowed.

(3) Any three Senators may submit written objections to the Secretary of the Senate, and the legislation must then be removed from the consent calendar and added to the regular second reading agenda.

(4) Consent calendar legislation must be added to the end of the third reading agenda and clearly identified as "consent calendar" and voted on individually.

(5) Consent calendar legislation passed on third reading will then be transmitted to the House of Representatives.

Chapter 5

Floor Action

S50-10. Attendance. Unless excused, Senators shall be present at every sitting of the Senate and shall vote on questions put before the Senate.

S50-20. Orders of business. After prayer, roll call, and report on the journal, the order of business of the Senate is as follows:

(1) communications and petitions;

(2) reports of standing committees;

(3) reports of select committees;

(4) messages from the Governor;

(5) messages from the House of Representatives;

(6) motions;

(7) first reading and commitment of bills;

(8) second reading of bills (Committee of the Whole);

(9) third reading of bills and consent calendar bills;

(10) unfinished business;

(11) special orders of the day; and

(12) announcement of committee meetings.

To revert to or pass to a new order of business requires only a majority vote. Unless otherwise specified in the motion to recess, the Senate shall revert to Order of Business No. 1 when reconvening after a recess.

S50-30. Limitations on debate. No Senator may speak more than twice on any one motion or question without unanimous consent of the Senate, unless he has introduced or proposed the motion or question under debate, in which case he may speak twice and also close the debate. However, a Senator who has spoken may not speak again on the same motion or question to the exclusion of a Senator who has not spoken.

S50-40. Procedure upon offering a motion. (1) When a motion is offered it shall be restated by the presiding officer. If requested by the presiding officer or a Senator, it shall be reduced to writing, presented at the rostrum, and read aloud by the Secretary.

(2) A motion may be withdrawn by the Senator offering it at any time before it is amended or voted upon.

S50-50. Precedence of motions. (1) When a question is under debate only the following privileged and subsidiary motions shall be made:

(a) to adjourn;

(b) for a call of the Senate;

(c) to recess;

(d) question of privilege;

(e) to lay on the table;

(f) for the previous question;

(g) to postpone to a certain day;

(h) to refer or commit;

(i) to amend; and

(j) to postpone indefinitely.

(2) The motions listed in subsection (1) of this section have precedence in the order listed.

(3) A question may be indefinitely postponed by a majority roll call of all Senators present and voting. When a bill or resolution is postponed indefinitely, it is finally rejected and may not be acted upon again during the biennium except upon a motion of reconsideration.

(4) No motion or proposition on a subject different from that under consideration shall be admitted under color of amendment or substitute.

S50-60. Nondebatable motions. The following motions are not debatable:

(1) to adjourn;

(2) for a call of the Senate;

(3) to recess;

(4) for parliamentary inquiry;

(5) for suspension of the rules;

(6) to lay on the table;

(7) for the previous question;

(8) to limit, extend the limits of, or to close debate;

(9) to amend an undebatable motion;

(10) to divide a question;

(11) to pass business in Committee of the Whole;

(12) to take from the table;

(13) a decision of the presiding officer, unless appealed or unless he submits the question to the Senate for advice or decision; and

(14) all incidental motions, such as motions relating to voting or other questions of a general procedural nature.

S50-70. Amending motions. No more than one amendment and no more than one substitute motion may be made to a motion. This rule permits the main motion and two modifying motions.

S50-80. Previous question. (1) Except as provided in subsection (2) of this rule, the effect of calling for the previous question, if adopted, is to close debate immediately, to prevent the offering of amendments or other subsidiary motions, and to bring to vote promptly the immediately pending main question and the adhering subsidiary motions, whether on appeal or otherwise.

(2) When the previous question is ordered on any debatable question on which there has been no debate, the question may be debated for one-half hour, one-half of such time to be given to the proponents and one-half to the opponents.

(3) A call of the Senate is not in order after the previous question is ordered unless it appears upon an actual count by the presiding officer that a quorum is not present.

S50-90. Reconsideration. (1) Any Senator may, on the day the vote was taken or on the next day the Senate is in session, move to reconsider the question.

(2) A motion to reconsider may not be withdrawn after such next legislative day without the unanimous consent of the Senate, and thereafter any Senator may call it up for consideration; however, a motion to reconsider made after the 54th day of the session shall be disposed of when made.

(3) A motion to recall a bill from the House of Representatives constitutes notice to reconsider and shall be acted on as a motion to reconsider. A motion to reconsider or to recall a bill from the House of Representatives may be made only under Order of Business No. 6 and, under that order of business, takes precedence over all motions except motions to recess or adjourn.

(4) When a motion to reconsider is laid on the table, a two-thirds majority is required to take it from the table. When a motion to reconsider fails, the question is finally and conclusively settled.

(5) If a motion to reconsider third reading action is carried, there shall be no further action until the succeeding legislative day.

S50-100. Dividing a question. A Senator may move to divide a question if it includes two or more propositions so distinct in substance that if one thing is taken away a substantive question will remain.

S50-110. Conference committee reports. When a conference committee report is filed with the Secretary of the Senate, the same shall be read under Order of Business No. 3, select committees, and placed on the calendar the succeeding legislative day for consideration on second reading. If recommended favorably by the Committee of the Whole, it may be considered on third reading the same legislative day.

S50-120. Second reading. (1) The Senate may resolve itself into a Committee of the Whole for consideration of business on second reading, by approval of a motion for that purpose.

(2) After a Committee of the Whole has been formed, the President shall appoint a chairman to preside.

(3) All legislation considered in Committee of the Whole shall be read by a summary of its title. Proposed amendments shall be considered; then the bill shall be considered in its entirety.

(4) Prior to adoption of the Committee of the Whole report, a Senator may move to segregate legislation. If the motion prevails, the legislation remains on second reading.

(5) When a Committee of the Whole report on legislation is rejected, the legislation shall remain on second reading.

S50-130. Committee of the Whole amendments. (1) All Committee of the Whole amendments shall be prepared, stipulating the date and time of preparation and staff approval, and delivered to the Secretary of the Senate for reading before the amendment is voted on.

(2) Each amendment, rejected or adopted, shall be printed in the journal, along with the name of the sponsor and the vote on each.

S50-140. Motions in Committee of the Whole. (1) All proper motions on second reading are debatable.

(2) The only motions in order during Committee of the Whole are to:

(a) amend;

(b) recommend passage or nonpassage;

(c) recommend concurrence or nonconcurrence;

(d) indefinitely postpone;

(e) pass consideration;

(f) rise;

(g) rise and report; or

(h) rise and report progress and ask leave to sit again.

S50-150. Committee of the Whole — generally. (1) The committee may not appoint subcommittees.

(2) The committee may not punish its members for misconduct, but may report disorder to the Senate.

S50-160. Voting on second reading. On Order of Business No. 8, in addition to other methods, a recorded vote may be made in the following manner: the chair may call for a voice vote to accept or reject a question. If the vote is other than unanimous, the chair may ask that the lesser number on the question indicate their vote by standing. The Secretary will then record the vote of those standing. The chair may then rule that unless excused those not standing and present have voted on the prevailing side of the question and that their vote be recorded as such. If there was a unanimous voice vote, all those present will be recorded as having voted for the question.

S50-170. Third reading procedure. (1) All legislation passing second reading shall be placed on third reading the day following the receipt of the engrossing or other appropriate printing report.

(2) On Order of Business No. 9 the Secretary shall read the title and the President shall state the question as follows: "Senate bill number (or other appropriate identification)..... having been read three several times, the question is, shall the bill (or other appropriate identification) pass the Senate?"

(3) If an electronic voting system is used, the President shall state "Those in favor vote yes and those opposed vote no" and the Secretary will sound the signal and open the board for voting. After a reasonable pause the presiding officer asks "Has every member voted?" (reasonable pause), "Does any member wish to change his or her vote?" (reasonable pause), "The Secretary will record the vote."

S50-180. Senate voting. (1) A roll call vote shall be taken on the request of two Senators, if the request occurs before the vote is taken.

(2) On a roll call vote the names of the Senators shall be called alphabetically, unless an electronic voting system is used. A Senator may not vote or change his vote after the decision is announced from the chair. A Senator may not explain his vote until after the decision is announced from the chair.

S50-190. Pairs. (1) Two Senators may pair on a question that will be determined by a majority vote. On a question requiring a two-thirds vote for adoption, three Senators may pair, with two Senators for the question and one Senator against. Pairing is permitted only when one of the paired Senators is excused when the vote is taken.

(2) An agreement to pair must be in writing and dated and signed by the Senators agreeing to be bound, and must specify the duration of the pair. When an agreement to pair is filed with the Secretary of the Senate, it shall bind the Senators signing until the expiration of time for which it was signed, unless the paired Senators sooner appear and ask that the agreement be canceled.

(3) Pairs in Committee of the Whole are prohibited.

S50-200. Call of the Senate. (1) In the absence of a quorum, a majority of Senators present may compel the attendance of absent Senators by ordering a call of the Senate.

(2) If a quorum is present, five Senators may order a call of the Senate.

(3) On a call of the Senate, a Senator who refuses to attend may be arrested by the Sergeant-at-Arms or any other person, as the majority of such Senators present shall direct. When the attendance of an absent Senator is secured and the Senate refuses to excuse the Senator's absence, the Senator shall not be paid any expense payments during his absence and is liable for the expenses incurred in procuring his attendance.

(4) During a call of the Senate, all business shall be suspended. After a call has been ordered, no motion is in order except a motion to adjourn or remove the call. The call may be removed by a two-thirds vote.

Chapter 6

Rules

S60-10. Senate rules. (1) A motion to amend or adopt a rule of the Senate shall be referred to the Rules Committee without debate. A rule of the Senate may be amended or adopted only with the concurrence of a majority of the Senate and after 1 day's notice.

(2) A rule may be suspended temporarily by a two-thirds vote.

S60-20. Mason's Manual of Legislative Procedure. Mason's Manual of Legislative Procedure (1989) governs the proceedings of the Senate in all cases not covered by these rules.

S60-30. Quorum. A majority of the Senate shall constitute a quorum to do business, but a smaller number may adjourn from day to day and compel the attendance of absent Senators, in such manner and under such penalties as the Senate may prescribe (Montana Constitution, Art. V, Sec. 10(2)).

Chapter 7

Nominations from the Governor

S70-10. Nominations. (1) The Governor shall nominate and, by and with the consent of the Senate, appoint all officers whose offices are established by the Montana Constitution or which may be created by law and for whom appointment or election is not otherwise provided.

(2) If during a recess of the Senate a vacancy occurs in any such office, the Governor shall appoint some fit person to discharge the duties thereof until the next meeting of the Senate, when he shall nominate a person to fill such office.

S70-20. Introduction and first reading of nominations. (1) Nominations received from the Governor are:

(a) received by the President;

(b) delivered to the Secretary of the Senate;

(c) read under Order of Business No. 4, messages from the Governor; and

(d) referred to committee.

(2) The above procedure constitutes introduction and first reading of the nominations.

(3) The Secretary shall distribute a copy of the list of nominations to each Senator.

S70-30. Committee process. (1) (a) The committee shall hold hearings on the nominations after appropriate public notice has been made.

(b) As part of the hearing process, the committee may request biographical information from the Governor for each nominee, if none has been provided.

(2) Following the hearings, the committee shall issue preliminary standing committee reports to be distributed to each Senator, stating the committee's recommendations concerning the nominees.

(3) (a) If a Senator wishes to have an individual nominee, or group of nominees, considered by the Senate separately from the group of nominees recommended by the committee, the Senator may request of the chairman of the committee that the nominee or nominees be considered by a separate resolution.

(b) A Senator must request separate consideration of a nominee within 3 days of receipt of the preliminary standing committee report. The committee chairman shall honor this request.

(4) After waiting 3 days from the day of distribution of the preliminary standing committee report, the committee chairman shall issue formal standing committee reports for simple resolutions based on recommendations from the Senators and deliver the reports to the Secretary of the Senate.

(5) The Secretary will assign numbers and read the reports under Order of Business No. 2, reports of standing committees, and forward them to the Legislative Council for processing and printing.

(6) Thereafter, the resolution must be placed on Order of Business No. 11 the next legislative day for consideration by the Senate. Motions to approve or disapprove of the resolution are in order and may be debated.

SENATE RESOLUTION NO. 2

A RESOLUTION OF THE SENATE OF THE STATE OF MONTANA EXONERATING JUDGE CHARLES LIEBERT CRUM FROM THE WRONGFUL CONVICTION OF IMPEACHMENT ON MARCH 22, 1918.

WHEREAS, the people of Montana hold the dignity of the human being inviolable as provided in Article II, section 4, of The Constitution of the State of Montana; and

WHEREAS, Montanans pride themselves on their rugged individualism and diverse heritage; and

WHEREAS, there is no time limitation for correcting political injustice and clearing an honorable person's name; and

WHEREAS, the emotional fervor surrounding the United States' entry into World War I led to public hysteria, constituting one of the darkest periods of Montana's political history; and

WHEREAS, Charles Liebert Crum was elected to the bench of the 13th Judicial District in November 1912 and was reelected without opposition in November 1916; and

WHEREAS, Judge Crum maintained a stellar and unblemished judicial record during his term of office; and

WHEREAS, although he was an outspoken opponent of entry into World War I, after the United States declared war on Germany in April 1917, Judge Crum issued a statement in open court espousing his patriotism towards the United States and its constitutional principles, including freedom of speech; and

WHEREAS, misguided patriotism led to the formation of self-appointed local groups to establish standards of Americanism and to identify and intimidate those found lacking in patriotic fervor; and

WHEREAS, a local group requested Judge Crum to resign because he was not in sympathy with his constituency, while another local group expressed support for his record as a fair, impartial, fearless, and conscientious judge, impervious to personal and political influence; and

WHEREAS, at the urging of dissatisfied local zealots, Governor Stewart forwarded documents to the House of Representatives, which generated articles of impeachment on the last day of a special session called to legalize the Montana Council of Defense and to pass a sedition law; and

WHEREAS, in an effort to protect himself, his family, the public interest, and the public treasury, Judge Crum resigned from office but steadfastly maintained his innocence of the charges; and

WHEREAS, in spite of his resignation, the Montana Senate commenced an impeachment trial on March 20, 1918, when Judge Crum was absent and unable to defend himself; and

WHEREAS, the Senate denied the motion of the bastion of legislative ethics, Fred Whiteside, to allow someone to examine witnesses on Judge Crum's behalf; and

WHEREAS, the Senate found Judge Crum guilty of high crimes, misdemeanors, and malfeasance in office, while in fact he was innocent of any official wrongdoing save perhaps being politically recalcitrant or adhering to unpopular policies; and

WHEREAS, the impeachment of Judge Crum banished him to political oblivion, devastated his life, and exposed him to continued calumny; and

WHEREAS, other Montana public figures who withstood the political hysteria of the time and defended civil and constitutional rights, including Jeannette Rankin, Burton K. Wheeler, and Judge George Bourquin, have become state heroes; and

WHEREAS, Article V, section 13, of The Constitution of the State of Montana vests impeachment power in the Legislature; and

WHEREAS, the Legislature in section 5-5-403, MCA, has retained the Senate as the sole court of impeachment; and

WHEREAS, the Senate as a court of impeachment may, sua sponte, in light of historical evidence and in the absence of the emotionalism of the time, reconsider the verdict rendered on March 22, 1918; and

WHEREAS, in 1919, Judge Crum expressed the hope that at a future time, the people of Montana would fulfill his faith in their honesty and justice by undoing the wrong done to him; and

WHEREAS, the people of Montana, in a reavowal of the principles of free speech and responsive democratic government, desire to right a historical wrong.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE STATE OF MONTANA:

That upon adoption of this resolution by a two-thirds vote of the members of the Senate, the conviction of impeachment of Judge Charles Liebert Crum be overturned.

BE IT FURTHER RESOLVED, that the Secretary of the Senate send copies of this resolution to Judge Crum's grandchildren, Darwin R. Crum of Schaumburg, Illinois, and Patricia Crum Scott of Pleasanton, California.

Approved January 25, 1991.

(2) A majority of representatives voting elects the Speaker and Speaker pro tempore from the House membership. A majority of each caucus voting nominates House members to the remaining offices, and those nominees are considered to have been elected by a majority vote of the House.

H10-20. Speaker's duties. (1) The Speaker is the presiding officer of the House, with authority for administration, order, and decorum.

(2) The Speaker may order the galleries or lobbies cleared in case of disturbance or disorderly conduct.

(3) A legislative aide must be of legal age unless otherwise approved by the House Rules Committee.

Chapter 2

Decorum

H20-10. Questions of order and privilege. (1) Questions of order and privilege, in order of precedence, are:

(a) those affecting the collective rights, safety, dignity, and integrity of the House; and

(b) those affecting the rights, reputation, and conduct of individual representatives.

(2) The Speaker shall decide all questions of order and privilege, subject to an appeal by any representative seconded by two representatives.

H20-20. Limits on lobbying. Lobbying on the House floor and in the anteroom is prohibited during a daily session, 2 hours before the session, and 2 hours after the session.

H20-30. Admittance to the House floor. The following persons may be admitted to the House floor during a daily session: present and former legislators; legislative employees necessary for the conduct of the session; accredited news staff; and members' spouses and children. The Speaker may allow exceptions to this rule.

H20-40. Dilatory motions or questions. The House has a right to protect itself from dilatory motions or questions used for the purpose of delaying or obstructing business. The presiding officer shall decide if motions (except a call of the House) or questions are dilatory. This decision may be appealed to the House.

H20-50. Opening and order of business. The opening of each legislative day must include an invocation, the pledge of allegiance, and roll call. Following the opening, the order of business of the House is as follows:

(1) communications and petitions;

(2) reports of standing committees;

(3) reports of select committees;

(4) messages from the Senate;

(5) messages from the Governor;

(6) first reading and commitment of bills;

(7) second reading of bills;

(8) third reading of bills;

(9) motions;

(10) unfinished business;

(11) special orders of the day; and

(12) announcement of committee meetings.

H20-60. Lobbying by employees. (1) A legislative employee, intern, or aide of either house is prohibited from lobbying, although a legislative committee may request testimony from a person so restricted.

(2) The Speaker or the Legislative Administration Committee may discipline or discharge any House employee violating this prohibition. The Speaker or the committee may withdraw the privileges of any House aide or intern violating this prohibition.

H20-70. Papers distributed on desks. A paper concerning proposed legislation may not be placed on representatives' desks unless it is signed and permission has been granted by the Speaker. The Sergeant-at-Arms shall direct its distribution.

Chapter 3

Committees

H30-10. House standing committees. The following are the House standing committees: Agriculture, Livestock, and Irrigation; Appropriations; Business and Economic Development; Education and Cultural Resources; Fish and Game; Highways and Transportation; Human Services and Aging; Judiciary; Labor and Employment Relations; Legislative Administration; Local Government; Natural Resources; Rules; State Administration; and Taxation.

H30-20. Chairman's duties. The chairman of a committee is the presiding officer of that committee and is responsible for maintaining order within the committee room and its environs, scheduling hearings and executive action, supervising committee work, and certifying committee reports and minutes.

H30-30. Officers as members. The Speaker, majority leader, and minority leader are ex officio, nonvoting members of all House committees. They are not required to be considered in the quorum, but they may count toward establishing a quorum.

H30-40. Committee action. (1) When legislation is referred to a committee, it may recommend approval or disapproval, with or without amendment.

(2) The committee may recommend that a bill on which it has made a favorable recommendation by unanimous vote be placed on the consent calendar.

(3) The committee may not report a bill to the House without recommendation.

(4) If a bill is withdrawn from a committee and brought to the House floor without a committee recommendation, the bill must include amendments formally adopted by committee action as reflected in committee minutes for debate on second reading.

H30-50. Reconsideration in committee. A committee, including the Committee of the Whole, may at any time prior to submitting a report to the Chief Clerk reconsider its previous action on legislation.

H30-60. Legislation requested by a committee. At least two-thirds of all the representatives of a standing committee must have voted in favor of the question to allow the committee to request the drafting or introduction of legislation. Votes requesting drafting and introduction of committee legislation may be taken jointly or separately.

H30-70. Rules committee makeup. The Speaker will determine the total number of members and the party division, but each party will appoint its own members.

Chapter 4

Legislation

H40-10. Introduction deadlines. (1) Except as provided in subsection (2), if a representative accepts drafted legislation from the Legislative Council after the deadline for introduction, the representative may not introduce that legislation after 48 hours from the time the bill was accepted from the Legislative Council.

(2) No bill or resolution may be introduced any later than 5 p.m. 5 legislative days prior to the appropriate transmittal deadline.

H40-20. House resolutions. (1) A House resolution is used to adopt or amend House rules, make recommendations on the districting and apportionment plan (Montana Constitution, Art. V, Sec. 14), express the sentiment of the House, or assist House operations.

(2) As to drafting, introduction, and referral, a House resolution is treated as a bill. Final passage of a House resolution is determined by the Committee of the Whole report. A House resolution does not progress to third reading.

(3) The Chief Clerk shall transmit a copy of each passed House resolution to the Senate and the Secretary of State.

H40-30. Cosponsors. (1) Prior to submitting legislation to the Chief Clerk for introduction, the chief sponsor may add representatives and senators as cosponsors by having them sign the three copies.

(2) After legislation is submitted for introduction but before the legislation returns from the first House committee, the chief sponsor may add or remove cosponsors by filing a cosponsor form with the Chief Clerk. This filing must be noted by the Chief Clerk for the record on Order of Business No. 11.

H40-40. Introduction. (1) During a session, proposed House legislation may be introduced in the House by submitting it in triplicate, endorsed with the signature of a representative as chief sponsor, to the Chief Clerk for introduction. In each session of the Legislature, the proposed legislation must be numbered consecutively by type in the order of receipt. Submission and numbering of properly endorsed legislation constitutes introduction.

(2) Preintroduction of legislation prior to a session under provisions of the joint rules constitutes introduction in the House.

(3) Acknowledgment by the Chief Clerk of receipt of legislation transmitted from the Senate for consideration by the House constitutes introduction of the Senate legislation in the House.

H40-50. First reading. Legislation properly introduced or received in the House must be announced across the rostrum and public notice provided. This announcement constitutes first reading, and no debate or motion is in order except that a representative may question adherence to rules.

H40-60. One reading per day. Except on the final legislative day, legislation may receive no more than one reading per legislative day. On the final legislative day, legislation may receive more than one reading.

H40-70. Referral. (1) The Speaker shall refer to a House committee all properly introduced House legislation and transmitted Senate legislation.

(2) Legislation may not receive final passage and approval unless it has been referred to a House committee.

H40-80. Rereferral. Legislation that is in the possession of the House and that has not been killed may be rereferred to a House committee by House motion approved by not less than three-fifths of the members present and voting.

H40-90. Legislation withdrawn from committee. Legislation may be withdrawn from a House committee by House motion approved by not less than three-fifths of the members present and voting.

H40-100. Standing committee reports. (1) A House standing committee recommendation of "do pass" or "be concurred in" must be announced across the rostrum and, if there is no objection to form, is considered adopted.

(2) A recommendation of "do not pass" or "be not concurred in" must be announced across the rostrum and, on the following legislative day, may be debated and adopted or rejected on Order of Business No. 2. A motion to reject an adverse committee report must be approved by not less than three-fifths of the members voting. Failure to adopt a motion to reject an adverse committee report constitutes adoption of the report.

(3) If the House rejects an adverse committee report, the bill progresses to second reading, as scheduled by the Speaker, with any amendments recommended by the committee.

H40-110. Consent calendar procedure. Noncontroversial bills and simple and joint resolutions may be recommended for the consent calendar by a standing committee and processed according to the following provisions:

(1) To be eligible for the consent calendar, the legislation must receive a unanimous vote by the members of the standing committee in attendance (do pass, do pass as amended). In addition, a motion must be made and passed unanimously to place the legislation on the consent calendar and this action reflected in the committee report. Appropriation or revenue bills may not be recommended for the consent calendar.

(2) The legislation must then be sent to be processed and reproduced as a third reading version and specifically marked as a "consent calendar" item.

(3) Legislation must be posted immediately (as soon as it is received as a third reading version) on the consent calendar and must remain there for 1 legislative day before consideration under Order of Business No. 11, special orders of the day. At that time, the presiding officer shall announce consideration of the consent calendar and allow "reasonable time" for questions and answers upon request. No debate is allowed.

(4) If any three representatives submit written objections to the placement of the legislation on the consent calendar, the legislation must be removed from the consent calendar and added to the regular second reading board.

(5) Consent calendar legislation will be considered on Order of Business No. 8, third reading of bills, following the regular third reading agenda.

(6) Legislation on the consent calendar must be considered individually with the roll call vote spread on the journal as the final vote in the House.

(7) Legislation passed on the consent calendar must then be transmitted to the Senate.

H40-120. Legislation requiring other than a majority vote. Legislation that requires other than a majority vote for final passage needs only a majority vote for any action that is taken prior to final passage and that normally requires a majority vote.

H40-130. Amending House second and third reading agendas. (1) A majority of representatives present may rearrange or remove legislation from either the second or third reading agenda on that legislative day.

(2) Legislation may be added to the second or third reading agenda on that legislative day on a motion approved by not less than three-fifths of the members present and voting.

H40-140. Second reading. (1) Legislation returned from committee may be placed on second reading unless otherwise ordered by the House.

(2) The House shall form itself into a Committee of the Whole to consider business on second reading. The Committee of the Whole may debate legislation, attach amendments, and recommend approval or disapproval of legislation.

(3) Except on the final legislative day, at least 1 legislative day must elapse between the time legislation is reported from committee and the time it is considered on second reading.

(4) If a motion to recommend that a bill "do pass" or "be concurred in" fails in the Committee of the Whole, the obverse, i.e., a recommendation that the bill "do not pass" or "be not concurred in", is considered to have passed.

(5) An amendment attached to legislation by the Committee of the Whole remains unless removed by further legislative action.

(6) When the Committee of the Whole reports to the House, the House shall adopt or reject the Committee of the Whole report. If the House rejects the Committee of the Whole report, the legislation remains on second reading, as amended by the Committee of the Whole, unless the House orders otherwise.

(7) A representative may move to segregate legislation from the Committee of the Whole report before the report is adopted. Segregated legislation, as amended by the Committee of the Whole, must be placed on second reading unless the House orders otherwise.

H40-150. Amendments in the Committee of the Whole. (1) All Committee of the Whole amendments must be checked by the House amendments coordinator for format, style, clarity, consistency, and other factors, in accordance with the most recent Bill Drafting Manual published by the Legislative Council, before the amendment may be accepted at the rostrum. The amendment form must include the date and time the amendment is submitted for that check.

(2) An amendment submitted to the rostrum for consideration by the Committee of the Whole must be marked as checked by the amendments coordinator and signed by a representative.

(3) A copy of every amendment rejected by the Committee of the Whole must be kept as part of the official records.

H40-160. Motions in the Committee of the Whole. (1) When the House resolves itself into a Committee of the Whole, the only motions in order are to:

(a) amend;

(b) recommend passage or nonpassage;

(c) recommend concurrence or nonconcurrence;

(d) indefinitely postpone;

(e) reconsider;

(f) pass consideration;

(g) call for cloture;

(h) rise, rise and report, or rise and report progress and beg leave to sit again; and

(i) to change the order in which legislation is placed on the agenda.

(2) Subsections (1)(e) through (1)(h) are nondebatable but may be amended.

(3) If a quorum of representatives is not present during second reading, the Committee of the Whole may conduct no business on legislation and a motion for a call of the House without a quorum is in order.

H40-170. Limits on debate in the Committee of the Whole. (1) Except for the representative who makes a motion, no representative may speak more than once on the motion and for no more than 5 minutes. The representative who makes the motion may have 5 minutes to close.

(2) After at least two proponents and two opponents have spoken on a question and 45 minutes have elapsed, a motion to call for cloture is in order. Approval by not less than two-thirds of the members present and voting is required to sustain a motion for cloture. Notwithstanding the passage of a motion to end debate, the sponsor of the motion on which debate was ended may close.

(3) By previous agreement of the Speaker and the minority floor leader, a bill or resolution may be allocated a predetermined amount of time for debate and number of speakers.

H40-180. Special provisions for debate on the general appropriations bill. (1) The Appropriations Committee chairman, in presenting the bill, is not subject to the 5-minute speaking limitation.

(2) Each appropriations subcommittee chairman shall fully present his or her portion of the bill. A subcommittee chairman is not subject to the 5-minute speaking limitation.

(3) After the presentation by the subcommittee chairman, the respective section of the bill is open for debate, questions, and amendments.

(4) An amendment that affects more than one section of the bill must be offered when the first section affected is considered.

(5) Following completion of the debate on each section, that section is closed and may not be reopened except by majority vote.

(6) If a member moves to reopen a section for amendment, only the amendment of that member may be entertained. Another member wishing to amend the same section shall make a separate motion to reopen the section.

(7) Debate on the motion to reopen a section is limited to the question of reopening the section. The amendment itself may not be debated at that time. This limitation does not prohibit the member from explaining the amendment to be considered.

(8) A motion for cloture is not in order during debate on the general appropriations bill.

H40-190. Engrossing. (1) After legislation is passed on second reading, it must be engrossed within 48 hours under the direction of the Speaker. The Speaker may grant additional time for engrossing.

(2) When the legislation has been reported correctly engrossed, it may be placed on third reading on the following legislative day. On the final legislative day, the correctly engrossed legislation may be placed on third reading on the same legislative day.

H40-200. Third reading. (1) All bills, joint resolutions, and Senate amendments to House bills and resolutions passing second reading must be placed on third reading.

(2) Legislation on third reading may not be amended or debated.

(3) The Speaker shall state the question on legislation on third reading. If a majority of the representatives voting does not approve the legislation, it fails to pass third reading.

H40-210. Senate legislation in the House. Senate legislation properly transmitted to the House must be treated as House legislation.

H40-220. Senate amendments to House legislation. (1) When the Senate has properly returned House legislation with Senate amendments, the House shall announce the amendments on Order of Business No. 4, and the Speaker shall place them on second reading for debate.

(2) If the House accepts Senate amendments on legislation requiring more than a majority vote for final passage, the House, following approval of the Senate amendments on third reading, shall place the final form of the legislation on third reading to determine if the required vote is obtained.

(3) If the House rejects the Senate amendments, the House may request the Senate to recede from its amendments or may direct appointment of a conference committee and request the Senate to appoint a like committee.

H40-230. Conference committee reports. (1) When a House conference committee files a report, the report must be announced under Order of Business No. 3.

(2) The House may debate and adopt or reject the conference committee report on second reading on any legislative day. The House may reconsider its action in rejecting a conference committee report under rules for reconsideration, H50-160.

(3) If both the House and the Senate adopt the same conference committee report on legislation requiring more than a majority vote for final passage, the House, following approval of the conference committee report on third reading, shall place the final form of the legislation on third reading to determine if the required vote is obtained.

(4) If the House rejects a conference committee report, the committee continues to exist unless dissolved by the Speaker or by motion. The committee may file a subsequent report.

(5) A House conference committee may confer regarding matters assigned to it with any Senate conference committee with like jurisdiction and submit recommendations for consideration of the House.

H40-240. Enrolling. (1) When House legislation has passed both houses, it must be enrolled within 48 hours under the direction of the Speaker. The Speaker may grant additional time for enrolling.

(2) The chief sponsor of the legislation shall examine the enrolled legislation and, if it has no enrolling errors, shall, within 1 legislative day, certify the legislation as correctly enrolled.

(3) The correctly enrolled legislation must be delivered to the Speaker, who shall sign the legislation not later than the following legislative day. When enrolled legislation is delivered on the final legislative day, the Speaker shall sign it that day.

(4) After the legislation has been reported correctly enrolled but before it is signed, any representative may examine the legislation.

H40-250. Governor's amendments. (1) When the Governor returns a bill with recommended amendments, the House shall announce the amendments under Order of Business No. 5.

(2) The House may debate and adopt or reject the Governor's recommended amendments on second reading on any legislative day.

(3) If both the House and the Senate accept the Governor's recommended amendments on a bill that requires more than a majority vote for final passage, the House shall place the final form of the legislation on third reading to determine if the required vote is obtained.

H40-260. Governor's veto. (1) When the Governor returns a bill with a veto, the House shall announce the veto under Order of Business No. 5.

(2) On any legislative day, a representative may move to override the Governor's veto by a two-thirds vote under Order of Business No. 9.

Chapter 5

Floor Actions

H50-10. Attendance. (1) A representative, unless excused, is required to be present at every sitting of the House.

(2) A representative may request in writing to be excused for a specified cause by his party leader. This excused absence is not a leave with cause from a call of the House.

H50-20. Quorum. (1) A quorum of the House is fifty-one representatives (Montana Constitution, Art. V, Sec. 10).

(2) Any representative may question the lack of a quorum at any time a vote is not being taken. The question is nondebatable, may not be amended, and is resolved by a roll call.

(3) The House may conduct no business without a quorum, except that representatives present may convene, compel the attendance of absent representatives, or adjourn.

H50-30. Call of the House without a quorum. (1) In the absence of a quorum, a majority of the representatives present may compel the attendance of absent representatives through a call of the House without a quorum. The motion for the call is nondebatable, may not be amended, and is in order at any time it has been established that a quorum is not present.

(2) During a call of the House, all business is suspended. No motion is in order except a motion to adjourn or to remove the call.

(3) When a quorum has been achieved under the call, the call is automatically lifted. The call may also be lifted by adjournment or by two-thirds of the representatives present and voting.

H50-40. Call of the House with a quorum. (1) If a quorum is present but at least one representative is excused or absent, one-third of the representatives present and voting may order a call of the House with a quorum.

(2) The motion for a call is nondebatable, may not be amended, and is in order at any time a vote is not being taken, except that a call of the House with a quorum is not allowed in the Committee of the Whole.

(3) During a call of the House, all business is suspended. No motion is in order except a motion to adjourn or to remove the call.

(4) When all representatives are present, except those on leave with cause, the call is automatically lifted. The call may also be lifted by adjournment or by two-thirds of the representatives present and voting.

H50-50. Leave with cause. (1) During a call of the House, a representative with an overriding medical or personal reason may request a leave with cause.

(3) Absentee votes are not allowed on votes that are specified as "representatives present and voting".

H50-70. Limits on debate of debatable motions. (1) Except for the representative who places a debatable motion before the body, no representative may speak more than once on the question unless a unanimous House consents. The representative who places the motion may close.

(2) Notwithstanding the passage of a motion to end debate, the sponsor of the motion on which debate was ended may close.

H50-150. Questions requiring other than a majority vote. The following questions require the vote specified:

(4) The absentee vote authorization may be revoked before the vote by the member who signed the authorization.

H50-230. Recess. The House may stand at ease or, by majority vote, may recess under any order of business. The recess may be ended at the call of the chair or at a time specified.

HOUSE RESOLUTION NO. 2

A RESOLUTION OF THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA AMENDING HOUSE RULES TO EXPAND THE USE OF THE CONSENT CALENDAR IN THE HOUSE.

BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That House Rule H40-110 be amended as follows:

"**H40-110. Consent calendar procedure.** *(1)* Noncontroversial bills and simple and joint resolutions may be recommended for the consent calendar by a standing committee and processed according to the following provisions:

~~(1)~~*(a)* To be eligible for the consent calendar, the legislation must receive a unanimous vote by the members of the standing committee in attendance (do pass, do pass as amended). In addition, a motion must be made and passed unanimously to place the legislation on the consent calendar and this action reflected in the committee report. Appropriation or revenue bills may not be recommended for the consent calendar.

~~(2)~~*(b)* The legislation must then be sent to be processed and reproduced as a third reading version and specifically marked as a "consent calendar" item.

(2) Other legislation may be placed on the consent calendar by agreement between the speaker and the minority leader following a positive recommendation by a standing committee. The legislation must be sent to be processed as a second reading version but must be specifically announced and posted as a "consent calendar" item.

(3) Legislation must be posted immediately (as soon as it is received ~~as a third reading version~~ *appropriately printed*) on the consent calendar and must remain there for 1 legislative day before consideration under Order of Business No. 11, special orders of the day. At that time, the presiding officer shall announce consideration of the consent calendar and allow "reasonable time" for questions and answers upon request. No debate is allowed.

(4) If any three representatives submit written objections to the placement of ~~the~~ legislation on the consent calendar *by the action of a standing committee or if any one representative submits a written objection to the placement of legislation on the consent calendar by the speaker and minority*

leader, the legislation must be removed from the consent calendar and added to the regular second reading board.

(5) Consent calendar legislation will be considered on Order of Business No. 8, third reading of bills, following the regular third reading agenda.

(6) Legislation on the consent calendar must be considered individually with the roll call vote spread on the journal as the final vote in the House.

(7) Legislation passed on the consent calendar must then be transmitted to the Senate. *Legislation must be appropriately printed prior to transmittal.*"

Approved February 19, 1991.

BALLOT

ISSUE

BALLOT ISSUE

CONSTITUTIONAL AMENDMENT NO. 21

By Chapter 587, Laws of 1989, the Legislature proposed an amendment to The Constitution of the State of Montana to require that once an initiative or referendum qualifies for the ballot, if the election is declared invalid because it was improperly conducted, the measure must be placed on the ballot at the next regularly scheduled statewide election unless the Legislature orders a special election. It would also require the courts to give priority to any challenge to the procedures involving the qualification of an initiative or referendum for placement on the ballot or to the manner in which the election was conducted.

Chapter 587 was approved by the following vote at the General Election held November 6, 1990:

For:	166,143
Against:	129,477

The title and text of Chapter 587 follow:

AN ACT AMENDING ARTICLE IV OF THE CONSTITUTION OF THE STATE OF MONTANA BY REQUIRING THAT A VALID ELECTION BE HELD ON PROPERLY QUALIFIED BALLOT ISSUES; AND PROVIDING THAT THE ACT BE SUBMITTED TO THE QUALIFIED ELECTORS OF MONTANA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Article IV of The Constitution of the State of Montana is amended by adding a new section 7 that reads:

Section 7. **Ballot issues — challenges — elections.** (1) An initiative or referendum that qualifies for the ballot under Article III or Article XIV shall be submitted to the qualified electors as provided in the Article under which the initiative or referendum qualified unless a new election is held pursuant to this section.

(2) A preelection challenge to the procedure by which an initiative or referendum qualified for the ballot or a postelection challenge to the manner in which the election was conducted shall be given priority by the courts.

(3) If the election on an initiative or referendum properly qualifying for the ballot is declared invalid because the election was improperly conducted, the secretary of state shall submit the issue to the qualified electors at the next regularly scheduled statewide election unless the legislature orders a special election.

Section 2. **Submission to electorate.** The amendment set forth in section 1 shall be submitted to the qualified electors of Montana at the general election to be held in November 1990 by printing on the ballot the full title of this act and the following:

☐ FOR requiring a valid and timely election on properly qualified initiatives and referendums.

☐ AGAINST requiring a valid and timely election on properly qualified initiatives and referendums.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-36-101, MCA, is amended to read:

"**15-36-101. Definitions and rate of tax — *state severance tax* — local government severance tax — *assessment of nonworking interest owner — exemption.*** (1) Every person engaging in or carrying on the business of producing petroleum, other mineral or crude oil, or natural gas within this state or engaging in or carrying on the business of owning, controlling, managing, leasing, or operating within this state any well or wells from which any merchantable or marketable petroleum, other mineral or crude oil, or natural gas is extracted or produced ~~sufficient in quantity to justify the marketing of the same must~~ *shall*, except as provided in 15-36-121, each year when engaged in or carrying on the business in this state pay to the department of revenue a *state* severance tax for the exclusive use and benefit of the state of Montana plus a local government severance tax in lieu of a tax on net proceeds for the exclusive use and benefit of local government. ~~The~~ *Except as provided in subsection (3), the state* severance tax and the local government severance tax are ~~computed at the following rates~~ *as follows*:

(a) except as provided in subsections (1)(b), (1)(c), ~~and~~ (1)(d), *and (1)(e), a* 5% ~~of~~ *state severance tax on* the total gross *taxable* value of all the petroleum and other mineral or crude oil produced by the person, plus the local government severance tax of 8.4% on ~~production~~ *the gross taxable value of all the petroleum and other mineral or crude oil produced by the person* other than interim production and new production, from each lease or unit; but in determining the amount of *the state* severance tax *and local government severance tax*, there must be excluded from consideration all petroleum or other crude or mineral oil produced and used by the person during the year in connection with his operations in prospecting for, developing, and producing the petroleum or crude or mineral oil;

(b) *a* 2.65% ~~of~~ *state severance tax on* the total gross *taxable* value of all natural gas produced *by the person*, plus the local government severance tax of 15.25% on *the total gross taxable value of all* natural gas ~~production~~ *produced by the person* other than interim production or new production, from each lease or unit; but in determining the amount of *the state* severance tax *and the local government severance tax*, there must be excluded from consideration all gas produced and used by the person during the year in connection with his operations in prospecting for, developing, and producing the gas or petroleum or crude or mineral oil; and there must also be excluded from consideration all gas, including carbon dioxide gas, recycled or reinjected into the ground;

(c) *a* 2.5% ~~of~~ *state severance tax on* the total gross *taxable* value of the incremental petroleum and other mineral or crude oil produced *by the person*, plus the local government severance tax of ~~4.2%~~ *5%* on ~~production~~ *the total gross taxable value of the incremental petroleum and other mineral or crude oil produced by the person* other than interim production and new production, from each lease or unit in a tertiary recovery project after July 1, 1985. For purposes of this section, a tertiary recovery project must meet the following requirements:

(i) the project must be approved as a tertiary recovery project by the department of revenue. The approval may be extended only after notice and hearing in accordance with Title 2, chapter 4.

(ii) the property to be affected by the project must be adequately delineated according to the specifications required by the department; and

(iii) the project must involve the application of one or more tertiary recovery methods that can reasonably be expected to result in an increase, determined by the department to be significant in light of all the facts and circumstances, in the amount of crude oil which may potentially be recovered. For ~~the purpose~~ *purposes* of this section, tertiary recovery methods include but are not limited to:

(A) miscible fluid displacement;

(B) steam drive injection;

(C) micellar/emulsion flooding;

(D) in situ combustion;

(E) polymer augmented water flooding;

(F) cyclic steam injection;

(G) alkaline or caustic flooding;

(H) carbon dioxide water flooding;

(I) immiscible carbon dioxide displacement; or

(J) any other method approved by the department as a tertiary recovery method.

(d) except as provided in 15-36-121(2), *a* 3% ~~of~~ *state severance tax on* the total gross *taxable* value of all the petroleum and other mineral or crude oil ~~production~~ *produced by the person* after the first 5 barrels~~, plus the local government severance tax of 4.2% on all production other than interim production and new production, produced by~~ *from* a stripper well, as defined in 15-36-121, that produces more than 5 barrels a day during the period beginning April 1, 1989, and ending March 31, 1991~~,~~*;*

(e) a 5% local government severance tax on the total gross taxable value of all petroleum and other mineral or crude oil produced by the person other than interim and new production produced by a stripper well, as defined in 15-36-121.

(2) For purposes of this section, the term "incremental petroleum and other mineral or crude oil" means the amount of oil, as determined by the department of revenue, to be in excess of what would have been produced by primary and secondary methods. The determination arrived at by the department must be made only after notice and hearing and shall specify through the life of a tertiary project, calendar year by calendar year, the combined amount of primary and secondary production that must be used to establish the incremental production from each lease or unit in a tertiary recovery project.

(3) (a) A local government severance tax is imposed on the gross value paid in cash or apportioned in kind to a nonworking interest owner by the operator or producer of extracted marketable petroleum, other mineral or crude oil, or natural gas subject to local government severance taxes imposed under this chapter. The local government severance tax on nonworking interest owners is computed at the following rates:

(i) 12.5% on the gross value paid in cash or apportioned in kind to a nonworking interest owner by the operator or producer of extracted marketable petroleum and other mineral or crude oil;

(ii) 15.25% on the gross value paid in cash or apportioned in kind to a nonworking interest owner by the operator or producer of extracted or marketable natural gas.

(b) The amounts paid or apportioned in kind to nonworking interest owners are exempt from the local government severance taxes imposed under 15-36-121(3) and (4) and under subsections (1)(a) through (1)(e) of this section.

~~(3)~~*(4)* Nothing in this part may be construed as requiring laborers or employees hired or employed by any person to drill any oil *or natural gas* well or to work in or about any oil *or natural gas* well or prospect or explore for or do any work for the purpose of developing any petroleum, ~~or~~ other mineral or crude oil, *or natural gas* to pay the severance tax, nor may work done or the drilling of a well or wells for the purpose of prospecting or exploring for petroleum, ~~or~~ other mineral or crude ~~oils~~ *oil, or natural gas* or for the purpose of developing them be considered to be the engaging in or carrying on of the business. If, in the doing of any work, in the drilling of any oil *or natural gas* well, or in prospecting, exploring, or development work, any merchantable or marketable petroleum, ~~or~~ other mineral or crude oil, *or natural gas* in excess of the quantity required by the person for carrying on the operation is produced sufficient in quantity to justify the marketing of the petroleum, ~~or~~ other mineral or crude oil, *or natural gas,* the work, drilling, prospecting, exploring, or development work is considered to be the engaging in and carrying on of the business of producing petroleum, ~~or~~ other mineral or crude oil, *or natural gas* within this state within the meaning of this section.

~~(4)~~*(5)* Every person required to pay the *state or local government* severance tax under this section shall pay the tax in full for his own account and for the account of each of the other owner or owners of the gross proceeds in value or in kind of all the marketable petroleum or other mineral or crude oil or natural gas extracted and produced, including owner or owners of working interest, royalty interest, overriding royalty interest, carried working interest, net proceeds interest, production payments, and all other interest or interests owned or carved out of the total gross proceeds in value or in kind of the extracted marketable petroleum or other mineral or crude oil or natural gas, except that any of the interests that are owned by the federal, state, county, or municipal governments are exempt from taxation under this chapter. Unless otherwise provided in a contract or lease, the pro rata share of any royalty owner or owners will be deducted from any settlements under the lease or leases or division of proceeds orders or other contracts.

(6) For purposes of this section, the following definitions apply:

(a) "Gross taxable value" means the gross value of the product as determined in 15-36-103 less the gross value paid in cash or apportioned in kind to a nonworking interest owner by the operator or producer of extracted marketable petroleum, other mineral or crude oil, or natural gas.

(b) "Nonworking interest owner" means any interest owner who does not share in the development and operation costs of the lease or unit. (Subsection (1)(d) terminates on occurrence of contingency—sec. 7, Ch. 656, L. 1987.) "

Section 2. Section 15-36-112, MCA, is amended to read:

"**15-36-112. Disposition of oil and gas *state and local government* severance taxes — calculation of unit value for local government severance tax.** (1) Each year the department of revenue shall determine the amount of tax collected under this chapter from within each ~~school district~~ *taxing unit.*

(2) For purposes of the distribution of local government severance taxes collected under ~~15-36-101~~ *this chapter,* the department shall determine the unit value of oil and gas for each ~~school district~~ *taxing unit* as follows:

(a) The unit value for petroleum and other mineral or crude oil for each ~~district~~ *taxing unit* is the quotient obtained by dividing the net proceeds taxes calculated on petroleum or mineral or crude oil produced in that ~~district~~ *taxing unit* in calendar year 1988 by the number of barrels of petroleum or other mineral or crude oil produced in that ~~district~~ *taxing unit* during 1988, *excluding new and interim production.*

(b) The unit value for natural gas is the quotient obtained by dividing the net proceeds taxes calculated on natural gas produced in that ~~district~~ *taxing unit* in calendar year 1988 by the number of cubic feet of natural gas produced in that ~~district~~ *taxing unit* during 1988, *excluding new and interim production.*

(3) The *state and local government* severance taxes collected under this chapter are allocated as follows:

(a) The local government severance tax is statutorily appropriated, as provided in 17-7-502, for allocation to the county for distribution as provided in subsection (4)~~(a)(ii)~~;

(b) ~~Any amount not allocated to the county under subsection (3)(a)~~ *The state severance tax* is allocated to the state general fund.

(4) (a) For the purpose of distribution of the local government severance tax, the department shall adjust the unit value determined under this section according to the ratio that the local government severance taxes

collected during the quarters to be distributed plus accumulated interest earned by the state and penalties and interest on delinquent local government severance taxes bears to the total liability for local government severance taxes for the quarters to be distributed. The taxes must be calculated and distributed as follows:

(i) By November 30 of each year, the department shall calculate and distribute to each eligible county the amount of local government severance tax, determined by multiplying unit value as adjusted in this subsection (4)(a) times the units of production on which *the local government* severance tax was owed during the calendar quarters ending March 31 and June 30 of the preceding calendar year.

(ii) By May 31 of each year, the department shall calculate and distribute to each eligible county the amount of local government severance tax, determined by multiplying unit value as adjusted in this subsection (4)(a) times the units of production on which *the local government* severance tax was owed during the 2 calendar quarters immediately following those quarters referred to in subsection (4)(a)(i).

(b) Any amount by which the total tax liability exceeds or is less than the total distributions determined in subsections (4)(a)(i) and (4)(a)(ii) must be calculated and distributed in the following manner:

(i) The excess amount or shortage must be divided by the total ~~units of production to obtain the tax value per unit of production~~ *distribution determined for that period to obtain an excess or shortage percentage.*

(ii) ~~The tax value per unit of production must be multiplied by the units of production in that taxable period in each school district that had production in that period, and this amount must be added to or subtracted from the distribution to each respective district~~ *The excess percentage must be multiplied by the distribution to each taxing unit, and this amount must be added to the distribution to each respective taxing unit.*

(iii) The shortage percentage must be multiplied by the distribution to each taxing unit, and this amount must be subtracted from the distribution to each respective taxing unit.

(5) The county treasurer shall distribute the money received under subsection ~~(3)(a)~~ *(4)* to the taxing ~~jurisdictions~~ *units* that levied mills *in fiscal year 1990* against *calendar year 1988* production ~~during fiscal year 1989~~ in the same manner that all other property tax proceeds were distributed during fiscal year ~~1989~~ *1990* in the taxing ~~jurisdiction~~ *unit,* except that no distribution may be made to a municipal taxing ~~jurisdiction~~ *unit.*"

Section 3. Section 15-36-121, MCA, is amended to read:

"**15-36-121. Exemption from *state* severance tax — *imposition of local government severance tax.*** (1) It is the public policy of this state to promote a sufficient supply of natural gas to provide for the residents of this state, to lessen Montana's dependence on imported natural gas, and to encourage the exploration for and development and production of natural gas, petroleum, and other mineral and crude oil within the state.

(2) All new production, as defined in 15-23-601, from a well during the 24 months immediately following the date of notification to the department of revenue that an oil well is flowing or being pumped or that a gas well has been connected to a gathering or distribution system is exempt from all of the *state* severance tax imposed by 15-36-101, provided the notification was made after March 31, 1987, and before July 1, 1991.

(3) All the natural gas produced from any well that has produced 60,000 cubic feet or less of natural gas a day for the calendar year prior to the current year shall be taxed as provided in this section. Production must be determined by dividing the amount of production from a lease or unitized area for the year prior to the current calendar year by the number of producing wells in the lease or unitized area and by dividing the resulting quotient by 365. The first 30,000 cubic feet of average daily production per well is exempt from all of the *state* severance tax imposed by 15-36-101. *The first 30,000 cubic feet of average daily production per well is subject to a local government severance tax of 10%.* Everything over 30,000 cubic feet of gas produced is taxed at 1.59% plus a local government severance tax of ~~7.625%~~ *10%.*

(4) The first 5 barrels of average daily production from a stripper well are exempt from all of the *state* severance tax imposed by 15-36-101, ~~except~~ *but not from* the local government severance tax.

(5) For the purposes of this section, "stripper well" means a well that produces less than 10 barrels per day, determined by dividing the amount of production from a lease or unitized area for the year prior to the current calendar year by the number of producing wells in the lease or unitized area, and by dividing the resulting quotient by 365.

(6) Notwithstanding the provisions of subsections (2) through (4), all reporting requirements under the *state* severance tax remain in effect. *(Subsections (2) and (4) terminate on occurrence of contingency—sec. 7, Ch. 656, L. 1987.)* "

Section 4. Section 20-9-366, MCA, is amended to read:

CHAPTER NO. 4

[HB 2]

AN ACT SEPARATING THE LIABILITY OF THE STATE WORKERS' COMPENSATION INSURANCE PROGRAM AND FUND ON THE BASIS OF WHETHER THE LIABILITY ARISES FROM CLAIMS FOR INJURIES RESULTING FROM ACCIDENTS THAT OCCURRED BEFORE JULY 1, 1990, OR ACCIDENTS THAT OCCUR ON OR AFTER THAT DATE; PROVIDING MONEY FOR INITIAL OPERATING EXPENSES FOR CLAIMS FOR INJURIES RESULTING FROM ACCIDENTS THAT OCCUR ON OR AFTER JULY 1, 1990; AUTHORIZING LOANS FROM RESERVES OF THE STATE FUND FROM PREMIUMS ATTRIBUTABLE TO WAGES PAYABLE ON OR AFTER JULY 1, 1990, FOR PAYMENT OF CLAIMS FOR INJURIES RESULTING FROM ACCIDENTS THAT OCCURRED BEFORE JULY 1, 1990; ESTABLISHING SEPARATE FUNDING AND ACCOUNTS FOR CLAIMS REPRESENTED BY THE UNFUNDED LIABILITY AND CLAIMS REPRESENTED BY NEW BUSINESS; PROVIDING FOR INCREASED LEGISLATIVE OVERSIGHT OF THE STATE FUND; CLARIFYING THE STATE FUND'S DUTIES; PROVIDING THAT THE STATE FUND MAY NOT ISSUE BONDS; ENSURING COMPLIANCE WITH THE MANDATE THAT THE STATE FUND SET PREMIUMS FOR NEW BUSINESS AT A LEVEL SUFFICIENT TO ENSURE SOLVENCY; REMOVING THE TERMINATION OF THE WORKERS' COMPENSATION PAYROLL TAX; PROVIDING A SPECIAL METHOD OF OFFERING NEGOTIATED SETTLEMENTS FOR CLAIMS ARISING PRIOR TO JULY 1, 1990; PROVIDING FOR COORDINATION OF THIS ACT WITH THE OCCUPATIONAL DISEASE ACT OF MONTANA; ALLOWING THE STATE FUND TO REQUEST PROPOSALS FOR THE SETTLEMENTS OF CLAIMS ARISING PRIOR TO JULY 1, 1990; APPROPRIATING MONEY TO THE DEPARTMENT OF REVENUE FOR ADMINISTERING COLLECTION OF THE PAYROLL TAX; AMENDING SECTIONS 33-1-102, 39-71-116, 39-71-2311, 39-71-2313 THROUGH 39-71-2316, 39-71-2321, 39-71-2323, 39-71-2501 THROUGH 39-71-2504, MCA; AMENDING SECTION 10, CHAPTER 664, LAWS OF 1987; AND PROVIDING EFFECTIVE DATES AND AN APPLICABILITY DATE.

STATEMENT OF INTENT

The legislature recognizes that the unfunded liability currently existing in the state fund cannot be fully addressed at this time. The legislature further recognizes that the unfunded liability will have to be addressed from time to time in future legislative sessions; that other sources of revenue may have to be obtained from time to time to assist in reducing the unfunded liability; and that because of the current state of the economy and because of the current premium rates being charged employers, there should not be a substantial increase in premium rates at this time.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Purpose of separation of state fund liability as of July 1, 1990, and of separate funding of claims before and on or after that date.** (1) An unfunded liability exists in the state fund. It has existed since at least the mid-1980s and has grown each year. There have been numerous attempts to solve the problem by legislation and other methods. These attempts have alleviated the problem somewhat, but the problem has not been solved.

(2) The legislature has determined that it is necessary to the public welfare to make workers' compensation insurance available to all employers through the state fund as the insurer of last resort. In making this insurance available, the state fund has incurred the unfunded liability. The legislature has determined that the most cost-effective and efficient way to

provide a source of funding for and to ensure payment of the unfunded liability and the best way to administer the unfunded liability is to:

(a) separate the liability of the state fund on the basis of whether a claim is for an injury resulting from an accident that occurred before July 1, 1990, or an accident that occurs on or after that date;

(b) extend the payroll tax imposed by 39-71-2503 and dedicate the tax money first to the repayment of loans given under [section 4] and then to the direct payment of the costs of administering and paying claims for injuries from accidents that occurred before July 1, 1990.

(3) The legislature further determines that in order to prevent the creation of a new unfunded liability with respect to claims for injuries for accidents that occur on or after July 1, 1990, certain duties of the state fund should be clarified and legislative oversight of the state fund should be increased.

Section 2. **Separate payment structure and sources for claims for injuries resulting from accidents that occurred before July 1, 1990, and on or after July 1, 1990 — spending limit.** (1) Premiums paid to the state fund based upon wages payable before July 1, 1990, may be used only to administer and pay claims for injuries resulting from accidents that occurred before July 1, 1990. Except as provided in [section 4] and 39-71-2316(9), premiums paid to the state fund based upon wages payable on or after July 1, 1990, may be used only to administer and pay claims for injuries resulting from accidents that occur on or after July 1, 1990.

(2) The state fund shall:

(a) determine the cost of administering and paying claims for injuries resulting from accidents that occurred before July 1, 1990, and separately determine the cost of administering and paying claims for injuries resulting from accidents that occur on or after July 1, 1990;

(b) keep adequate and separate accounts of the costs determined under subsection (2)(a); and

(c) fund administrative expenses and benefit payments for claims for injuries resulting from accidents that occurred before July 1, 1990, and claims for injuries resulting from accidents that occur on or after July 1, 1990, separately from the sources provided by law.

(3) The state fund may not spend more than $3 million a year to administer claims for injuries resulting from accidents that occurred before July 1, 1990.

Section 3. **Initial operating expenses for claims for injuries resulting from accidents that occur on or after July 1, 1990.** During the fiscal year beginning July 1, 1990, the state fund shall transfer $12 million from money deposited under 39-71-2321 in the state fund before

July 1, 1990, to the account created by 39-71-2321 for the administration and payment of claims for injuries resulting from accidents that occur on or after July 1, 1990.

Section 4. **Use of payroll tax proceeds — loans.** Taxes collected under 39-71-2503 may be used only to administer and pay claims for injuries resulting from accidents that occurred before July 1, 1990, including the cost of repaying loans given under this section. If the state fund determines that, for the next 1 or more years following the date of the determination, the tax revenue, together with other funds in the account required by 39-71-2321 for claims for injuries resulting from accidents that occurred before July 1, 1990, will be insufficient to administer and pay those claims, the state fund, through its board of directors, may advise the board of investments that additional funding is necessary. The board of investments may loan, from reserves accumulated from premiums paid to the state fund based upon wages payable on or after July 1, 1990, amounts necessary for payment of claims for injuries resulting from accidents that occurred before July 1, 1990. The loans must bear interest at 7 ½%.

Section 5. **Legislative audit of state fund.** The legislative auditor shall annually conduct or have conducted a financial and compliance audit of the state fund, including its operations relating to claims for injuries resulting from accidents that occurred before July 1, 1990. The audit must include evaluations of the claims reservation process, the amounts reserved, and the current report of the state fund's actuary. The evaluations may be conducted by persons appointed under 5-13-305. Audit and evaluation costs are an expense of and must be paid by the state fund and must be allocated between those claims for injuries resulting from accidents that occurred before July 1, 1990, and those claims for injuries resulting from accidents that occur on or after that date.

Section 6. Section 39-71-116, MCA, is amended to read:

"**39-71-116. Definitions.** Unless the context otherwise requires, words and phrases employed in this chapter have the following meanings:

(1) "Administer and pay" includes all actions by the state fund under the Workers' Compensation Act and the Occupational Disease Act of Montana necessary to the investigation, review, and settlement of claims; payment of benefits; setting of reserves; furnishing of services and facilities; and utilization of actuarial, audit, accounting, vocational rehabilitation, and legal services.

~~(1)~~*(2)* "Average weekly wage" means the mean weekly earnings of all employees under covered employment, as defined and established annually by the Montana department of labor and industry. It is established at the nearest whole dollar number and must be adopted by the department prior to July 1 of each year.

~~(2)~~*(3)* "Beneficiary" means:

(a) a surviving spouse living with or legally entitled to be supported by the deceased at the time of injury;

(b) an unmarried child under the age of 18 years;

(c) an unmarried child under the age of 22 years who is a full-time student in an accredited school or is enrolled in an accredited apprenticeship program;

(d) an invalid child over the age of 18 years who is dependent upon the decedent for support at the time of injury;

(f) a brother or sister under the age of 18 years if dependent upon the decedent for support at the time of the injury (however, such a brother or sister is a beneficiary only until the age of 18 years and only when no beneficiary, as defined in subsections ~~(2)(a)~~ *(3)(a)* through ~~(2)(e)~~ *(3)(e)* of this section, exists).

However, an estimate may be made by the department for any employer starting in business if no average payrolls are available. This estimate is to be adjusted by additional payment by the employer or refund by the department, as the case may actually be, on December 31 of such current year. An employer's payroll must be computed by calculating all wages, as defined in 39-71-123, that are paid by an employer.

Section 7. Section 39-71-2311, MCA, is amended to read:

"**39-71-2311. Intent and purpose of plan.** It is the intent and purpose of the state fund to allow employers the option to insure their liability for workers' compensation and occupational disease coverage with a mutual insurance fund. The state fund is required to insure any employer in this state requesting coverage, and it may not refuse coverage for an employer unless an assigned risk plan ~~is~~ established under 39-71-431 ~~and~~ is in effect. The state fund must be neither more nor less than self-supporting. Premium rates must be set *at least annually* at a level sufficient to ~~fund~~ *ensure the adequate funding of* the insurance program, including the costs of administration, benefits, and adequate reserves, *during and at the end of the period for which the rates will be in effect. In determining premium rates, the state fund shall make every effort to adequately predict future costs. When the costs of a factor influencing rates are unclear and difficult to predict, the state fund shall use a prediction calculated to be more than likely to cover those costs rather than less than likely to cover those costs. Unnecessary surpluses that are created by the imposition of premiums found to have been set higher than necessary because of a high estimate of the cost of a factor or factors may be refunded by the declaration of a dividend as provided in this part.* For the purpose of keeping the state fund solvent, it must implement variable pricing levels within individual rate classifications to reward an employer with a good safety record and penalize an employer with a poor safety record."

Section 8. Section 39-71-2313, MCA, is amended to read:

"**39-71-2313. State compensation mutual insurance fund created.** There is a state compensation mutual insurance fund known as the state fund that is a nonprofit, independent public corporation established for the purpose of allowing an option for employers to insure their liability for workers' compensation and occupational disease coverage under this chapter. ~~The state fund exists as a domestic mutual insurer as defined in 33-3-102.~~"

Section 9. Section 39-71-2314, MCA, is amended to read:

"**39-71-2314. State fund ~~a mutual insurance carrier~~ — *assigned risk plan.*** ~~(1) The state fund is a domestic mutual insurer controlled by the laws relating to the regulation of domestic mutual insurers in this state. However, the formation, incorporation, bylaws, and bonding requirements set forth in Title 33, chapter 3, do not apply to the state fund. The state fund is not a member insurer for the purposes of the insurance guaranty association established pursuant to Title 33, chapter 10, part 1.~~

~~(2) The commissioner of insurance may not terminate the operations of the state fund based on insolvency due to the unfunded liability that is recognized to exist on the date of passage of this part.~~

~~(3)~~*(1)* If an assigned risk plan is established and administered pursuant to 39-71-431, the state fund is subject to the premium tax liability for insurers as provided in 33-2-705 based on earned premium and paid on revenue from the previous fiscal year.

(2) The state fund is subject to laws that generally apply to state agencies, including but not limited to Title 2, chapters 2, 3, 4 (except as provided in 39-71-2316), and 6, and Title 5, chapter 13. The state fund is not exempt from a law that applies to state agencies unless that law specifically exempts the state fund by name and clearly states that it is exempt from that law."

Section 10. Section 39-71-2315, MCA, is amended to read:

"**39-71-2315. Management of state fund — powers and duties of the board.** (1) The management and control of the state fund is vested solely in the board.

(2) The board is vested with full power, authority, and jurisdiction over the state fund. The board may perform all acts necessary or convenient in the exercise of any power, authority, or jurisdiction over the state fund, either in the administration of the state fund or in connection with the insurance business to be carried on under the provisions of this part, as fully and completely as the governing body of a private mutual insurance carrier, in order to fulfill the objectives and intent of this part. *Bonds may not be issued by the board, the state fund, or the executive director.*"

Section 11. Section 39-71-2316, MCA, is amended to read:

"**39-71-2316. Powers of the state fund — rulemaking.** For the purposes of carrying out its functions, the state fund may:

(1) insure any employer for workers' compensation and occupational disease liability as the coverage is required by the laws of this state and, in connection with the coverage, provide employers' liability insurance. The state fund may charge a minimum yearly premium to cover its administrative costs for coverage of a small employer.

(2) sue and be sued;

(3) adopt, amend, and repeal rules relating to the conduct of its business;

(4) *except as provided in [section 21],* enter into contracts relating to the administration of the state fund, including claims management, servicing, and payment;

(5) collect and disburse money received;

(6) adopt classifications and charge premiums for the classifications so that the state fund will be neither more nor less than self-supporting. *Premium rates for classifications may only be adopted and changed using a process, a procedure, formulas, and factors set forth in rules adopted under Title 2, chapter 4, parts 2 through 4. After such rules have been adopted, the state fund need not follow the rulemaking provisions of Title 2, chapter 4, when changing classifications and premium rates. The contested case rights and provisions of Title 2, chapter 4, do not apply to an employer's classifica-*

tion or premium rate. The state fund must belong to the national council on compensation insurance and shall use the classifications of employment adopted by the national council and corresponding rates as a basis for setting its own rates.

(7) pay the amounts determined due under a policy of insurance issued by the state fund;

(8) hire personnel;

(9) declare dividends if there is an excess of assets over liabilities. However, dividends may not be paid until ~~the unfunded liability of the state fund is eliminated and~~ adequate actuarially determined reserves are ~~determined~~ *set aside. If those reserves have been set aside, money that can be declared as a dividend must be transferred to the account created by 39-71-2321 for claims for injuries resulting from accidents that occurred before July 1, 1990, and used for the purposes of that account. After all claims funded by that account have been paid, dividends may be declared and paid to insureds.*

(10) perform all functions and exercise all powers of a domestic mutual insurer that are necessary, appropriate, or convenient for the administration of the state fund."

Section 12. Section 39-71-2321, MCA, is amended to read:

"**39-71-2321. What to be deposited in state fund.** *(1)* All premiums, penalties, recoveries by subrogation, interest earned upon money belonging to the state fund, and securities acquired by or through use of money must be deposited in the state fund. *They must be separated into two accounts based upon whether they relate to claims for injuries resulting from accidents that occurred before July 1, 1990, or claims for injuries resulting from accidents that occur on or after that date.*

(2) The loan proceeds given to the state fund under [section 4] must be deposited in the account for claims for injuries resulting from accidents that occurred before July 1, 1990."

Section 13. Section 39-71-2323, MCA, is amended to read:

"**39-71-2323. Surplus in state fund — payment of dividends.** ~~If~~ *Subject to the provisions of 39-71-2316(9), if* at the end of any fiscal year there exists in the state fund *account created by 39-71-2321 for claims for injuries resulting from accidents that occur on or after July 1, 1990,* an excess of assets over liabilities, *including necessary reserves* and a reasonable surplus, ~~such liabilities to include necessary reserves, which~~ *and if the* excess may be ~~divided~~ *refunded* safely, then the state fund may declare a dividend. ~~in the manner as the~~ *The* rules of the state fund *must* prescribe *the manner of payment* to those employers who have paid premiums into the state fund in excess of liabilities chargeable to them in the fund for that year. In determining the amount or proportion of the balance to which the employer is entitled as dividends, the state fund shall give consideration to the prior paid premiums and accident experience of each individual employer during the dividend year."

Section 14. Section 39-71-2501, MCA, is amended to read:

"**39-71-2501. Definitions.** As used in this part, the following definitions apply:

(1) "Department" means the department of ~~labor and industry~~ *revenue* provided for in ~~2-15-1701~~ *2-15-1301*.

(2) "Employer" has the meaning set forth in 39-71-117.

(3) "Payroll" means the payroll of an employer for each of the calendar quarters ending March 31, June 30, September 30, and December 31, for all employments covered under 39-71-401.

(4) "State fund" means the state compensation mutual insurance fund.

(5) "Tax" means the workers' compensation payroll tax provided for in 39-71-2503.

(6) "Tax account" means the workers' compensation tax account created by 39-71-2504."

Section 15. Section 39-71-2502, MCA, is amended to read:

"**39-71-2502. Findings and purpose.** (1) Based on current liabilities and actuarial analysis, an unfunded liability presently exists in the state fund *with regard to claims for injuries resulting from accidents that occurred before July 1, 1990,* and ~~is projected to~~ *it may* increase. While legislative action is required to correct the causes of the unfunded liability, those actions will not provide sufficient funds to permit the state fund to pay its existing liabilities and obligations in a timely manner from premium and investment income available to the state fund. Therefore, it is necessary to provide a source of funding for the unfunded liability in addition to premium and investment income.

(2) The police power of the state extends to all great public needs. The state, in the exercise of its police power, has determined that it is greatly and immediately necessary to the public welfare to make workers' compensation insurance available to all employers through the state fund as the insurer of last resort. In making this insurance available, the state fund has incurred the unfunded liability described in subsection (1). The burden of this unfunded liability should not be borne solely by those employers who have insured with the state fund because the availability of insurance to all employers through the state fund has benefited all employers who have workers' compensation coverage. Therefore, all employers who have employments covered by the workers' compensation laws should share in the cost of the unfunded liability.

(3) The purpose of this part is to provide a supplemental source of financing for the unfunded liability."

Section 16. Section 39-71-2503, MCA, is amended to read:

"**39-71-2503. Workers' compensation payroll tax ~~— penalty~~.** (1) (a) There is imposed on each employer a workers' compensation payroll tax in an amount equal to ~~0.3%~~ *0.28%* of the employer's payroll in the preceding calendar quarter for all employments covered under 39-71-401, *except that if an employer is subject to 15-30-204(2), the tax is an amount equal to 0.28% of the employer's payroll in the preceding week.* This payroll tax must be used to reduce the unfunded liability in the state fund *incurred for claims for injuries resulting from accidents that occurred before July 1, 1990. The department must report past and projected future tax proceeds to the legislature, which shall consider the report and determine the tax rate necessary for repayment of loans with interest.*

~~(b) The tax is due and payable following the end of each calendar quarter, commencing with the quarter ending September 30, 1987.~~

~~(c) The tax must be paid to and collected by the department. The department shall prepare appropriate returns to be filed by each employer or insurer with the payment of the tax.~~

~~(d)~~*(b)* Each employer shall maintain the records the department requires concerning the employer's payroll. The records are subject to inspection by the department and its employees and agents during regular business hours.

~~(e) Taxes not paid when due bear interest at the rate of 1% a month. The employer shall also pay a penalty equal to 10% of the amount of the delinquent tax.~~

(2) All collections of the tax are appropriated to and must be deposited as received in the tax account. The tax is in addition to any other tax or fee assessed against employers subject to the tax.

(3) (a) On or before the 20th day of May, August, November, and February, each employer subject to the tax shall file a return in the form and containing the information required by the department and, except as provided in subsection (3)(b), pay the amount of tax required by this section to be paid on the employer's payroll for the preceding calendar quarter.

(b) An employer subject to 15-30-204(2) shall remit to the department a weekly payment with its weekly withholding tax payment in the amount required by subsection (1)(a).

(c) A tax payment required by subsection (1)(a) must be made with the return filed pursuant to 15-30-204. The department shall first credit a payment to the liability under 15-30-202 and credit any remainder to the workers' compensation tax account provided in 39-71-2504.

(4) An employer's officer or employee with the duty to collect, account for, and pay to the department the amounts due under this section who

willfully fails to pay an amount is liable to the state for the unpaid amount and any penalty and interest relating to that amount.

(5) Returns and remittances under subsection (3) and any information obtained by the department during an audit are subject to the provisions of 15-30-303, but the department may disclose the information to the department of labor and industry under circumstances and conditions that ensure the continued confidentiality of the information.

(6) The department of labor and industry and the state fund shall, on [the effective date of this act] or as soon after that date as possible, give the department a list of all employers having coverage under any plan administered or regulated by the department of labor and industry and the state fund. After the lists have been given to the department, the department of labor and industry and the state fund shall update the lists weekly. The department of labor and industry and the state fund shall provide the department with access to their computer data bases and paper files and records for the purpose of the department's administration of the tax imposed by this section.

~~(3)~~*(7)* ~~Sections 15-35-112 through 15-35-114, 15-35-121, and 15-35-122~~ *The provisions of Title 15, chapter 30, not in conflict with the provisions of this part* regarding *administration, remedies, enforcement, collections, hearings, interest,* deficiency assessments, credits for overpayment, statute of limitations, penalties, and department rulemaking authority apply to the tax, to employers, and to the department."

Section 17. Section 39-71-2504, MCA, is amended to read:

"**39-71-2504. Workers' compensation tax account.** (1) There is a workers' compensation tax account in the state special revenue fund. *The workers' compensation tax account consists of a tax account and a workers' compensation loan repayment account.*

(2) All collections of the tax, interest and penalties on the tax, and revenue appropriated to the *workers' compensation tax* account under section 11, Chapter 9, Special Laws of June 1989, must be deposited in the *workers' compensation tax* account. *All such money deposited in the workers' compensation tax account must be credited to the workers' compensation loan repayment account to the extent necessary to pay the principal of and interest due on workers' compensation loans issued under [section 4]. The balance in the workers' compensation loan repayment account must be credited to the tax account within the workers' compensation tax account* and ~~are~~ *is* statutorily appropriated, as provided in 17-7-502, to the ~~department~~ *state fund* to be used to reduce the unfunded liability in the state fund *incurred for claims for injuries resulting from accidents that occurred before July 1, 1990.*"

Section 18. **Coordination with Occupational Disease Act of Montana.** For purposes of [this act] and the administration of Title 39, chapter 72, a reference in [this act] to an injury resulting from an accident or to a claim for an injury resulting from an accident includes a disablement as defined in 39-72-102(4).

Section 19. **Transfer of accounts receivable.** The department of revenue is not responsible for the collection of an account receivable it takes over from the department of labor and industry on [the effective date of this section] if the account is more than 720 days past due or is an account of an employer that is no longer in business. Such accounts must be transferred to the state auditor for collection.

Section 20. **Settlement of fixed benefit claims that arose prior to July 1, 1990.** (1) If funds are available, the state fund may offer a negotiated claim settlement to each person who has a claim that arose before July 1, 1990, for which the state fund has accepted liability, other than liability for medical benefits, and has fixed benefits. Each settlement offer must contain a provision granting the state fund a full and unconditional release of liability, other than liability for medical benefits, in exchange for accepting the negotiated claim settlement. The claimant shall accept a negotiated claim settlement in writing before November 1, 1990, or the settlement offer is void. The negotiated claim settlement may be paid in a fixed amount without any justification by the claimant.

(2) If the negotiated claim settlement offer made pursuant to subsection (1) is not accepted, the lump-sum law in effect on the date of the injury applies.

Section 21. **Request for proposals for claim settlement.** The state fund may prepare a request for proposals for contracting with private claims adjusters for settling the claims of persons whose benefits have not been determined under a claim that arose before July 1, 1990. The request for proposals may be based upon a dollar amount of unsettled claims or upon a percentage of claims for which benefits have not been determined. The state fund may not enter into a contract based upon a proposal until it has reported the results of the proposals to the 52nd legislature and has received legislative authorization to enter into a contract based upon a proposal.

Section 22. Section 33-1-102, MCA, is amended to read:

"**33-1-102. Compliance required — exceptions — health service corporations — health maintenance organizations — governmental insurance programs.** (1) No person shall transact a business of insurance in Montana or relative to a subject resident, located, or to be performed in Montana without complying with the applicable provisions of this code.

Section 25. **Appropriation.** There is appropriated $124,131 from the general fund to the department of revenue for the fiscal year beginning July 1, 1990, to be used to convert state fund and department of labor and industry data relating to the collection of the employer's payroll tax and to prepare a system for the collection of the tax by the department of revenue.

If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 28. **Codification instruction.** [Sections 1, 2, 4, and 5] are intended to be codified as an integral part of Title 39, chapter 71, part 23, and the provisions of Title 39, chapter 71, part 23, apply to [sections 1, 2, 4, and 5].
